by STUART R. PADDOCK

We have a new cause to admire the initiative of Rolling Meadows. That city is organizing its area into wards which will insure council representation by all sections of the city.

**Some day we presume the village of Arlington Heights will have grown sufficiently to likewise establish wards and operate a city form of government.**

At present 5 of the 6 aldermen reside north of the tracks and only 1 on the south side, which does not give equal representation on the city council.

•

We understand that Arlington Crest and the former Reskin development are knocking on the door of Palatine. The area is now served by the Palatine post office and elementary and high schools and a site for a Palatine junior high school has been purchased in that area by Palatine Community school district 15.

**Arlington Heights now has 6 public schools within corporate limits. We doubt if it really cares about annexing the Palatine junior high school.**

•

We are rather flabbergasted over some of the names which are on the referendum petition that forces Palatine to delay the water improvement on which there has been a lot of study and for which contracts have been let.

Unfortunately a "no" vote will kill the project that is so badly needed.

**On the possibility that the ordinance is defeated, how about giving the voter at that election the opportunity to express on a straw ballot his desire on future action to insure an adequate water supply.**

•

Political activity in the forthcoming township and village elections started this week in both Palatine and Arlington Heights. A Palatine township ticket was filed Monday, the first day permitted under the law.

A panel of 12 persons was named at an Arlington Heights mass meeting Monday night to select candidates for Arlington Heights village board.

**The selection of the village candidates has a special significance as under the Arlington Heights manager form of government, the offices of village clerk and mayor have been relegated to minor importance.**

•

This is the big election year and the voters relish the opportunity to have a part in the selection of the candidates who will for the next 4 years also be candidates for complaints by the people who select them.

**As a local attorney told us this week, "Democracy does not come cheap, but the public has a glorious time participating in it."**

•

It is with mixed feelings that we learn of the possibility of a new increase in sales tax by the present legislature. We suppose the excuse will be the need of schools.

**None can deny that need, but that tax increase will not set well with the housewife. We prefer an increase in the state automobile registration law as opposed to additional sales tax.**

The villages who are now participating in the half cent share of the sales tax, consider those additional funds as gravy and using that money to buy extras. They will not willingly give up the gravy even to help the schools.

•

As if the increased cost of the paper was not enough to worry over, we received word this week from the Canadian mill which supplies us that shipments are being held up by the strike on the Canadian National Railway.

**The new price of $135 a ton is the 14th raise since 1944 when the ton price was $41, and Paddock Publications use from 8 to 10 tons a week.**

•

Several years ago we reported the death of a man when he was alive. The next week we published a correction which was wrong because he really did die the day the apology was printed.

This week we came near having a similar case. As we go to press we receive the report that a Palatine businessman is dead. Investigating, a reporter found him drinking coffee although the rumor is still being circulated.

•

When some of the local officials do not agree with us, we should not become excited because Gov. Stratton and the state highway department ignore our pleas for them to recognize the Palatine Master Plan.

We realize that route 53 will become a major highway with the construction of the Northwest toll road and the need to make it 4 lanes, but it flattens our ego when the state pays no attention to our news stories and editorials on the subject.

**Recognition of the master plan would detour 53 around the village of Palatine. We have no political influence. Will the politicians please get busy?**

# Form Caucus To Name Slate Of Candidates

## Pledge Active Support

A caucus committee was formed Monday to select and support a single slate of candidates for election to Arlington Heights village offices in April.

Some 75 residents attended a meeting at North school.

* * *

**THEY VOTED** overwhelmingly to 1) choose a single candidate for each vacant office rather than endorse a large number of "qualified" candidates, and 2) actively work for the election of the slate rather than merely present their choices to the voters.

**Both decisions came after prolonged and often heated discussion.**

A candidate selection committee of 13 will seek candidates before January 24. This committee will interview candidates and recommend at least 2 persons for each office. At a public "town meeting" February 4, to which all villagers will be asked, those in attendance will vote by secret ballot for a single slate.

* * *

**ANYONE WISHING** to campaign on the caucus platform may submit his name to the selection committee at any time, including the February 4 meeting.

**Elected chairman of the selection committee was John Randag, 623 N. Highland, a veteran of the local political scene. Frank N. Palmatier, 416 W. Willow, who presided at the Monday meeting, will also chair the February meeting.**

Members of the selection committee are:

1st precinct — B. H. Robinson, 201 S. Walnut; Mrs. C. Byron Crain, 835 S. Mitchell; alternate, Floyd O. Terbell, 402 W. Kirchoff.

2nd precinct — Walter Reider, and Stephan Stein, 1518 W. Fremont.

3rd precinct — Robert W. Phillips, 538 S. Pine and Thomas J. Sheahan, 825 S. Dunton.

4th precinct — Frank E. Cowan, 715 N. Highland and Lester N. Ploetz, 1004 N. Mitchell.

5th precinct — Mrs. Guy Davis, 408 N. Evergreen and Victor H. Beisler, 501 N. State.

As there were only several representing the sixth precinct in the northeastern corner of the village, 2 members for the area will be picked later.

All nominees must pledge support of a statement of purposes adopted at the meeting.

* * *

**EDMUND J.** O'Brien, 629 W. Campbell, spoke against selection of a single slate. "If we do, we'll wind up as a political organization," he declared. "Four years ago a non-partisan group tried to do what we're doing but the group degenerated into a clique, picked only 1 man to run for each office and all its candidates lost.

"I suspect the voters won't be dictated to," warned O'Brien.

**O'Brien's motion to find "all qualified candidates" and endorse but not campaign for them was ruled out of order by Palmatier as not germane to the business at hand. However, the 2 points were later voted on separately, O'Brien's motion in effect losing.**

Lester Ploetz expressed the idea of a majority when he urged:

"If it is worthwhile to contact and screen dozens of people, then we ought to be prepared to support our final selections, whether we become known as a political party or not."

* * *

**AT THE START** of the 3-hour session, Prof. B. Posey of Northwestern university outlined the history of the council-manager form of government. He compared it to the organization of a corporation — in both an administrative head is responsible directly to an elected board.

**"Under the manager plan you don't have 'buck-passing' from one official to another, as in the mayor-council form," Posey asserted.**

**THESE PICTURES** show at a glance what the current parking lot controversy on the near north side of Arlington Heights is all about. Residents of the neighborhood want to preserve its residential character.. They are against the sale of the William F. Meyer home at 407 N. Dunton, which the Illinois Bell Telephone co. proposes to raze to make way for an employee parking lot. Employees at the telephone office have difficulty finding parking space on the area's narrow streets. Some of their autos are shown bumper to bumper on St. James st. just west of the Meyer home. Details are given in an accompanying story.

# *Fresh Fuss Over Phone Lot*

Two late developments have rekindled a controversy centered around a proposal that would permit razing of a home on the near north side of Arlington Heights for a parking lot.

* * *

**THE DEVELOPMENTS:**

1) Introduction of a zoning code amendment in the village board that would allow use of the lot on the northeast corner of Dunton and St. James sts. for parking without a rezoning;

2) Organization of a north side property owners' group to combat the parking lot plan. The group will meet at the home of James E. Lake, 412 N. Evergreen, at 5 p.m., Sunday to elect officers.

**MEANWHILE, THE** secretary of the home owners association, Guy Davis, 408 N. Evergreen, issued a statement challenging the parking scheme. In his letter Davis blamed Illinois Bell Telephone co. (the firm attempting to obtain parking space) for its present "predicament."

**Davis also claimed the utility has not "thoroughly explored" possibilities of purchasing other north side properties, though a real estate agent had testified to the opposite at a previous zoning hearing. (The village zoning board of appeals turned down a plea for a zoning variation at a December hearing, later stating no hardship was shown by the owner.)**

Referring to the rejection, Davis said "the action of the village board in urging the telephone company to find ways of circumventing the decision is highly questionable. . . ."

* * *

**HOME OWNERS** "recognizes that changes are inevitable . . . but they are determined that changes be made in a controlled and equitable manner," added the letter to the press. (Another letter from a property owner is reprinted in The Fence Post.)

**The utility has an option to buy the home of William F. Meyer Jr., village treasurer, at 407 N. Dunton.**

* * *

**THE AMENDMENT** to the zoning code came up at last Wednesday's board session. The amendment, and others introduced with it, cannot be acted upon until a public hearing on them is held.

**Parking would be permitted on residential property which is within 300 feet of property zoned for business or multiple dwellings under the amendment. There is commercial zoning within 300 feet of the Meyer residence.**

Under the 1927 zoning ordinance still in effect, off-street parking is limited to business areas. A complete revision of the 1927 law is now being fashioned by the zoning commission. However, the revised code will not be ready for public hearings for several months, according to Hugo Thal, village attorney.

* * *

**THAL SAID** he had been asked to present the zoning amendment, plus several other changes in the outmoded code, now rather than when the full revision is completed.

Changes proposed have already been approved by the zoning commission for inclusion in the new code, added Thal. Among other amendments Thal mentioned are provisions for the zoning board to pass on appeals from decisions of village administrative officials and reconstruction of nonconforming buildings destroyed by fire.

# *Bronwell Election Edict: 'I Do Not Choose To Run'*

Trustee Richard L. Bronwell Monday announced he will not seek reelection to the Arlington Heights village board in the April elections.

In a statement to the press, Bronwell explained: "I wish to spend all possibe time in the coming years on my business and with my family.

* * *

**HE HEADS** Bronwell International, 11 N. State rd., an export firm.

Bronwell, chairman of the sewer committee, has in the past year often taken exception to policies of the current board and gotten into several wrangles with Mayor Goedke.

**One of the main sources of differences has been Bronwell's insistence on a strict interpretation of the subdivision code. He figured prominenty in the unsuccessful attempt by the village to defeat a referendum annexing Arlington to the Metropolitan Sanitary district of Chicago.**

* * *

**HIS STATEMENT** continued: "During the past 4 years, notwithstanding opposition, there has been a foundation laid for more efficient government for Arlington Heights. It is up to the voters to see that a good village president and good trustees are elected this April to insure full and proper use of the foundation laid.

"I wish to take this opportunity to thank the people of Arlington Heights for letting me serve them. I have tried to merit the trust placed in me by working for good, honest government while in office."

## *Inhalator Called To Revive Woman*

Eizabeth Borg, 130 Warren st., Arlington Crest, is in Resurrection hospital suffering from a stroke. Palatine inhalator squad was called to her home January 2, 6:15 p.m.

* * *

**THEY FOUND** Mrs. Borg lying on the living room floor and immediately gave her oxygen. Later she was moved to a bed and Dr. Robert Kloempken, Arlington Heights was called to attend her.

**POLIO FIGHTERS** in Arlington Heights, members of the Women's club, are busy gathering funds for the March of Dimes this month. Pictured are (standing) Mrs. H. F. Layson, Mrs. John Haslam, Mrs. Robert Schulthesis, Mrs. Jack Keller, and Mrs. Richard C. Blaisdell, (drive chairman; (seated) Mrs. Don Mollenkamp, Mrs. Clifford Nelson, Mrs. Ray Allen, Mrs. Douglas Bewley, and Mrs. Vernon Delke. Not pictured are Mrs. Ruth Beisler, Mrs. George Cole, Mrs. Currier, and Mrs. Dorothy Nastos.

# Woman's Club Sponsors Local Appeal For March Of Dimes

The March of Dimes, now in its first week of campaigning for polio fighting funds, seeks to finish the job in 1957 in its battle against the crippling disease.

Directing the fund appeal in Arlington Heights is Mrs. Richard C. Blaisdell, 638 S. Newbury, assisted by members of the Woman's club which has sponsored the drive for several years.

* * *

**THE CAMPAIGN** was launched January 2 with the mailing of dime cards to all homes in the village. A drive in 11 public and parochial schools started Monday under the leadership of Mrs. Jack Keller, 308 N. Haddow. Each pupil will be asked to fill his card with 6 dimes and return it by January 18.

A high school campaign will be conducted from January 11 to 18.

Posters and containers are being placed in stores by Mrs. George F. Nuernberger, 740 N. Beverly, and Mrs. W. W. Holloway, 1004 Oakton.

**Chief of Police Carl H. Skoog will have containers placed in Arlington Heights taverns and bowling alleys.**

**Climaxing the drive on Thursday, Jaunary 31 will be the annual Mother's March on Polio. Chairman will be Mrs. Wesley D. Kasel, 542 S. Pine, and Mrs. Barney V. Erickson is treasurer.**

* * *

**THE MARCH OF DIMES** supports basic medical research and professional education. It encourages preventive measures, such as vaccination.

Most dramatic and appealing of all, it offers a chance to relieve polio victims of the financial burden of medical care. Anyone stricken by polio may seek financial help from the March of Dimes as a gift, not a loan. In 1956, more than 800 new polio patients asked for direct financial help.

**The need for polio experts, doctors, nurses, physical and occupational therapists, medical social workers .... has always been far ahead of the supply. The unique professional education program supported by the March of Dimes is the largest undertaking of any voluntary health organization in America, and its aim is to enlarge the pool of skill and knowledge in polio care.**

In 1938, because of the lack of trained personnel, only 300 hospitals in the United States would admit polio patients in the acute stage. Today, as a result of March of Dimes supported training, polio patients are admitted to 2,000 hosiptals.

## *New Sales High*

**Paddock Publications newsstand sales set a new high for the first week of the year, normally a low mark of the year.**

**Total sale of the 10 Paddock Publications at 70 newsstands was 10,118. This was in addition to the 13,000-plus who regularly receive the paper by mail.**

# Bowlers Set For Tourneys

Bowlers on the top teams from leagues within Paddockland are flexing their fingers in readiness for the Paddock Publications bowling tourneys.

**The sixth annual men's tournament is Sunday at Gunnell's lanes, Mount Prospect, and the fourth annual women's tourney is January 20 at the Mount Prospect lanes.**

Competing for more than $150 first place money will be 64 teams representing 3,460 men's league bowlers. Thirty teams will represent 940 womens' league bowlers.

# *Suburbanites Open Warm Hearts To Aid Hospital*

The warm heart of northwest area residents and their deep sense of civic responsibility was reflected from varied and unexpected directions as the committee chairmen of the Northwest Community Hospital fund drive met for their report session Monday night.

Typical was a report from Earl Riley, chairman of the Arlington Heights residential drive, who told of 2 13-year-old girls who came to his door one evening recently to turn over to him their earnings as baby sitters for the past 6 weeks.

**THEY GAVE** Mr. Riley an envelope containing $12 and asked him to add it to the hospital fund.

**The young ladies were Sandra Shaw, 725 S. Mitchell, and Catherine Tribbey, 721 S. Mitchell.**

The story of employees of the Arlington Packing company, making an unusual contribution to the hospital drive for the second time in a matter of weeks, was another highlight of the meeting.

At Christmas time they passed up their usual holiday party and gave the funds they had collected to the hospital campaign.

**Just recently they turned over to N. M. Lattof, chairman of the fund drive, a check for another $225. They told Lattof that they had decided to have each worker at the plant donate one day's pay toward the support of the new hopsital center.**

**THE PACKING** company workers who contributed include Carl L. Groebner, Thomas Phalg, William Hofelich, Robert Winkler, John J. Bakalar, Lucien Weiler, Edward Schleiter, Luella Linde, and Charles Wassmer.

From a parents' group in Prospect Heights came a special hospital donation of $132.

During the last school year when the high school was on split sessions, a number of parents worked out a special dance-instruction program for young people of freshman and sophomore age groups to take the place of school activities which had to be dropped because of the split session. Their project was very successful, and they collected more than enough money from participating families to cover their expenses.

**The parents, headed by Mrs. Jack Reinsma, 103 Hillside, Prospect Heights, voted to contribute the entire amount of the proceeds to the Northwest Community Hospital Center.**

One of the most unusual of the special donations reported was one for $7 from children of the Sherwood section of Arlington Heights. These youngsters had gone caroi singing during the Christmas season.

(Continued on next page)

**PRESENTING THE KEYS** to a 1957 Ford Custom "300" sedan given away by the Heart of Arlington Heights council is Dan Senne, chairman. The winner, Lynn Laverty, 17, of 611 E. Grove, Arlington Heights, was in Florida at the time of the drawing Christmas Eve and wired council members: "Wow! What a Christmas present!" The high school senior will sell the car to help pay for her college education. In the background are Mr. and Mrs. W. M. Laverty and daughter, Ray Landmeier, Carl Ewert, Barney Erickson, Louis Stephanik, Arthur Mueller, and Mathilda Mensching.

and residents had given them money as token of their appreciation for the singing. The children decided to turn over to the hospital fund the $7 which they received.

* * *

**THE STAUNCH** support being given the hospital center by the various civic groups in the northwest area to be served by the hospital was evidenced again by the report of a contribution of $150 from the Arlington Heights Junior Woman's club.

**Other important pledges reported Monday night included the following: $2,500 from the Quaker Oats company, Barrington, and $3,000 from the Consumers co., of Arlington Heights.**

Area chairmen attending the meeting reported a renewing enthusiasm among workers following the -ll brought about by the holidays.

**Lattof reemphasized to chairmen the importance of completing all calls immediately and urged them to work toward maximum contributions as a means of assuring a debt-free hospital able to minister to the needs of the population at the earliest possible date.**

Lattof announced the next finance drive report meeting for Thursday, January 17. (AF

GEORGE HARRIS

Well, as I said last week, "Ole' man 1956 done went the way of all flesh", so what do we do now, coach, punt? We do know this much — we are going to keep striving to bring to people of this community — THE BEST VALUES — THE BEST SERVICE and THE BEST PRICES. Competition is keen, and we love it; competition is the one thing that keeps us on our toes and makes us get out and hustle. So hold your hats, kids, as we are really going to be alert during 1957.

We constantly keep abreast of the times in medicine and the newer drugs so we may better serve the doctors of this area — and by doing that — we will serve you better. The years come and go, but the same amount of "aches and pains" seems to stay around. Each and every year brings some new discovery that will alleviate a lot of suffering, and we are happy that we can do our part by dispensing these long awaited remedies.

Yes, the back-bone of any drug store — is its prescription counter. My father before me built his reputation by giving a lot of time and effort to the compounding of prescriptions; we are going to continue to do the same. Please don't forget — we will deliver your prescriptions FREE — Be seein' ya'.

# Northwest Bug District Budget At $100,000

It will probably cost about $10,000 to operate the recently-created Northwest Mosquito Abatement District, according to the district's first annual report, issued Thursday.

While the maximum tax for the district will be 25 cents per $1,000 assessed vauation, officials estimate a 1957 budget of $100,000 for its operation in the townships of Wheeling, Palatine, Barrington, Hanover, Schaumburg, Elk Grove, most of Maine and a small area in the northwest corner of Northfield township. The total area is about 235 miles.

* * *

**REFERENDUM**, creating the district was passed last April by a vote of 14,107 to 2,719 with more than a thousand spoiled ballots. The district was officially formed by court order April 20.

Charles E. Zanzie of Palatine, district president, in a statement urging creation of the district, said that all residential areas, whether incorporated or not, would be regularly sprayed. He added:

"On a house assessed at $10,000, which is a high assesment, the tax rate at the most would be $2.50 a year."

* * *

**THE DISTRICT** reported the appointment of Wilbur Mitchell, formerly techical director of the Freeport mosquito district. He is presently making surveys and mapping the district for this summer's abatement program, the report added.

Mosquito control this summer is expected to be handled by 4 mist blowers, mounted on 4-wheel drive 1 ton trucks, the report said. This equipment may be used for night and day operations to minimize the cost of equipment and conserving a maximum amount of labor and spray materials during the first summer of operation. (B7

# Fire Underwriters Revise Model Prevention Code

The National Board of Fire Underwriters has announced publication of its newly-revised model fire prevention code.

Safety engineers and fire protection authorities have declared it to be one of the most important codes a city can adopt. They point out that it provides the necessary safeguards a community must take to protect life and property from the hazards of flammable and explosive substances and the many occupancy hazards found in every modern community.

* * *

**FOR INSTANCE,** the code provides for safeguards against fire hazards and explosion from storage, handling and use of flammable liquids and gases, hazardous chemicals and explosives, plastics, dusts and fumigants.

**It provides as well for safeguards against conditions hazardous to life and property in the use or occupancy of buildings or premises, such as garages, bowling alleys, junk yards and places of assembly.**

The National board pointed out that municipal fire departments are in a position to render further valuable service to their community in fire prevention activities, but to be effective in this activity they need the backing of a suitable fire prevention code.

**THE NATIONAL** Board of Fire Underwriters, a nationwide service, engineering and educational organization of capital stock fire insurance companies, has long pioneered in the development of model codes. In 1895 it published the first nationally recommended electric code, known now as the National Electrical Code. In 1905 it published the first model building code, and in 1930 the first model fire prevention code.

Every city which does not have a comprehensive, up-to-date fire prevention code has been urged to adopt this new one.

* * *

**COPIES OF** the new fire prevention code may be obtained free by persons having an interest in the code as well as by committees considering local codes.

**Copies will be supplied on request to the National board at 222 W. Adams st., Chicago 6, Ill.**

The board furnishes a reasonable number of free copies to any municipality adopting the code and supplies additional copies in such quantity as may be desired at a price less than cost of publication. (B7

# Belgian Congo Appointee Talks At Baptist Church

Rev. Phillip Claar, missionary appointee to the Belgian Congo, was guest speaker at the 7 p.m. service of the First Baptist Church of Arlington Heights Sunday, Jan. 6.

Serving the Conservative Baptist Foreign Mission association, and partially supported by First Baptist of Arlington Heights, Rev. Claar will eave, with his family, in late winter for a year of study in Belgium. This final year of education will be followed by his duties in the strategic ministry of Christian literature in the African mission field. He holds a bachelor's degree in advertising and related subjects, and graduate degree from Wheaton college where he studied business administration and the ministry.

"Communism knows, too, that the pen is mightier than the sword and that the typewriter is mightier than the machine gun." said Rev. Claar. "Therefore, wouldn't we be fools to overlook the printed page as a powerful tool in evangelism?" He continued by stating that with education and the strategic use of Christian literature we work against time to save many parts of the world from succumbing to spiritual darkness and economic destruction. "There is a race between the allurements of Christianity and Communism," he concluded, "and literature from the printing shop is used to increase the efficiency of the missionary program."

Mrs. Claar is a registered nurse who will serve and teach in the hospital where her husband's station is located. Their son, David ,will accompany them.

**Home To Meet New Son**

When Aircraft Electrician's Mate 3/c Budd Meisenheimer came home from overseas December 20 he met a new member of his family — young John Harold. John was born December 14 in Sherman hospital, weighing in at 4 pounds 13 ounces. Mr. Meisenheimer will be able to stay home and get acquainted with his son until the 13th, when he will report for duty at Alameda, Cal. He expects to be discharged in October. Mrs. Meisenheimer is the daughter of the John J. Burkes and has been making her home with them while her husband was overseas.

Friends and neighbors of the Adolph Danes were saddened recently to learn of the death of Mrs. Danes' mother, Mrs. Mary Martin, who lived in Chicago. She died December 29 and was buried January 2. The Harvard ave. folks were a wonderful help to the Danes family, for which they are grateful. One of the many things done, which meant so much to Mrs. Danes, was the masses her neighbors offered for her mother.

**Spend Holidays With Kinfolk**

The Casey Gordons spent Christmas in Kansas City and Grandview, Mo., visiting friends and relations. They hadn't spent Christmas there for 3 years, so this time they made up for it by staying 10 days. Florence says that getting together with that many kinfolks is like old home week.

Joan Hahn is back home after being in the hospital for a few days. She says her family looked mighty good to her and she isn't planning on going back to any hospital for a long time.

Mr. and Mrs. Warren Holmes are delighted that her parents, Dr. and Mrs. .H. L. Boman, are now living in Arlington Heights. The Bomans moved here from Edgebrook in Chicago. Her brother, Robert Boman, brought his family here recently from Minnesota to see their parents' new home and of course the Holmes were able to have a nice visit with them too.

The John J. Lightners took their family to Maplewood, N. J. to spend Christmas with his parents the senior John Lightners. It was the first Christmas they had spent with his family since they married and with all the brothers, sisters and children they made quite a full house. They were able to stay until New Year's eve.

**Entertain Family**

Mr. and Mrs. Glenn Rubenking entertained her family, Mr. and Mrs. L. D. Kindred from Beason, Ill., over the holidays. Also Mrs. John Ruben and Vernon from Beason and Mr. and Mrs. Charles Nicholson and their 3 daughters from Ridgeway. It was the first year they had been here. New Year's eve they invited the Joseph Barthells of Chicago, the Louis Knobes of Palatine and the Martin Petersons of Chicago to celebrate with them. The 4 couples hadn't been together for 3 years, which made the party quite an event.

The Frank Widbins recently returned from a holiday vacation in Oneida, Ill., and St. Louis, Mo. visiting relatives. Two-year-old Mark Widbin enjoyed himself to the fullest this year, and so did his family, just watching him.

**Endeared Himself To Many**

The Kaspar ave. folks in the 900 and 1000 block are still talking about the wonderful custom one of their neighbors started about 3 years ago. Frank Vesecky dresses up as Santa Claus just before Christmas and goes to all the houses in his block where there are children. He has a gift for each one, and many times a lot of preparation has gone into it. If the child is away, he makes a mental note of it, and when the child comes back, he receives his gift. Not only has Mr. Vesecky delighted the children, but he certainly has endeared himself to their parents and to many Arlington Heighters who don't even benefit by his kindness.

When Chris Gleason picked up the telephone last Thursday she never expected to hear her brother's voice, especially from the Waukegan airport. R. D. Barnett had flown in on a private plane with a friend of his from Lubbock, Texas. He was able to stay with the Gleasons until Saturday morning, when his friend had to fly back to Texas. Kenny and Greg were especially excited about seeing the plane close up. In fact, they even went inside and Greg was able to take some pictures of it with his new camera. No doubt the boys are quite impressed with the way these Texans do things — they get an invitation for a plane ride to Chicago and armed with a toothbrush arrive 6½ hours later.

**Newcomers To Kennicott ave.**

Newcomers to Arlington Heights are Mr. and Mrs. Bill Thrasher and their children, Larry, 14, Barry, 10, Dennis, 8, Nadine, 3, and Mary Kathleen, 4 months. They have moved to a new home at 919 Kennicott ave. from Chicago. Mrs. Thrasher's mother, Mrs. J. Tortorici, is making her home with them.

The holidays are really over for the Richard Platts. Jeff went back to school last Thursday, after having been ill at home for several weeks. The whole family is happy that Jeff is back in the old routine again. The day before school started Karen had several of her friends in for a birthday party. She was 7 years old and those helping her celebrate were Bobby Ekstrand, Nancy Crawford, Debbie Splitt, Michael Smeltzer, Beverly King, Tommy Stevens, Linda Wheeler, Donna Braunsreuter and Kathy Gordon. While the children were arriving they played show and tell with the favorite Christmas presents they received. Instead of musical chairs, they played musical squares, by drawing squares on the basement floor and erasing one each time the music stopped. Everyone had a grand time. Sunday the Platts had their family for supper to extend Karen's birthday celebration a bit longer.

**Friendly Neighbors**

Arlington Heights is growing more and more famous for its friendly neighbors and what happened to the Richard Stevens is a good example. One morning, shortly after they had returned from spending the holidays in the east with their family, 5-year-old Tommy woke up and smelled smoke. He quickly wakened his parents and, with the help of neighbors, they were able to put out the fire that had started in the corner of their living room. The fire department arrived shortly afterward and took over the job that Mr. Stevens and his neighbors so capably handled. Incidently, a vote of thanks to the fire department for the careful manner in which they cleaned up afterward. Mrs. Stevens says there was no damage or breakage. All their neighbors were around to help them. At present, they are living with the Robert Haddens until they can get back in their own home.

The E. C. Piepenbrinks have sold their home on Kasper ave. and are moving to 303 N. Pine this month. They will have a larger home near the library and the park, and come summer, Mrs. Piepenbrink doesn't even expect to see her children, except at meal time. They will probably make their home at the park. (A

**Donation**

A wonderful boost to the fund for equipment for the Wilson Community Kindergarten association came in the form of a donation of $50 from the Virginia Terrace association. The large group of people who have concentrated their efforts on establishing a kindergarten for the school district wish to express their appreciation to the directors of the VTIA for the generous donation, as it will make it possible to provide the kindergarten with much needed equipment.

**New Year's Celebrations**

Gathering friends and neighbors together for a party at home was the type of New Year's eve celebration most popular in Virginia Terrace. Among those invited to a party given by LaRue and Andy Reed, 1328 N. Yale, were Frank and Shirley Pircher, Adelaide and John Fairfield, Doria and Ken Moser, Nancy and Jack Dalton, Charlene and Les Bang, Camille and Tony Incavo and Josephine and Larry Lampasona. Other guests included LaRue's parents, Mr. and Mrs. W. G. Simpson of Huntsville, Ala., who were here for the holidays, and Betty and Ken Anderson and Russell and Ella Olson of Libertyville.

Another gathering at 1252 N. Yale, the home of Dorris and John Gabel, included Taft and Hazel Lowell, Dave and Marlene Pendleton and John's sister, Jo Gabel, with her escort, Jim Langhoff.

Charades provided part of the evening's entertainment at Bill and Evie Nightengale's party for Kathy and Bill Gunnison, Betty and Kelly Forsberg and Harry and Eleanor Altman.

Don and Kay Jacobsen, 1210 W. Race, has as their overnight guests for New Year's Mr. and Mrs. Frank Haas and daughter, Rita, of Whiting, Ind. and Mr. and Mrs. Ed Schultz and their sons, Gary and Don, of Homewood.

Lee and Shirley Russell, 1401 N. Chicago, had as their New Year's eve guests Mr. and Mrs. Ross Workman of Des Plaines and the Larry O'Keefes of the Terrace.

A spaghetti supper was one of the highlights of the evening at the home of Gordon and Helen McCoy, 1444 N. Yale. The McCoy's guests included Bunny and Bill Reinhardt and Olive and Bill Balow from Virginia Terrace and Dr. and Mrs. Bart Heffernan, Mr. and Mrs. Phillip Kirkham, Miss Anna Marie Barlow and Miss June Magner from the Chicago area. Here from San Francisco for the holidays were Dr. and Mrs. Garth Tagge, Gordon's sister and her husband.

Gerry and Ken Williams entertained Bill and Barbara Casteel and Bud and Mary Klint at their home before the 3 couples left to attend the annual New Year's eve party at the VFW.

Lorraine and Rolf Jensen had as their guests for cocktails New Year's eve Scotty and Shirlee Scott, Gerry and Marg Kirby, Don and Nancy Raymond and Jack and Nancy Griffith before the group attended a party given by Mary and Johnny Johnson, 814 Princeton.

A novel holiday party for several mothers and their children was given by Olive Balow. There were grab bag gifts for those who attended. Included in the group were Bunny Reinhardt, Nancy Vodick, Helen McCoy and Nancy Vodick, Helen McCoy and their children.

**Home For Holidays**

Among the Terrace residents who went home for Christmas were Wally and Louise Gordon, who visited Louise's mother, Mrs. Vermont Folet, in Laredo, Mo. Jerry and George Hnatt spent part of the holidays with George's family, Mr. and Mrs. Paul Hnatt in Youngstown, Ohio.

Val Bickley and her son and daughter, Skipper and Lisa, enjoyed a 3-week holiday visit with Val's parents, Mr. and Mrs. James Bleinert in Forest Hills, L. I. John Bickley joined his family Christmas eve in time for a family reunion at the Bleinert's and a 2-week share in the holiday festivities.

**Twins Baptized**

Martha Ann and Margaret Louise Trowe, twin daughters of Herb and Hal Trowe, 1240 W. Chicago, were baptized December 30 in the First Methodist church. Following the service the Trowes had as their dinner guests the girl's maternal grandmother, Mrs. Myrtle Sorsen of grandparents, Mr. and Mrs. H. R. of Rockford. Also included in the group was the babies' great grandmother, Mrs. Margaret Clemensen of Chicago, and their great aunt, Mrs. Amanda Swanlund of Mt. Prospect. Other guests included Martha and Margaret's godfather, Richard Sorensen of the air force, who is home on leave from Paris, Mr. and Mrs. Bob Nelson, Mr. and Mrs. Harry Anderson, Mr. and Mrs. James Sorensen, Mr. and Mrs. Earl Williams. Guests from Virginia Terrace were Mr. and Mrs. Al Perry, Mr. and Mrs. Arnold Silver, Mrs. L. B. Wolf, Mr. and Mrs. Gordon Riefstahl, Mr. and Mrs. Charles Catlin and Mr. and Mrs. Bud Johnston.

**Moving**

Elaine and Leslie Frick and their sons, Guy and Thad, moved from their home, 1411 W. Clarendon, to Riverside January 7. While in Virginia Terrace the Fricks contributed to the community by Leslie's participation as a member of the interim committee, which met to set up the by-laws of the Virginia Terrace Improvement association. Both Elaine and Leslie were active in the organization of the Wilson Community Kindergarten association, they will be missed by the many friends they made here.

**Deadline For Kindergarten Applications**

Parents of 5 year olds in the Wilson school district are reminded that applications for enrollment in the February kindergarten class at Wilson must be returned to Mrs. Burt Hammon by January 15. If anyone did not receive an application blank he may obtain one from Mrs. Hammon or from Mrs. Robert Zabel, 1409 N. Race. (A

# Evening School Opens Its New Term January 28

The Spring term of Arlington high school adult evening division classes is scheduled to begin on January 28, with the library of the school open for registrations from 7 to 9 p.m. on January 21, 22 and 23. Mail registrations are being accepted currently.

The 65 classes include every type of interest, from recreational and hobby courses to a university graduate credit class.

A landscape gardening course, long a favorite in the night school, has a "new face" for the Spring term. The new course is offered in cooperation with the Chicago Horticultural society and includes lectures, colored slides, and field trips in the 10 sessions.

* * *

**AMONG THE** experts who will conduct the sessions are Harold Klopp, landscape architect, Nels J. Johnson, tree expert, A. H. Bowers, agronomist, Frank Blake, nurseryman, Robert Van Tress of Garfield Park conservatory, Rose Vasumpaur, well-known garden consultant and owner of a showplace garden, Joseph Howland, horticulturist.

The final session is to be a tour of both the Charles Klehm and the Gilbert Klehm nurseries, with accompanying lectures by specialists.

* * *

**KENNETH OSBON,** popular leader of Great Books courses in this area, will teach a new class on Building Word Power. The course will offer assistance in improving oral and written work by enlarging vocabulary, and organizing sentences and paragraphs to achieve clearness and force.

The class in history of art which was new in the Fall term will be repeated for the Spring session, as will the instruction on the Hammond organ in playing organ for fun. The latter course will be listed in 2 sections, one for those who have had 10 weeks of instruction, with a new section for beginners. The evening school program also offers instruction on the Baldwin console organ, by appointment.

The algebra class is listed, as in other terms, and in addition a new course is offered in plane geometry and trigonometry. One of the 2 phases of advanced mathematics may be completed in the 10 weeks' course. These classes may be taken for high school credit, by arrangement. Also offered for high school credit toward the granting of a diploma are classes in English, and beginning typing.

* * *

**THE UNIVERSITY** of Illinois is cooperating with the high school in presenting an opportunity for graduate study in the field of education with the course in Fundamentals of Curriculum Development. The course is applicable to both elementary and secondary school work, and grants one unit of graduate credit.

The Travel and Adventure series has been one of the leading attractions of the evening school, and this Spring for the first time tickets are available for the 7 lectures remaining for those who did not purchase their season tickets in the Fall.

The Arlington high school Travel and Adventure series film lecture next Tuesday will be Robert Davis' "Arizona, Land of Crimson Cliffs." The film, a spectacular color-portrayal of America's great Southwest, will be shown at 8 p.m. in the Boys' gym.

* * *

**THE WORLD** of Books course of the evening division will meet on Monday at 8 p.m. in the Little Theatre.

Mrs. Purdie Nelson Meissner will review "King of Paris" by Guy Endore, a current best-seller. The romantic novel is based on the life of Alexandre Dumas pere, and presents a flamboyant, witty account of his colorful life with an appreciable degree of historical accuracy, and a most skilled technique. # Northwestern Launches New Night Classes At Evanston

The evening educational needs and interests of northwest suburbanites have been surveyed as a guide for the development of the new college credit evening program which will begin early next month on the Evanston campus of Northwestern university.

Cooperating in the survey were the presidents and personnel managers of 21 firms in the area. Businessmen, community leaders, and alumni have participated in the planning of the new Evanston program.

* * *

**EVENING COURSES,** offered since 1908 in Chicago, are being extended to the Evanston campus in response to the rapid growth of commercial and residential areas to the noth, west, and southwest of the campus.

Employees of large and small firms in these localities and students in the Chicago campus evening program who reside in the north area participated in the survey and indicated the courses and class schedule they would prefer on the Evanston campus.

**The Evanston program will begin on a modest scale with about 20 courses in business, liberal arts, speech, and secretarial studies. As demand develops, more courses and more fields of study will be added, according to Daniel R. Lang, dean of the evening divisions.**

Evanston campus evening courses will include those in which the greatest interest was expressed during the survey. Most frequently requested were accounting, finance, advertising, psychology, logic, business law, public speaking, office management, business statistics, modern business operation, and marketing.

* * *

**OTHER POPULAR** courses were mathematics, real estate, management, business writing, and secretarial studies.

**A majority of the persons surveyed preferred one 2-hour class each week for 16 weeks** rather than longer or more frequent class meetings. **More than half of the respondents said they favored 6 or 6:30 p.m. as starting time for classes.**

Tuesday evening classes were preferred by the largest percentage of persons answering the questionnaire, although Wednesday and Thursday evenings also were popular.

A complete list of courses and class schedule for the Evanston campus courses will be announced soon. Classes will begin during the first week in February and registration will open about 2 weeks earlier. (B10

# Ask Bids For Tollway Near Des Plaines

The Illinois State Toll Highway commission last week opened bid proposals for constructing 12½ more mies of toll highways and for furnishing guard rail for the entire project. Apparent low bids totaled $12,736,475.25.

Three roadway construction contracts were involved covering 6 miles of the North Illinois Tollway south of Des Plaines and 6½ miles of the Tri-State route east of Des Plaines.

The 3 roadway sections require a total of 12 pre-stressed concrete bridges, 3 steel bridges. and interchanges at Illinois route 5 north of Cherry Valley and Illinois route 83 (Elmhurst road) south of Mt. Prospect.

* * *

**BRIDGES** will carry the tollway over Newburg road, Mill road, and an interchange ramp in section N-2B; Arlington Heights road, Busse road, and and the Chicago & North Western rilwy, Central road, Milwaukee road, Lak avenue, and the north crossing of Sanders road in section T-10A. Underpasses are scheduled at Illinois route 83 in N-7A and Willow road, Dundee road, and the south crossing of Sanders road in T-10A.

# Eastwood Events

**Association Meeting**

The monthly meeting of the Eastwood association was held Tuesday evening at the field house. After a short business meeting, the remainder of the evening was spent playing cards.

**Here and There**

The newest member of the Burrow family Dale, son of Lois and Bob Burrow, 213 Dryden, was christened December 30 in St. Peter Lutheran church. The sponsors were Lois's brother and his wife, Mr. and Mrs. Robert Eich of Glenview. The baby wore a christening dress that has been in the Burrow family for generations.

Miss Kathy McDonald was a guest New Year's weekend at the home of Anne and Gerry Morrissey, 310 Brighton. Kathy is a sophomore at Purdue. She returned to her home in Ottawa Thursday of last week.

Get well wishes are extended to Ben Yunker, 315 Dryden, who has been ill with virus pneumonia.

Dorothy and Herm Raasch and family, 209 N. Dryden, recently returned from a trip to Florida. They drove to St. Petersburg, where they spent Christmas at the home of Herm's parents, Mr. and Mrs. Henry Raasch. The day after Christmas they drive through the Everglades to Miami, where they visited friends. They enjoyed 80 degree temperatures throughout their stay and came back in time to spend New Year's eve with friends in Deerfield.

Mr. and Mrs. George Moore and sons, Terry and Denny, 202 N. Dryden returned from a 2-week vacation. They spent a week in St. Petersburg and Ft. Lauderdale, celebrating Christmas with friends, and then drove to Detroit to spend the remainder of the time with Mrs. Moore's family.

Theresa and Wilbur Nelson, their son, John, and poodle, "Sabrina," 409 N. Douglas, flew to Ft. Lauderdale to spend Christmas with Theresa's parents, Mr. and Mrs. Jacob Mauer. They visited Key West and report they were very satisfied with the pleasant weather.

Mabel and Barry Ayres, 711 E. Euclid, recently returned from a vacation trip. They took a 4-day boat trip to Nassau, which they say was especially enjoyable because of the ideal weather, complete with a full moon. They spent the remainder of their stay in Pompano Beach. They had Christmas dinner with former Eastwood residents, Mr. and Mrs. Govanus of Boynton Beach.

Ann and Bud Lerch, 416 N. Lincoln, entertained New Year's eve. Old friends from Chicago and Northlake were there, along with Eastwood neighbors, the Ayres, Conns and Tennysons.

A New Year's day barbecue was held at the home of Dolores and Claude Conn, 420 N. Lincoln, for friends and neighbors. Their co-hosts were neighbors Ann and Bud Lerch. From 1:30 to 4, everyone, dressed to suit the weather, gathered around the outdoor barbecue where they had chili, hamburgers, hot dogs and hot coffee, after which they took refuge in front of the television set to watch the Rose Bowl game. They gave their first outdoor New Year's day barbecue 3 years ago, and at first mention, it was received with some skepticism. The party, however, was so well received that it has become an annual affair.

Anne and Gerry Morrissey, 310 Brighton, had a dinner party New Year's day. Their guests were Mr. and Mrs. Lorne Bagnall and family, Mr. and Mrs. Art Kull and family, all of Lake Geneva; Mr. and Mrs. Keith Howard and family of Arlington Heights, Miss Sue Milling of Glenview and Mr. and Mrs. Thomas McDonald and daughters, Kathy and Andra Lee, of Ottawa.

Happy birthday to Larry Travis, son of Doris and Foster Travis, 1115 Euclid, who celebrated his 13th birthday January 2. His guests for the afternoon were Peter Dougan, John Ritzma, Judy Ann Wake and his sister, Joanne. Before having lunch at Larry's home, they had target practice in the family's new target range in the basement. After lunch, Larry and his guests went bowling.

The Eastwood bridge tournament will begin again in January with the following people scheduled to entertain: Marguerite and Bob Scott, Charlotte and Dave Shaugnessey, Eunice and Ken Behm, Edwina and Garth Heisig, Eileen and Jack Anderson, Nita and Hal Barnes and Lou and Ben Yunker.

Phone news items to CL. 3-6946.

# Better Grocery Buys!

How can Jewel bring you such low prices week after week? Let's use Jewel Maid Bread as an example (very specially priced at 15c this week):

In an average week Jewel customers take home more than 160,000 loaves of this delicious bread. That's volume selling in the fullest sense; low price necessarily follows. Secondly, Jewel Maid is our very own brand — made for and sold exclusively in Jewel Stores. Quality controlled by Jewel, too — so you consistently get a good loaf of bread. This then combines LOW PRICE and QUALITY. And it's only when these two are combined do you take home a good buy.

DO-IT-YOURSELF ENTHUSIAST

# Trustees Name Max Mayrer To Northwest Water Board

A do-it-yourself enthusiast will represent Arlington Heights on the northwest area's biggest do-it-yourself project: the cooperative effort to obtain Lake Michigan water for Arlington, Palatine, Mount Prospect and Des Plaines.

Max G. Mayrer, 61, of 714 N. Belmont ave., was named to the board of commissioners of the northwest suburban water commission by the village board last week.

* * *

**MAYRER**, a local resident for 7 years, is retired. He was associated with an insurance firm for nearly 20 years before retirement and prior to that was active in real estate in northwest Chicago and suburbs.

Since moving to the village, Mayrer has taken up woodworking as a hobby. Looking up from the bench in his basement workshop, he told a reporter, "It's almost been a full time job in the last few months."

**The energetic Mayrer has transformed the basement of the home into a luxurious, mahogany-walled recreation room, complete with kitchen and bath, and added an enclosed patio at the rear of the house in his most recent projects.**

* * *

**HIS DO**-it-yourself labors and caring for his well-kept yard, with its elms and spreading willow, haven't left him much time for golf, another favorite diversion, he admitted.

"And one of our reasons for moving to Arlington Heights," he recalled, "was its proximity to several excellent golf courses."

Mayrer said he approaches his new position as 1 of 5 water commissioners on the board "with an open mind."

**Although reluctant to advance opinions until he has had time to study the entire water question, he did say he is "sold on the idea of Lake Michigan water for the northwest."**

**"WITH THE** rapid growth of our village predicted to continue almost indefinitely and the sinking of the ground water level, it is necessary to begin looking to our future water resources," he asserted.

While not an expert on water problems, the new commissioner feels his years of experience in real estate will be of value, particularly in the preliminary phases of planning and acquisition of a right of way for a pipeline.

**Trustees, discussing his appointment, said it is important to have persons who are not engineers on the board. Mayrer agreed and opined that he will keep close watch as millions of dollars are disbursed on the project.**

All of the towns linked in the plan have not yet selected a commissioner. When this is completed, a circuit court judge will name a fifth person to the board and the commission will officially come into being as an independent body.

**FIRST TASK** of the board will be to decide on whether to join with Elmhurst, Lombard and Villa Park, which are already drawing up plans for a pipeline to the lake, or to go ahead and plan for a pipeline solely for the 4 northwest towns. There have also been suggestions that water be purchased wholesale from another municipality.

**Last February the engineering firm of Consoer, Townsend & Associates outlined a plan to bring water to the 4 towns, plus Park Ridge, at a cost of $12,630,000.**

However, Park Ridge in December declined to come into the group and it has not been determined if the Consoer, Townsend proposal is financially feasible.

# Salary Cuts For Village Clerk, Treasurer OK'd

An ordinance trimming the salary of the Arlington Heights village clerk to $600 a year and making his duties part-time received final approval of trustees Wednesday.

It will go into effect May 1.

In discussion, board members mulled over setting the salary at $1,200 but the figure of $600, said to be the "going rate" in nearby towns, won out. Duties of the elective office will be minimal, disclosed trustees.

**"I might be interested in running for the office again for $1,200 but not for $600," jested Trustee Forrest Davis, who held the position for several terms.**

* * *

**OTHER HIGHLIGHTS** of the meeting were:

Discussion of report from Trustees Hoover, Weber and Davis on the muddled liquor license situation. They urged continuation of the policy allowing taverns to sell bottled goods, saying that to limit such sales to package stores would be to give the stores "protection and even monopoly" in the bottled goods business.

**On a related matter, the report suggested that class A license holders who operate package stores be persuaded or possibly required to abandon class A licenses and take out regular class B package store franchises.**

A request for permission to erect model garages along Northwest hwy. at the eastern entrance to the village was rejected on the basis of a report stating the buildings proposed conflict with fire laws.

**Hecro Building corp., which wants to annex 15 acres to the village, was given permission to consult with the village's consulting engineers on sewer and water facilities. The sites proposed for the Northwest Community hospital and an Episcopal church would be annexed along with the Hecro land under the plan.**

The Arlington Heights ordinance setting up the northwest water commission was amended to take in Des Plaines and a resolution adopted will grant village employees a 2-week vacation after 1 year of employment. Trustees also approved preliminary designs for a bungalow-style pumping station at the site of a new well on Frederick between Hickory and Beverley aves. The structure, to cost $20,000 equipped, will blend with homes in the area.

## Half Of Lost $100 Returned

One of two 50-dollar bills lost in Arlington Heights during Christmas week was returned to a Rolling Meadows housewife Friday.

The finder, a grade school pupil, living on N. Dunton who wants to remain anonymous, received a $5 reward and an armful of cosmetic products. The cosmetics are sold by the woman who lost the money, Mrs. John W. Rowan, 2106 Jay lane.

* * *

**THE FATHER** of the girl who picked up the money from windswept Campbell st. a week ago Friday said his daughter waited until a news story appeared to try to contact the owner. Neither his daughter nor a woman noticing her scoop up the bill saw the other bill.

As the money spilled from Mrs. Rowan's purse near a catch basin, it may have fallen through the grill and into a sewer. (AF

## Boy Scout Paper Pickup Saturday

Boy Scouts of Arlington Heights will hold their regular paper pick-up Saturday, Jan. 12, in all areas south of Northwest hwy.

Papers and magazines are to be tied securely or placed in cartons and left at the curb by 9 a. m. Saturday. Anyone living outside the pick-up area may bring their papers to the Junior High school before noon.

* * *

**THE SCOUTS** appreciate the cooperation they have received in these drives. All proceeds stay in Arlington Heights and are distributed to all cub, scout and explorer units for the purchase of scouting equipment.

## Trainman Spots Track Shed Fire

A trainman on a freight passing through Arlington Heights shortly after midnight Thursday spotted smoke pouring from a trackside shed and notified firemen in time to prevent damage to the shed and its contents.

* * *

**A MOTORIZED** sidecar stored in the shed, opposite Consumers co. on the Chicago North Western right of way, was slightly damaged. Flames charred much of the upper part of the inside of the shed but firemen from the station one block away put out the fire before it broke through the roof.

Origin of the fire was not determined. The shed was locked and there was no fire in a stove. (AF

# Withdraws Zone Petitions For State Rd. Apartments

A petition to rezone 6 lots at S. State rd. and Grove st. to permit construction of apartment buildings was withdrawn Monday at a 15-minute session of Arlington Heights zoning board.

Rezoning originally was sought by Oscar E. Johnson, 701 S. State rd., owner of the property at 402-424 S. State rd.

**EDWIN L. JOHNSON**, representing the owner, asked that the petition be withdrawn after more than a dozen residents of the area showed up to protest the zone appeal.

Johnson told the board that another petition would be filed after the village's master plan had been completed. He declined to state whether the petition would be for commercial, multiple dwelling units, or single family residence.

**THE CONTESTED** property is located across the street from the proposed S. State rd. shopping center.

Spokesmen for residents in the area said they were opposed to any use for the property other than single family residences.

# Slate More Homes For 167 Acres Of Elk Grove Farm

Homes are planned for another 167 acres of farmland in Elk Grove township.

This was disclosed Friday when the public service committee of the county board referred 3 rezoning requests to the county zoning board for hearings.

**THE LARGEST** farm of the 3 consists of 102 acres and is located on the west side of Mt. Prospect road between Dempster street and Algonquin rd. The variation petition was submitted by William S. Deree, operating out of the law office of Joseph Fisher, 33 N. La Salle st., Chicago.

Ernest E. Grimm, route 1, Des Plaines, wants to rezone for homes 40 acres of farmland located on the south side of Dempster st. about ½ mile west of Mt. Prospect rd.

**The third farm consists of 25 acres. It's located on the north side of Algonquin rd., about 729 feet west of Mt. Prospect rd. Herzog Building corporation, 1032 Lee st., Des Plaines, wants it rezoned for residences.**

* * *

**EACH LOT** will have a minimum of 10,000 square feet. Applications from Deree and Grimm contain the same provision.

A fourth application received Friday seeks to rezone from farming to business district 1½ acres on the north side of Higgins rd., about 702 feet east of Bisner rd. in Elk Grove township. It was submitted by Adolph Raymond, 7716 W. North ave., Elmwood Park. (AF

Top Click of the New Car Season

WANT TO GET your New Year off to a rollicking start?

Want to take the wheel of the car that's winning raves from Coast to Coast and back again?

Then take the wheel of a 1957 Buick and try the sparkling-est new performance team in all autodom.

We mean the team with the highest-powered V8 engine ever to ginger a Buick—and an advanced new Variable Pitch Dynaflow.*

HERE, with just a judicious touch of foot to treadle, you get response so obediently instant, so liquid smooth, and so full range in "Drive"—that you've never in your life felt anything like it.

It's sports-car going in a full-sized traveler that's sheer delight from start to finish.

KNOW-what else?

Folks like the way this new kind of performance comes dressed in sleek and glamorous styling that's fresher than tomorrow's news.

They like the new roominess inside these low-sweep Buicks and the new luxury of their "nested" ride.

They like the new ease of handling, the new steadiness of cornering, the way stops are always on the level no matter how quickly you use the brakes.

FACT IS, folks like everything about the newest Buick yet—the car that's fast becoming the biggest hit of the new car year—and *you* will, too. Come on in and try it this week. We'll have the red carpet out for you.

**New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.*

SAFETY REMINDER
In fast-moving traffic on turnpikes, parkways and freeways, keep a good distance from the car in front—and a little more for good measure. That way you, and every driver behind you, get a bigger margin of safety for braking action.

# Community Prayer Service Includes 21 Congregations

Twenty-one northwest suburban congregations will join together Sunday in observance of "Universal Week of Prayer," the oldest ecumenical celebration in the church calendar.

The churchgoers will meet at 4 p.m. in First Presbyterian church of Arlington Heights for "a community service of ecumenical witness."

The event marks a half century of "growing-togetherness" under auspices of the Church Federation of Greater Chicago.

* * *

**SPEAKER** will be the Rev. Dr. W. Alfred Diman, immediate past president of the church federation and executive secretary of the Chicago Baptist association.

Massed choirs will provide special music under direction of Earle Auge, and clergymen from participating churches will take part in a colorful processional.

Explaining the purpose behind the community service, the Rev. J. Gerhard Meiners of Arlington Heights said: "Ecumenical worship is intended to express and further the unity of the whole church of Christ. It is more than a union service of congregations within a neighborhood because ecumenical worship unites us in spirit with worshipping Christians in all places and in all ages."

**THIS IS ONE** of many similar services being held Sunday throughout Lake, Cook, DuPage, and Will counties.

Participating churches include: Arlington Heights Methodist church, First Presbyterian church of Arlington Heights, St. John church of Arlington Heights (Evangelical and Reformed), Rolling Meadows Community church, Barrington Methodist church, Community Baptist church of Barrington, Salem church of Barrington (Evangelical United Brethren), St. Michael's Episcopal church of Barrington, St. Paul Evangelical and Reformed church of Barrington, Mount Prospect Community Presbyterian, St. John Episcopal church of Mount Prospect, St. Mark Lutheran (ELC) church of Mount Prospect, South Church Community Baptist of Mount Prospect.

Also Palatine Methodist church, St. John Evangelical and Reformed church of Plum Grove, St. Paul Evangelical and Reformed church of Palatine, St. Philip's Episcopal church of Palatine, Prospect Heights Community church (Evangelical and Reformed), Community Presbyterian church of Wheeling, Long Grove Community church (Evangelical and Reformed), St. Peter Community church of Lake Zurich (Evangelical and Reformed).

# Mercury Dips, Sends Young Skaters To Village Ponds

Hundreds of youngsters donned mittens, mufflers and newly-sharpened skates this week as temperatures finally dipped low enough to freeze ice in 2 village rinks in good skating condition.

The skating season arrived several weeks later than customary this year, causing those with new Christmas skates to wonder if they'd be able to use them at all.

The rink at Recreation park was the first to go into operation, with skating under way for 10 days. Saturday the children's pond at the park near South school froze to permit skating and soon skaters will start skimming on a rink at the hours stated being times so permitted weekday mornings, the new play area in Arlington Greens subdivision.

**This will be the first year of operation for the Arlington park site was acquired only several months ago. The park district graded a site and a subdivision committee is flooding an ara 40 feet by 100 feet. Neither this rink nor the south side one have attendants or lights.**

* * *

**SKATING HOURS** at Recreation park are 3 to 9 p.m., Monday through Friday, 10 a.m. to 9 p.m. Saturday and 1 to 9 p.m. Tom Thornton said skating is always when the skating shelter is open.

There will be no skating at the new 23-acre south side park until next year, according to Thornton. The rink site, twice the size of the Recreation park rink, cannot be blacktopped until spring.

**Another set of names for Arlington's parks has been submitted by the fifth section of the seventh grade at South junior high. Dean Ladas, class vice preident, and John Ninnemann, secretary-treasurer, said "Dunton park" is the class's first choice for a name for the large south side park under construction. Second and third choices are "Potawatomi park" and "Green Woods park."**

Names suggested for play areas were Youth park, Elmwood park, Shagbark park, Green Grounds, Cardinal park, Tonti park and Weller park.

Thornton said a crew will start to remove 5 ailing cottonwood trees and trim elms in Memorial park within a few days. (AF

# High School Bond Issue Election Set For Saturday

Residents of Arlington high school district will go to the polls Saturday, as a result of a bond referendum presented by the board of education.

The board is asking voters to "re-authorize" $1,500,000 in bonds, needed for completion of Prospect high school, now under construction.

In balloting a year ago, the board was directed to sell $3,500,000 in bonds at a maximum interest rate of 3.5 per cent. In an effort to conserve interest costs on idle money the board sold only $2,000,000 worth of bonds at the rate of 2.74 per cent.

* * *

**THE BOARD** now wants to sell the remaining bonds but interest rates now exceed the authorized figure. Therefore another vote is needed to authorize the sale of the remaining bonds at a rate of 4.75 per cent.

* * *

**PROSPECT HIGH** school is scheduled to open next fall. Construction progress thus far has led to expect a possible early completion — but not without the necessary funds for completion. No additional funds are being requested and there has been no raise in the construction cost. The original contract is still being in effect.

**POLLING PLACES** will be the same as in recent high school elections. They will be open from noon to 7 p.m.

Voters must have been residents of district 21 for 30 days, Cook county for 90 days, and Illinois for 1 year. Registration is not required. (B7

# Airman Gives Chase To Hit And Run Car

After his car was brushed by another auto on the outskirts of Chicago last Wednesday, Airman Thomas F. Horan of O'Hare field gave chase.

Horan tried to halt the fleeing car but couldn't. At state and Central rds. in Arlington Heights he spotted a village police car and stopped.

**Officers Everett Lund, Irvin McDougall and Ira Melbourne, halted driver Thaddeus Sikorski at Northwest highway and State rd.**

Sikorski was given a drunkometer test and charged with drunken driving. He was to appear in local police court Wednesday.

* * *

A VISITOR from Hermosa Beach, Calif., R. G. Tagtmeier, told police Saturday a spare tire was stolen from his auto last week, while it was parked at 406 W. Sigwalt.

Fred J. O'Bert, owner of O'Bert Jewelers, 24 S. Dunton, Saturday told police a man who identified himself as Emmett Hill, 277 Kathleen dr., Park Ridge wrote 2 checks totaling $976 on a Park Ridge bank several days before Christmas. The man had opened an account at the bank in November and in December deposited a check for $3,227 drawn on a non-existent Tennessee bank.

Park Ridge police said they were unable to locate Hill but he was believed to have cashed several bad checks in an Evanston jewelry store also.

# Round 'n About Westgate

**Westgate Community Association**

The first association meeting for 1957 will be held next Wednesday, Jan. 16, at 8 p.m. in the cafeteria of the Junior High school. This is to be an important meeting with the election of new officers and plans for the coming year. If members have not mailed in their ballots they are to bring them to this meeting in order to cast a vote for their favorite candidate. A good resolution for the coming year would be to attend these monthly meetings and get behind the association. It is very disheartening to a group of officers to have only a handful of residents attend these meetings.

**Happy New Year**

A New Year's eve party given by Jeanne and Ed Huster, Bert and Andy Graczyk and Bernice at the Huster home to welcome in the new year. A buffet supper was served during the evening to Bea and Ed Kabat, Mary and Bill Comeford, Dorothy and Bob Agnes, Joyce and Skip Akerlund, Helen and Wally Aagaard, Esther and Al Beghardt, Maryan and Don Granis and Juanita and Pete Klauss of Skokie, who were overnight guests of the Husters.

Stella and Stan Stefan, 103 Reuter, were hosts to 30 neighbors at a New Year's eve party. A buffet supper was served to their guests after midnight.

A going away party was given for Jerry Wiltgen last week by Jean and Brian Schreen, 3 Reuter. Their guests included 25 employees of George Harris' pharmacy. A gift of a Zenith portable radio was presented to Jerry, who has just joined the army air force.

Arlene nu Fred Hauth, 512 Yale, entertained 6 couples at a cocktail party last Friday. A buffet supper was served later to their guests.

A gala New Year's eve party was held at the home of Dorothy and George Stefani, 204 Yale. Their guests included Luanne and Tom Tierney, Terry and Richard Herdrich, Helen and Hank Schmitz, Carol and Jack Wallner, Jane and Ed Quigley, Nan and Leonard Cerwin, Dolores and Frank DeRosa, Kay and Bob Alm, Dorothy and Clude Becker, Lois and Bill Henn, Henrietta and Bill Shader, Donna and Bob Erickson, Therese and George Prochaska, Virginia and Harold Freitag, Jean and Jack Spies and the Baschlebens. Dancing, games and a buffet supper made the evening an enjoyable one for all.

**Miss Westgate**

Terry and Richard Herdrich, 15 N. Yale, are announcing the birth of their fourth child, a girl, who has been named Nancy Lee. Nancy was born January 2 in Ravenswood hospital, Chicago, and weighed 7 pounds 12 ounces at birth. Waiting at home to greet her were her 3 sisters, Kathy, 6, Pam, 4, and Lynn, 2. Nancy's maternal grandfather is Frank Lange of Chicago and the paternal grandparents are Mr. and Mrs. Clrence Herdrich of Antioch.

Carol Herda celebrated her eighth birthday December 31. An afternoon party was held in her honor and her guests included Laura Baranowski, Monty Lou Jensen, Debbie Hoppe, Mary Jo Welton, Susie Shader, Sheryl Thuerk, Janet Sygnator and Carol's brother, Raymond. Carol resides at 243 Yale with her parents, Cleta and Ray Herda.

January 2 marked the 14th wedding anniversary of Bert and Andy Graczyk, 1417 W. Fremont. The couple celebrated the day by enjoying dinner at Brandt's restaurant.

A speedy recovery is wished for Kay Scherrer, 4 N. Reuter, who underwent surgery this past week at Billings hospital, Chicago. (A

# Judge Passes Sentence On Bad Check Passer

Full restitution to Palatine and Arlington Heights merchants and 2 years probation were meted out to Sarah Lee Davis of Chicago on a bad check charge by Judge Crowley in Chicago criminal court, January 3.

**Taken into custody November 15 in Waupaca, Wis. on a charge of drunkenness, she was returned to Palatine for arraignment.**

She passed worthless checks totaling $400.50 to Pearce's, Cork and Bottle, Suburban Shoes, Brandt's, Palatine Liquor, Arlington Motel, Arlington Currency exchange and to Arthur Bentz.

**SHE APPEARS** to be a well educated woman, who had been a commissioned officer in the WAAF during the war and a girl's counselor. She is separated from her husband.

**Originally from Florida, she is now working in Chicago paying $50 a month to the Chicago court until full restitution is made. She made a $100 payment at the time of sentencing.**

Appearing as complaining witnesses at the time of trial were Louis E. Pearce and Mrs. Elaine Benedict of Pearce's store and Jack Wilcox of Palatine Liquors.

Witnesses representing Arlington complainants were Robert Harrington, Arlington Motel, Malcolm Hart, Arlington Currency exchange, Arthur Bentz, 46 S. Mitcheli, Arlington Heights, who had rented her a room after she had left the motel.

## Neumann Thanks Blood Donors

As the year ended, William Neumann, Arlington Heights businessman, had a special reason to be thankful. The thanks are directed to 20 or more persons who recently gave blood that aided his wife's recovery.

"It is in a time like this a man appreciates his friends," says Bill. "Some of the offers came from persons unknown to me. It is proof that this is not such a bad world after all." (A

# Arlington Greens

Names are being chosen for the 6-play areas and the south side park by the park district. Suggestions for the area on the southwest corner of Olive st. at Douglas, which will be used by Greens residents, may be called in to the above phone and will be forwarded to Paddock Publications.

**Bridge**

There are 2 contenders for first place in the bridge battle. Walter and Mary Dahl and Jean and George Marshall are tied at 9600. Next come Carl and Lois Anderson, 9490; Walter and Jane Brown, 8280; Gary and Jean Waffle 8140.

Jean Pisors, 14-year-old daughter of George and Lillian Pisors, 711 Clarendon, enjoyed her Christmas vacation at home. Jean attends St. Joseph Convent in Milwaukee.

**Travellers**

Charles and Donna Thompson, 1158 Dryden, and their 2 children, Kathy and Michael, started on their holiday trip to Connecticut by car, had a breakdown on the Ohio turnpike and had to continue by plane. Their destination was Donna's sister's home in North Canton, Conn. Donna's sister and her husband, Mr. and Mrs. Whitney Jennison, live in a 200-year-old home, which they have restored, and is on 4½ acres with a view of the Berkshires. Before the Thompsons flew home, they made a trip to New York and saw the Bears-Cardinal game.

**Party**

Ray and Ruth Raines, 669 Clarendon, had a New Year's eve get-together and the guests were Paul and Vee Hembd, Ray and Jean Thorsen, Pat and Dorothy Gilmore, Phil and Ruth Montgomery, Frances and Bob Bryant and Larry and Milly Traub.

John and Lee Hoover, 626 Clarendon, had a New Year's eve party in their recreation room, where guests enjoyed games, dancing and refreshments. Present were Carl and Lois Anderson, [illegible] Schlack, Dick and [illegible]ny Sims, Pat and Anne Danna, Don and Pat Peterson and Joan and Roman Wszelaki from Centralia, who spent the New Year's holiday with the Schlacks.

**Visitors**

Mr. and Mrs. Richard DeJerf of Fairfax, Va., and their children, Judy and Dickie, spent the Christmas holidays with George and Del Mitchell, 635 Clarendon. Mrs. DeJerf is Del's sister. While here the Mitchells had a cocktail party to introduce them to their neighbors. (A

## Lowry Is Named To Science Group

Nelson Lowry, dean of students at Arlington High school, has been appointed to the apparatus and equipment committee of the National Science Teachers association.

The committee is developing a new program for the study and evaluation of apparatus and equipment used in teaching the sciences in junior and senior high schools.

**LOWRY IS** the only high school representative in a committee of 6 which includes 4 college professors and a Chicago Board of Education member.

## Village Cracks Down On Sign Fee

Arlington Heights trustees last week tightened up on collection of sign fees from local merchants.

**For several years collection has been lax, following a policy decision by a past village board. In 1956, for example, only $60 was paid, said Village Manager F. R. Buechner.**

The fees, based on the size of outdoor display signs, should bring in much more revenue, according to trustees. The old policy apparently resulted from a dispute over charging for signs erected on privately owned buildings but not extending over sidewa[illegible]

# Presbyterian Circles

Twelve circles of the Women's Association of the First Presbyterian Church of Arlington Heights will begin the 1957-58 season with meetings to be held Wednesday, Jan. 16, at 1:15 p.m. and 8 p.m. and will present a program of stewardship in each. Mrs. Ray Voelker, stewardship chairman for the association, will direct the January circle presentations.

Bible study will open each circle meeting and scripture for the month is from Matthew 5: 13-16. Emphasis will be on Jesus' teachings from the Sermon on the Mount with particular attention on Christ's instructions on citizenship. A "get-acquainted" period will also be featured during the afternoon.

Circle treasurers who will present the stewardship programs will be Mrs. Edwin Tierney, Mrs. Joseph Lohr, Mrs. Walter Daube, Mrs. Harold Henry, Mrs. John Hightower, Mrs. Lacy Lackey, Mrs. T. L. Archibald, Mrs. Curtis C. Roberts, Mrs. Louis Gregg, Mrs. Robert S. Read, Mrs. James Lee and Mrs. Glen B. Rubenking.

**CIRCLES MEETING** at 1:15 p.m. for dessert luncheons are 1, at the home of Mrs. William E. Erwin, 908 W. Campbell, co-hostess, Mrs. John Flodin; 2, at the home of Mrs. H. A. Burnett, 317 S. Derbyshire lane, co-hostess, Mrs. Charles Klement; 3, at the home of Mrs. Forrest Tracy, 738 S. Dunton ave., co-hostess, Mrs. Arthur Martens.

Circle 4, at the home of Mrs. Frank W. Foley, 421 Dwyer; 5, at the home of Mrs. John R. Miller, 915 W. Elm, co-chairman, Mrs. Carl Bomanz; 6, at the home of Mrs. John Bartizal, 611 E. Fairview, co-hostess, Mrs. James B. Mazzei; 7, at the home of Mrs. Russell C. Hansen, 15 W. Orchard, co-hostesses, Mrs. Charles Tully and Mrs. John Burgermeister.

# This Week With PTA

***North School***

"Random Target," a Village Theater production will dramatize a child's needs to vent his emotions, at North school Tuesday evening. The play will be followed by a discussion led by Mrs. Ruth Sangster, child guidance counselor of our school system.

***Dryden School***

"Morality — How Does It Grow?" is the tantalizing title of the discussion Robert Goodman, professional counselor in the problems of family living, will lead at the Dryden school next week.

Mr. Goodman has done advanced study in social subjects at a number of schools and has earned a master's degree in this field at the University of Chicago. Presently serving as assistant director of Highland Park family service, Mr. Goodman is also a staff resource member of the Association for Family Living and has written on the parents-child relationship for a number of publications.

***Happy New Year***

The decorations are down, the tree has been burned, and the mailman's burden is one of bills instead of greeting. A bright spot in the mid-winter gloom, otherwise punctuated only by interminable struggles into and out of snow suits and boots, is the PTA program that is resumed next week after the holiday intermission.

Tuesday evening, Jan. 15 at 8:15, all the K-5 schools will be aglow, welcoming parents and teachers to the first meeting of 1957.

***South School***

Parents and teachers may find an explanation of the sometimes puzzling behavior of children from Dr. Harold H. Mosak, speaking on "Building Character to Face the Future."

Dr. Mosak, who is engaged in private practice as a clinical psychologist, serves the Community Child Guidance center in Chicago in the same capacity, and is a lecturer in psychology at Roosevelt university.

Born in Chicago in 1921, he received both his B.A. and PhD. degrees in psychology from the University of Chicago. After 3 years in the air force, as a psychologist in station hospitals and rehabilitation centers, Dr. Mosak returned to Chicago to work with the Veterans' administration as a clinical psychologist until 1951. He then entered private practice.

Dr. Mosak is a member of Phi Beta Kappa, Sigma Xi, and Psi Chi, and is also affiliated with the American Psychological association, the Illinois Psychological association, the Chicago Psychological club and is a diplomate of the American Board of Examiners in professional psychology. The author of several articles for professional journals in the field of clinical psychology, Dr. Mosak can, in addition, boast of his practical experience as a father of 2 children. This background makes him eminently qualified to bring parents a new insight into the problems of children.

***Ridge School***

"Teeth —True or False?" will be the challenging title of a panel discussion at the Ridge school meeting. Questions pertaining to the local water conditions, dentistry in general, and orthodontia in particular will be answered by 3 experts in their fields: George Klumb, chemist for Culligan Water Conditioning Service; Dr. Thomas K. Barber, River Forest dentist; and Dr. Vernon R. Boman, Arlington Heights orthodontist.

# Girl Scout News

**Troop 256**

Members of troop 256 visited and entertained at the Lutheran Old People's home in Arlington Heights. They sang Christmas carols and distributed 10 boxes of assorted greeting cards.

After the program, they had a luncheon and showed Girl Scout movies, "Adventure in the Arts" and a "Story of a Girl Scout Troop."

**Troop 50**

Troop 50 caroled and decorated a tree for Andy Anderson, 612 S. Beverly, a classmate who has been ill.

The past 2 months have been busy for troop 260. Towards their second class rank each girl made and bound a scrapbook.

Their service project was stuffed dolls for the children's ward of the County hospital. For Christmas each girl made her mother a cracker tray woven from crepe paper and then shellacked.

The troop Christmas party was held December 20 at the home of Yvonne Hartwig. Their guest was Mrs. McEachern, who told them about Christmas and the customs in Japan. This will be a credit to the troop towards "International Friendship." Cupcakes, ice cream and punch were served by the refreshment committee. (A

# Arlington Zoners Explain

Members of the Arlington Heights zoning board of appeals, in a letter to Paddock Publications, answered last week's editorial regarding their action on the petition asking for a zoning variation that would allow the Illinois Bell Telephone co. to use the William F. Meyer property for employee parking.

**The original objectors have not changed their thinking and have formed an improvement association.**

The need of the telephone company for additional parking is great. It is expected that the company will file a petition asking for rezoning, in place of variation.

**The statement from the zoning board of appeals was signed by Arthur Shogren, E. S. Jackson, V. H. Beisler and Joseph Grant and reads as follows:**

"In reply to editorial comment in Jan. 3rd Herald deploring the action of the zoning board of appeals of Arlington Heights on a proposed parking lot to be used by the Illinois Bell Telephone Company.

**"First of all, it can be stated that our board is sympathetic to the need for additional parking facilities in Arlington Heights and recent actions on our part have enabled such facilities to be constructed.**

"However, in this particular case the petition considered was a request for a variation in zoning. The Illinois Statutes provide that zoning regulations may be varied only in cases where there are practical difficulties or particular hardship in the way of carrying out the strict letter of the regulations. In addition, a recommendation of this board must contain findings of fact specifying the reason for making the variation. This interpretation of the statute has been confirmed by a recent de[illegible]cision of the Supreme Court of Illinois.

"The testimony of the [illegible] in hearings before our board on this petition failed to demonstrate that there was a practical difficulty in using this property under the existing zoning nor would the owner suffer a particular hardship in so using his property.

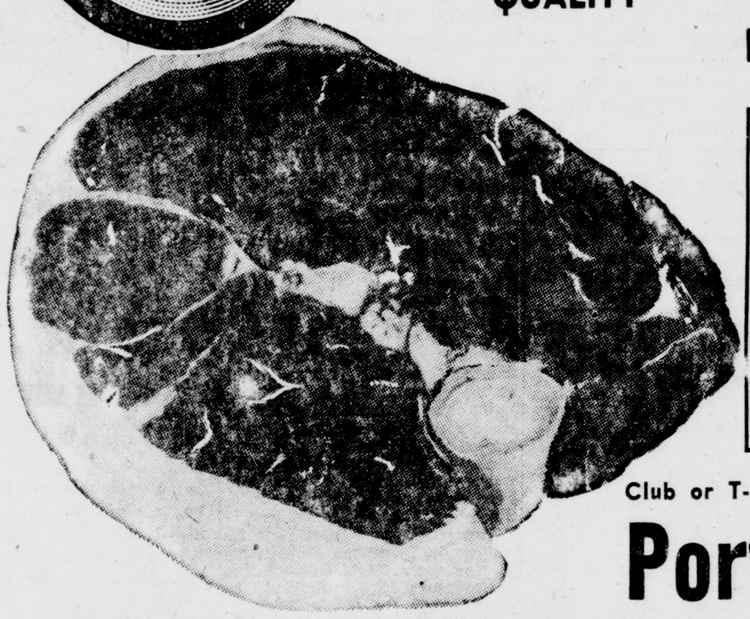

"Therefore, we had no recourse but to recommend that this particular petition be denied."

CHRISTIAN SCIENCE CHURCHES

The answer to mankind's great need of purity and regeneration will be emphasized at Christian Science services this Sunday, January 13, 1957.

Keynoting the Lesson - Sermon on "Sacrament" is the Golden Text from Psalms (24:3,4): "Who shall ascend into the hill of the Lord? or who shall stand in his holy place? He that hath clean hands, and a pure heart; who hath not lifted up his soul unto vanity, nor sworn deceitfully."

Selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following (241:23-27): "One's aim, a point beyond faith, should be to find the footsteps of Truth, the way to health and holiness. We should strive to reach the Horeb height where God is revealed; and the corner-stone of all spiritual building is purity."

## United Protestant Services At Heights Presbyterian Church

Sunday, Jan. 13, at 4 p.m., cooperating churches of this area will join in a community service of ecumenical witness in First Presbyterian Church of Arlington Heights, it was announced this week by Rev. J. G. Meiners, pastor of St. John Church of Arlington Heights. Rev. Meiners is serving as chairman of community - district 10 comprising 21 churches in the immediate area.

Residents of many of the communities and neighborhoods throughout Chicagoland will meet in the Arlington Heights church to share in the observance of Universal Week of Prayer, the oldest ecumenical celebration in the church calendar. The event will also mark 50 years of "growing-togetherness" under the auspices of the Church Federation of Greater Chicago. Speaker will be Dr. W. Alfred Diman, immediate past president of the federation. Choirs of the cooperating churches will furnish members of the massed choir which will bring the special music.

It is hoped that a large number from the northwest suburban area will be present at this event which is one of many such services being held throughout Lake, Cook, DuPage and Will counties.

## Best Religious Stories Named

The release of three clergymen from Communist imprisonment was declared the outstanding religious news story of the year by Richard T. Sutcliffe, associate director of the department of press, radio and television of the United Lutheran Church in America.
The 10 most significant religious news stories of the year, listed by Sutcliffe, were:
1. Release of 3 Eastern Europe churchmen, Bishop Lajos Ordass, primate of the Lutheran church in Hungary; Josef Cardinal Mindszenty, Roman Catholic primate of Hungary, and Stephen Cardinal Wyszynski, Roman Catholic primate of Poland, from Communist imprisonment.
2. Exchange of twin delegations of Russian and American church leaders.
3. Merger moves within the ranks of American Protestantism.
4. Response of U.S. churches to the plight of the Hungarian refugees.
5. Deciphering of the Dead Sea scrolls.
6. Ambush of 5 American missionaries by Auca Indians in the wilds of Ecuador.
7. Stand taken on racial integration by U.S. churches.
8. Continued trend of "favorable atmosphere" for all religions.
9. Religious tolerance evident during Democratic party consideration of Roman Catholic candidates for vice presidency nomination.
10. Parish fight over ouster attempt on William Howard Melish, Brooklyn Episcopal rector. (A10

The 9-passenger Country Squire

The 6-passenger Country Sedan
The 9-passenger Country Sedan

The Del Rio Ranch Wagon
The Ranch Wagon

FIVE NEW FORD glamour wagons
long, low and loaded with Go!
Leave it to the station wagon leader to make the big station wagon news for '57! And what news! Wagons so big, so full of fine-car prestige that you'll wonder how it can be done at low Ford prices.
Under the front-hinged hood you'll find new power—Six power!—V-8 power!—*proved-in-action* power.
Inside you'll find more usable loadspace. And the wrap-around liftgate gives you greater loading ease.
If your choice is the 9-passenger Country Squire, you'll be proud to pull up at the finest places in this new glamour wagon with its smartly distinctive wood-like trim.
If your needs call for a 6-passenger station wagon with four doors, you'll love the new Country Sedan. When you fold the rear seat into the floor, you'll find there's almost nine feet of loadspace — nearly a foot more than ever before.
There's still another 4-door Country Sedan. It has the extra third seat for 9-passenger room. And, as in all Ford wagons for '57, you have the new single-control handle which opens both the wrap-around liftgate and tailgate with one motion. And they can't be opened from *inside!*
There's good news, too, for fans of Ford's celebrated Ranch Wagon. This 6-passenger, 2-door model features Ford's new subdued tones, the last word in modern decor. And when it comes to quiet, there's *no* wagon like Ford wagons!
In the wonderful way that Ford can take a fine thing and make it even finer, the Del Rio Ranch Wagon goes a step beyond the Ranch Wagon in style, fabrics and trim. It brings you 2-door, 6-passenger wagon-life at its best.
Better see for yourself—and soon. Take a Ford wagon for a spin. You'll agree that for styling it's a sweetheart . . . for work and power, it's a nimble, obedient slave!
*New '57 Fords have toughest shakedown cruise in history!*
The '57 Ford broke 458 national and international records from 1 kilometer to 50,000 miles at Bonneville, Utah, in the most savage test in automotive history. For 50,000 miles, two '57 Fords averaged over 107 and 108 mph respectively. This time included all pit stops . . . the greatest endurance feat of all time!

## Tri Deltas To Have Slides, Talk On Philanthropy

Tri Deltas in the northwest suburbs will have an opportunity to learn more about the work of the Cleft Palate institute of Northwestern university at their January 16 meetiing in the home of Mrs. Elliott C. Timme, 122 Gerald, Park Ridge. Dessert will be served at 8 p.m., followed by a talk illustrated by slides given by Dr. Sheldon Rosenstein of the Cleft Palate institute's staff.

The institute has been adopted by Chicago area Delta Delta Delta alumnae as their philanthropic project. They give an annual benefit to raise funds for research and equipment. This year's benefit, a "Crescents and Cupids" luncheon, will be February 14 at 12:30 p.m. in the Gold room of the Congress hotel, with a program featuring cartoonist Dorothy Bond.

Northwest suburban Tri Deltas serving on the benefit committee include Mrs. C. H. Cooper, 209 S. George, Mt. Prospect, ticket chairman; Mrs. L. G. Langpop, 601 Na Wa Ta ave., Mt. Prospect, prize chairman; and Mrs. A. R. Wetter, 893 W. Grant dr., Des Plaines, publicity chairman.

Tri Delta alums in the Arlington Heights, Rolling Meadows, Mt. Prospect, Des Plaines, Park Ridge, Norwood or Edison Park areas are invited to the January 16 dessert meeting. Mrs. Bushnell Fullerton, Park Ridge, will be co-hostess with Mrs. Timme for the evening. Reservations may be made by calling Mrs. J. B. Howard, CL 3-7275. (S

Mrs. Charles R. Wolk has a favorite dinner menu which always makes a big hit with guests. It features the all-American favorite, baked ham, accompanied by scalloped potatoes, a molded jello salad and hot rolls.

Each of these dishes compliments the other and the combination results in a tasty, hearty meal. Although the menu is not unusual, Mrs. Wolk does have a unique and flavorful method of preparing the scalloped potatoes.

She combines thin sliced potatoes with cream of mushroom soup, milk and seasonings. Green pepper and minced onion are also included for zest.

And to top off this tempting dinner, Mrs. Wolk serves an elegant Cherry Torte. This delicious dessert is simple to prepare and can be made the day before it is served.

The Wolks moved 2 years ago from Des Plaines to their home at 903 W. Milburn in Mt. Prospect. They have 2 children: Susan, almost 7, and Robert, 5.

Mrs. Wolk is a member of a canasta club and also belongs to the PTA.

## Julie Hinds Becomes Bride of Donald Wright

A veil of handmade Spanish lace, a gift from friends in Madrid, was worn by Miss Julie Diana Hinds for her marriage to Donald Andrews Wright last Saturday, Jan. 5, in First Presbyterian Church of Arlington Heights. The bride is the daughter of Mr. and Mrs. Lonnie Robert Hinds, 520 S. State rd., Arlington Heights, and the bridegroom is the son of Mr. and Mrs. Chester Andrews Wright of River Forest.

The 3 o'clock service was performed by Dr. Charles Ferguson Ball, pastor of First Presbyterian Church of River Forest. Sunburst palms, vase standards of pompons, gladioli and snapdragons decorated the church for the candlelight ceremony and bouquets of pompons and huckleberry marked the aisle.

The bride was given in marriage by her parents and wore an ivory satin gown fashioned with sweetheart neckline with edging of seed pearls and irridescent sequins on lace. The skirt was made in 3 tiers and ended in a chapel train. She carried a lace fan with phalaenopsis and lilies of the valley.

Miss Sally Shaffer, a student at Wellesley college and resident of Evanston, was maid of honor, while the Misses Joan Mette of Barrington and Joan Timmerman of Cedar Rapids, high school classmates of the bride, were bridesmaids. All wore identical gowns of red velveteen with portrait necklines and full skirts. They wore matching shoes and feather hats and corsages of garnet roses and snowdrift pompons. Miss Shaffer's corsage was tied with white velvet cording and the bridesmaids' with red velvet cording. Miss Mette was graduated from St. Mary's of Notre Dame in South Bend and Miss Timmerman from Lawrence college, Appleton, Wis.

William Cornelius Jr. of Park Ridge, roommate of the bridegroom at Northwestern university, was best man and ushers were the bride's brother, Robert Hinds of Concord, Cal., and Leight Miller of Winnetka.

A buffet supper was served to 125 guests in Mt. Prospect country club following the ceremony. Mrs. Hinds received in a beige silk organza dress with brown accessories and corsage of cream-colored cymbidium orchids while Mrs. Wright, mother of the bridegroom, received in a gray chiffon dress, gray hat with rose trim and a corsage of rose colored camellias.

Mr. Wright and his bride are honeymooning in Nassau, Bahamas and upon their return will reside at 840 Forest ave., Evanston. The bride was graduated from Arlington high school and last June from Wellesley college with a B.A. She is now employed as a research assistant at Dearborn observatory at Northwestern university. Mr. Wright was graduated from Dartmouth college with an A.B. degree and has just completed his M.B.A. degree at Northwestern university.

## Modern Etiquette

by ROBERTA LEE

Q. When the coffee or tea is very hot, is it proper to use the spoon to sip it?

A. No; the spoon is reserved only for stirring, and when that is done, the spoon is placed in the saucer and remains there. One can only wait until the beverage is sufficiently cool for comfortable drinking.

Q. If many wedding gifts have been received, wouldn't it be all right for the bride to send engraved cards of thanks?

A. Never! If a bride does not consider the gifts worth her time and effort to write personal notes of thanks, then it seems a shame that the donors devoted any time and money to her.

Q. When someone whom you have just met says, "I am glad to have met you," isn't a smile in reply sufficient?

A. No; this would have a condescending air about it. It is much better to accompany the smile with a "Thank you."

Q. I've heard that it's improper to breathe upon one's eyeglasses when cleaning them in public. Is this correct?

A. It is generally considered illbred to exhale upon the glasses when cleaning them. If absolutely necessary to clean them in the presence of others, try to wipe them without resorting to the breath.

Q. Isn't it poor form for a woman, at her second marriage, to have three or four bridesmaids?

A. Yes. The second marriage should be as simple and informal as possible, and the bride should have but one attendant.

Q. What is the proper way to eat an apple at the dinner table?

A. The proper way is to quarter the apple, and then, using the fingers, eat each quarter.

Q. Are showers for prospective bridegrooms appropriate?

A. These are growing in popularity. Sometimes they are humorous in character — Socks too gaudy to wear, "Dainty" handkerchiefs, budget books, ball-and-chain, and the like. Of course, showers of useful gifts are also good — such as a book shower, smoking-necessities shower, or a workshop-tool shower.

Q. Is it permissible for a dinner guest to ask for a second helping of some dish?

A. Not unless eating with relatives or good friends. The hostess should see that her guests' wishes are fulfilled without the necessity of their asking.

Q. Should one offer a tip to the conductor on a train, for any special service rendered?

A. No; the train conductor is never tipped.

## Here's Chance to Make Good Your New Year's Resolution

Have you ever said, "I'll just have one more little piece of apple pie a lamode, and begin my diet tomorrow?" Or, are you the type who continually puts off that golf game or swimming party because, "There are so many other things to do?"

This is true witt thousands of people.

It is also valid that overeating and under-exercising nearly always spells — "excess pounds." The question is, "What are you going to do about it?"

Northwest Suburban YMCA has the answer to your problem. The women have already begun registering for the 1957 "Lose Weight the Y's Way" course that will start January 22, 8-9:30 p.m., and will continue through March 12.

Our popular 8-lesson weight control course will kick off at just the right time to afford women the opportunity of shedding unnecessary pounds gained over the Christmas holidays," said Kathryn Ellis, women and girls' secretary at Northwest Suburban YMCA.

She continued by saying that the 2-month program was not only made of physical exercise, but included grooming and charm in the form of lectures on diet, hair styling and correct techniques of make-up.

Instructor for "Lose Weight the Y's Way" will be Mrs. Viola Braheim, previously the assistant health education director in the YMCA in Indianapolis.

Thirty minutes of each class will be allowed for exercise or other heathful activity. Usually the group begins with weighing in, followed by review of resuts and checking of progress and intake charts. Then discussion periods centering around calorie intake, posture, exercise and food consumption are held. Finally, there is physical exercise taken either in the gym or swimming pool.

Last Year "Lose Weight the Y's Way" was part of the program at 27 of the 33 departments in metropolitan Chicago. Thirty have planned to offer the course during 1957. Miss Wilhelmina M. Aveling, YMCA women and girls' director said, "In the past year 7½ tons of weight have been lost by nearly 1500 women enrolled in these classes across the city." She further stated this year's program will be much larger. Miss Aveling applauded the charm and physical grooming aspect of the course.

"Lose Weight the Y's Way" is one of over 50 activities carried on for women members of the YMCA. Further information concerning this course may be secured by calling the YMCA office in Des Plaines, VA 4-4156.

## Thetas To Observe Founder's Day At January 17 Meeting

Kappa Alpha Theata will hold its January alumnae meeting at the home of Mrs. Stuart Paddock Sr., 141 S. Fremont, Palatine, Thursday, Jan. 17, at 1:30 p.m. The hostess has planned this meeting to honor Founder's day which occurs January 27 and the theme will be a simple ceremony and program planned by Mrs. Paddock and presided over by the group's president, Mrs. H. J. Gregg.

After the meeting, Mrs. Guy McMillan will speak on her European travels. Mrs. McMillan and her husband were in Europe last spring and traveled extensively. She will show pictures and give a first hand account of her experiences.

All Thetas are invited to the meeting. Information concerning reservations and transportation may be obtained by calling Mrs. Thomas Grisell at CLearbrook 3-7261. (S

## Workshop On Foreign Policy For Voters League

With "Focus on the Future" as its theme, the League of Women Voters will hold a workshop on foreign policy and international relations at its first meeting of the new year, January 10.

Members may choose to attend one of the 2 sections of the workshop. The afternoon section will meet at 1:15 at the home of Mrs. R. O. Bergstrom, 1304 N. Dunton, Arlington Heights, and the evening section will meet at 8 in the Arlington Heights field house. This first workshop will offer a discussion of problems in relation to the Suez issue. Later workshops plan to discuss Arab-Israeli issues and the East-European crisis.

## Former Commodore Will Speak To Delta Zetas

Roy H. Olson of Highland Park, former Commodore of the Great Lakes Cruising club and now a director of the Chicago Yacht club, will speak on "Adventures in the Great Lakes" at the annual guest night of the north suburban chapter of Delta Zeta alumnae, to be held at the chapter house in Evanston Friday, Jan. 25, at 6:30 p.m.

The talk will be illustrated with colored movies and slides of the cruising waters of the "north channel" country, including pictures taken from aboard the U. S. coast guard cutter "Machinaw," and shots from a helicopter during ice-breaking at the upper end of the Lakes, in preparation for the opening of the navigation season.

The Great Lakes Cruising club was founded in the early 1930's by a group of enthusiastic cruising sailors with a view of compiling for its members, charts and detailed information on harbor facilities of the Great Lakes region, data not available from government publications. The club now numbers 1200 and has done much to make cruising safer and more pleasurable for the average yachtsman.

Mr. Olson, who has been active in civic affairs in Highland Park for many years, is a graduate of the University of Minnesota and Kent College of Law. The senior partner in the firm Olson and Treyler specializing in patent and trademark law, Mr. Olson has just completed a term as president of the Patent Law association of Chicago.

Town chairman of Delta Zeta alumnae for Arlington Heights is Mrs. Henry C. Korff. Town chairman for Barrington is Mrs. John Enander. (S

# Ike Attempts Miracle; World Peace His Goal

by LELAND ELLIS TRUXELL

A miracle is being attempted by Dwight D. Eisenhower. Whether man can be induced to exchange implements of war for those of peace; whether he can learn to think in terms of one world, instead of national sovereignity; or whether we must once more don uniforms and march to war in the shadow of the atom bomb: these issues are being solved today.

**World leaders have placed upon President Eisenhower the greatest opportunity ever offered any man—and the gravest responsibility.**

* * *

**CIVILIZED** man is waiting breathlessly to hear the answer. And I, for one, believe it will be the right one. I earnestly believe that war, on a world wide basis, will never come again.

**There may be threats. Nations may send troops against other nations in self defense, or as an act of agression. But I beleive these conflicts will be local, of short duration. The United Nations seems to have a good chance of proving itself in Egypt for the second time in history. It will find a means of restoring freedom to oppressed people in Europe; and eventually, the whole world.**

But the fact that we have high hopes for world peace does not mean that we should not be armed to the full extent of our ability; for the nations of the world are like children, learning a new, but vital lesson, and there are still some bad boys, on both sides, at large.

* * *

**UNTIL THEY** are taught that fighting does not pay; until they accept the truth that nothing can be gained by war, the United Nations must be ready with a big stick as a threat to their selfish bullying of smaller nations.

It is a good thing to have that stick standing in a conspicious place. Any parent knows the wisdom of that. (FP

## New Movie Tells U. I. Research

University of Illinois research activities are the subject of a 28½ minute sound-color motion picture just completed and available without cost through the university's audio-visual aids service to service clubs and other groups.

"Beyond Teaching" is the title of the film. This title comes from the thought that while many people know of the University's work in education, some do not realize its many other accomplishments, especially in research which seeks out new facts for the world's benefit.

* * *

**THE MOVIE** covers activities from the Dixon Springs agricultural experiment station in southern Illinois to the health sciences professional campus in Chicago—in agriculture, engineering, physics, chemistry, medicine, and many other areas. (B10

# *Super Salesman, 35, Wows Insurance World In Volume*

A young Arlington Heights insurance salesman has accomplished a feat which his company describes simply as "phenomenal."

He has sold $2,200,000 wirth of life insurance in his first year as an insurance salesman.

James T. Lambdin III, 35, of Palatine rd., is associated with the Ernest C. Wentcher agency of the Equitable Life Assurance society.

One of the yardsticks for measuring achievement in life insurance business is the winning of a place at the million dollar round table, qualification for which is selling a million dollars worth of ordinary life insurance in a year.

It is highly remarkable, explains Equitable, when a neophyte salesman sells not only a million, but $2,200,000 in his first year!

The ordinary insurance policy sold by Lambdin was purchased by approximately 250 individuals and families.

* * *

**HE RANKS** his training experience for such salesmanship as follows:

—selling the Saturday Evening Post door to door;
—selling bakery goods and books door to door;
—ushering in theatre;
—selling banking services;
credit experience with Carson, Pirie, Scott and co.; and
—financial experience gained with the Harris Trust and Savings bank.

Lambdin won an Equitable April campaign for the north central states in which he paid for more volume than any other agent. In July he won the Equitable Loyalty Day sales campaign and in November he won a nation-wide fall sales contest held for all agents of the Equitable.

A Navy veteran of World War II, Lambdin is married and has 2 sons 11 and 16. (BB

# Revenue Service Begins '57 Tax Filing Period

It's time once again to file your federal income tax return.

Every citizen or resident of the United States, whether an adult or minor, who had $600 or more gross income in 1956 is required to file. If over 65, the income base for filing rises to $1200. April 15 is again the deadline.

Two American composers have written songs about the federal income tax, but to the average taxpayer news about the annual obligation is anything but music to his ears.

* * *

**STILL ACCORDING TO** district director H. Alan Long of the Chicago office of the Internal Revenue service, it's a situation where some 2,700,000 residents of the 26 northern counties of Illinois must now face the music, and pay up to the tune of an estimated $700,000,000.

**Nothing much in the essential elements of the tax set up has changed, Mr. Long declares. Forms 1040 and 1040A have been brightened and tightened, instructions systematized and clarified, but the tax percentage brackets are still the same as for the last 2 yers.**

Self - employed individuals whose net earnings were $400 or more must file. Persons whose income was less than $600 must file quickly to obtain refunds.

* * *

**THE FORM** and instruction booklet read together should enable most taxpayers to prepare their own return without too much difficulty, Long said.

**However, the Internal Revenue service will offer taxpayer assistance at the local field office in Des Plaines post office basement from January 14 through April 15, 1957. The "self-help" plan will again be stressed.**

Taxpayers will be asked to complete as much of their return as possible before seeking help from the revenue service. It is felt that a mapority of taxpayers can complete a full return without any aid other than that provided by the form and instructions.

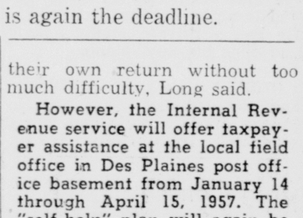

* * *

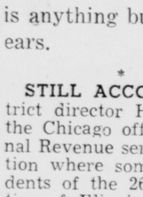

**THE "SELF-HELP"** plan provides for help to taxpayers assembled in groups of 6 or 8 with an Internal revenue agent instructor to explain how each line of the form is to be filled in.

**The instructors, however, will provide individual assistance to those who are physically handicapped, the illiterate and the non-English speaking taxpayers with simple income tax problems.**

In addition to the "self-help" group plan, telephone service will be available at the District office and local field office.

**Quality Service Satisfaction**

You get all three when you call Consumers Company . . . plus a courteous, sincere desire to help you with your building problems . . . big or small.

# *Loan Survey Finds Midwest Banks Aid Small Business*

Small midwestern banks are an important source of funds for small businesses in this region, the Federal Reserve Bank of Chicago reports.

What's more, the Reserve bank says credit-worthy borrowers appear to be getting favorable consideration at banks here irrespective of their size or occupation.

Basing its findings on a Federal Reserve survey of business loans in the seventh district, the Chicago bank states that the biggest portion of business loans made at small banks (those with deposits under 20 million dollars) goes to small firms. These typically include retailers, construction contractors and real estate dealers, and service companies.

* * *

**RETAIL FIRMS** account for about 40 per cent of the business loans at these banks. In big banks, with deposits over 100 million dollars, less than 10 per cent of the loans go to retailers.

**Construction and real estate firms, accounting for 23 per cent of the business loans at small banks, are the second most important group of business borrowers at these institutions. According to the Reserve bank, in both outlying metropolitan areas and country towns, credit extended to these firms by small Midwest banks has helped to underwrite the residential building boom.**

* * *

**THE LARGEST** companies — which tend to be manufacturing and mining concerns — account for less than one-fifth of the dollar volume of business borrowing at small banks. At big banks these firms take one-half of the business credit extended. Of course, because of the size of big District banks, even a "smaller" fraction of their loans means that these large financial institutions still supply a hefty amount of money to small business.

**Differences in the business loan portfolios of small and large banks can be traced mainly to the effects of size and location. Small banks, usually located in suburban or rural areas, have close contact with a great many small and moderate-sized firms in their communities.**

Furthermore, the Reserve bank points out, it is convenient for local firms to "do their banking" in the community where they are known. Large banks find it difficult to maintain a close personal relationship with the many small borrowers.

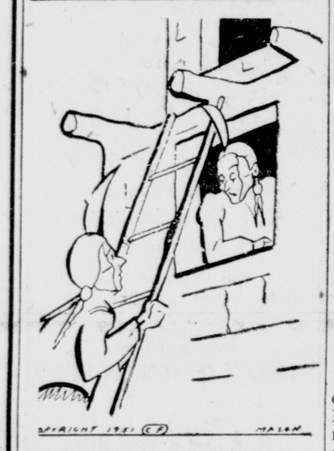

Moreover, since the resources of small banks are limited, they cannot adequately meet the needs of most larger manufacturing and mining concerns. (BB

## Car Production

General Motors produced 3,699,144 passenger cars and trucks in the United States and Canada during 1956, it was announced today in a year-end production report. This compares with 4,649,276 units produced in 1955.

Of the total units produced in 1956, 3,210,606 were passenger cars and 488,538 were trucks.

December production for GM in the United States and Canada was 269,929 passenger cars and 38,208 trucks compared with 337,235 cars and 33,261 trucks during the same month of 1955. (BB

# Mammoth Apartment Project Announced For Park Ridge

A 130-unit apartment project in Park Ridge was announced last week by builder Nicholas J. Rizzo.

Construction is expected to start this spring on a group of apartment buildings at Dempster st. and Greenwood ave. a few blocks east of Maine Township high school and adjacent to the proposed Lutheran General hospital.

* * *

**THE NEW** apartments will consist of 3-room, single bedroom apartments and 4-room, 2-bedroom units, including large kitchens big enough to include eating space.

**The 3-room units will rent for $100 to $110 and the 4-room units for $125 to $145. All will include stoves and refrigerators and each building of 5 apartments will have 2 washers and 2 dryers in a laundry room.**

Each apartment will also have individual thermostatic control so tenants can adjust heat to their own preference.

**WORK ON** the first group on Dempster st. on the east side of Greenwood ave. will begin early in the spring, Rizzo said. The second group will be built on the west side of Greenwood.

**The builder said occupancy in the first group should be sometime next fall and in the spring of 1958 for the second group. Adequate parking and private access roads will be provided.**

Before any units are offered to the public, Rizzo will make them available to teachers at Maine. (BB

# Change Of Date Is Symbol Of Other Changes To Come

by REV. WILLIAM McGILL

The change in the calendar brings with it a great many other changes to which all of us must make adjustment.

Already this copy has had a 7 struck in over the 6 which had gotten to be a habit in writing 1956.

* * *

**The number of times we shall all have to change the date in the next few weeks is indicative of other changes which we all have to make.**

* * *

**BOOKS ARE** closed, audits are made, organizations and institutions begin operating on new budgets.

The annual reports which we all make to the Federal government's bureau of internal revenue will soon be in the mail.

**If you are in any kind of organization which is related to a larger group, there will soon be forms for reporting the year to that larger body.**

* * *

**WHEN DID** you last make an audit of your life?

How much "unfinished business" lies on the desk of your heart and mind?

What "accounts payable" are in the file of your human relationships?

**These are questions of much greater importance than how much money did you make in 1956, and how much do you owe the federal government, or how much does the government owe you.**

There are a great many helps available in the audit of your life if you are willing to use them.

* * *

**ONE OF THE** most ready at hand, of course, is the weekly gathering of the congregation of the faithful.

The Lord God speaks through His Word, his preachers, his worshipers, to remind us of His ambitions for us. In this fellowship, we can be led to see ourselves as we may be—and by contrast, as we are.

To recognize the "accounts payable" in the file of human relationships, just stop and think.

**What could you have done in the past year if it had not been for your family, or for neighbors, or for people whom you never saw but without whom you might have been completely stalled. What con you do to honor these accounts?**

* * *

**YOU CAN** strive to act as a friend and a responsible citizen. The fellowman who drives carelessly may need your carefulness. The man who supplies food to your table may be the man to whom you supply a piece of machinery (even though neither of you has ever seen the other).

It may sound familiar enough to be a cliche, but it is no less true for all that (and the early part of the year is the time to recognize it), the only things you can keep in this life are the things you have given away.

## At Normal

Among student leaders on the Illinois State Normal university campus this year are officers of some 50 different student organizations.

The latter comprise university-wide clubs, departmental groups, honorary sororities and fraternities as well as journalism, speech, music, and athletic organizations.

Peggy Davenport, 314 S. Beverly lane, Arlington Heights, is vice-president of Pi Kappa Delta honorary forensic organization, and is historian of Theta Alpha Chi dramatics fraternity.

Barbara Krohn, 105 Clarendon, Prospect Heights, is co-publicity chairman of English group.

He is a 1954 graduate of Arlington Heights high school. (WUS

# Plan Special Navy Recruit Squad From Arlington Hts.

A special Navy recruit squad, to be called the "Arlington Squad," will be enlisted from the Arlington Heights recruiting area January 22.

Chief Fred J. Oehmke, recruiter in charge, said the squad, along with 3 other squads from the Bellwood, Oak Park and Evanston areas, would form a complete recruit company to be called the "Spirit of '76"' company.

The company will undergo 9 weeks recruit training at Great Lakes, Illinois. The men of this company will be granted 14 days leave upon completion of recruit training.

* * *

**IN ADDITION** to this company, the Chicago Recruiting District will enlist 4 additional companies during the month of January, it was announced by Captain H. L. Waliszewski, officer in charge of the district.

This concerted recruiting operation is being conducted throughout the year in order to re-enlist Navy veterans in the largest numbers possible due to the valuable training they have already received, and also to enlist competent recruits who can absorb the current highly technical training.

This type manpower is now required due to the technical advances made in guided missiles, atomic power, and electronic equipment. Technical training is also the keystone to our constant state of readiness which current world conditions dictate.

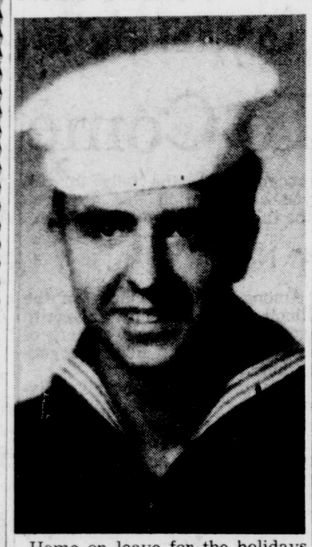

The Navy Recruiting station is located at Arlington Heights village hall. The telephone number is CL. 5-6379. (WUS

### Vets' Enrollments

Veterans' enrollments under 4 federal training programs in Illinois have passed the 656,669 mark, Robert D. Beer, VA's regional manager in Illinois, said.

The 665,669the person to start training probably was a Korea veteran, Beer added, since World War II training programs virtually have passed out of existence. (WUS

Before entering the service in 1954, he attended Arlington Heights high school. (WUS

### In Virginia

Pvt. James F. Lee, son of Mr. and Mrs. John J. Lee, 608 S. Pine, Arlington Heights, recently was assigned to the 9423d technical service unit's headquarters and operations detachment at Fort Myer, Va.

Lee, a machine records clerk, entered the army last September and received basic training at Fort Carson, Colo.

He is a 1955 graduate of Northwestern university and a member of Delta Sigma Pi fraternity. In civilian life, he was employed by the Peoples Gas & Light Co. in Chicago. He is a 1951 graduate of Arlington high school.

His address is Pvt. James F. Lee, US 55585200, HQ&Opn Det 9423, AC ACA 7th MRU, Ft. Meyer, Arlington 8, Va. Jim dealt with trainee programming with Peoples Gas and is doing the same type of job with army, working in the Pentagon building.

# Annual Scouting Session Slated

The 31st annual meeting of the Northwest Suburban council, Boy Scouts of America will be Saturday, Jan. 19 at Maine Township high school field house.

The meeting will start with a smorgasbord dinner at 6:30 p.m. All scouters, including cub pack, scout troop and explorer unit leaders, den mothers and members of the executive board and council, with their wives and friends will gather to transact the annual business of the Northwest Suburban council.

Included in the annual business will be election of officers for 1957.

**The nominating committee is made up of W. G. Pilgrim, Park Ridge; Albert A. Rose Sr., Arlington Heights; Roy L. Peirce, Barrington; Francis J. Saunders, Skokie; Raymond B. Woodruff, Arlington Heights; and Alvin H. Roeder, Des Plaines.**

The nominating committee report will include officers for 1957 as well as members of the council executive board. There will be reports by all of the committees, covering accomplishments of 1956 and plans for 1957.

* * *

**SCOUTERS WHO** have completed the 3-year training program will be recognized with scouter's keys and scouter's training awards. One of the highlights of the evening will be the recognizing of 10 outstanding scouters for 1956, and the awarding of 3 Silver Beavers to men who have done outstanding jobs of serving boyhood through scouting.

**The annual meeting committee, made up of Erich H. Schalk, Des Plaines, as chairman; O. B. Parrish, Park Ridge; John H. Speer, Skokie; L. T. McAuliffe, Arlington Heights; and Roy L. Peirce, Barrington, feel that this will be the outstanding annual meeting in a long series of successful annual meetings.**

They point out that last year almost 700 attended, and that provisions are being made so that 1000 may be accomodated in the field house. They say this anticipated increase is realistic in view of the council's growth from 6700 boys at the end of 1955 to 8000 boys at the end of 1956. The growth in scout leaders has been proportionate, growing from 2000 at the end of 1955 to 2800 at the end of 1956.

* * *

**THERE WILL BE** adequate parking space in the regular parking lot adjacent to the field house.

Robert Christianson a veteran explorer leader of Des Plaines, will have charge of Des Plaines explorers who will handle the coat checking. They have announced that all receipts at the checking station will be turned over to capital gifts, for use in building the new scout headquarters and supply station.

**Carl Buehler of Palatine, who has served as council president during 1955 and 1956, will serve as the master of ceremonies for the meeting. President Buehler will report on the growth in all areas of activity in the Northwest Surburban council, highlighting particularly the gains made in capital investments of the council.**

Tickets are available from district chairmen, who are: Signal Hill district-S. P. Dykstra Palatine 2045; Blackhawk - Chas. E. Perrin, CLearbrook 3-3331; Algonquin - Alvin H. Roeder, VAnderbilt 4 - 2231; Maine - Ridge - George W. Benton, TAlcott 3-5364; Skokie Valley - Frank J. Packee, ORchard 3-2644.

The 1956 class of 28 eagle scouts and one Silver Award will be recognized at the meeting, having attained the highest rank in scouting.

### Mariners Tour Destroyer Escort

Girls of Mariner Scout Ship 95 explored the inner workings of a navy anti-submarine vessel on a recent tour of the USS Daniel Joy, berthed in Chicago.

Two crew members led the girls, who live in Arlington Heights, Mt. Prospect and Palatine, in and out of gun turrets, radar and fire control room, communication center and bridge.

* * *

**A MEMBER** of the naval recruiting staff located in the Arlington village hall obtained permission to make the tour. He is Dennis C. Barber, Steelworker First Class.

Adult leaders Mrs. Myna Jayne Cordaro and Mrs. Carol Wolff accompanied the 21 girls. (B7

# County Begins Comprehensive Rezoning Project

The board of commissioners of Cook county has recently initiated a project for the comprehensive rezoning of this county.

To undertake this study and direct the program they have retained Harry F. Chaddick Associates, Inc., as consultants and Chaddick as director of the program.

* * *

**THIS PROJECT,** which will invove an entire re-appraisal and redrafting of the current ordinance in accordance with modern zoning standards and a complete inventory of existing land uses, will seek more adequately to control improvements and promote orderly development of vacant areas.

They believe that Chaddick and his staff, who have recently done a similar job for the city of Chicago, are eminently qualified to produce the best possible ordinance.

* * *

**THIS IMPORTANT** work will provide the framework for all future growth in the now unincorporated areas of the county. It is intended that each township and municipality which may be affected will be frequently consulted and heard. (B7

# Work On Northwest Freeway Gets Under Way Next Summer

Construction of the 6.2 mile stretch of Northwest Expressway to O'Hare International airport is expected to start this summer.

This was disclosed Friday when the county board adopted a resolution for the county to do the job. The road will be free, not toll.

**THE ACTION** climaxd many years of efforts by northwest suburban residents to make the road a freeway.

The county originally planned to build the highway, but was short of funds and turned it over to the Illinois Toll Road commission. Bowing to opposition, the commission finally declined. It is expected to formally turn the project back to the county February 12, according to county highway superintendent William Mortimer.

He said work on the expressway is expected to start this summer.

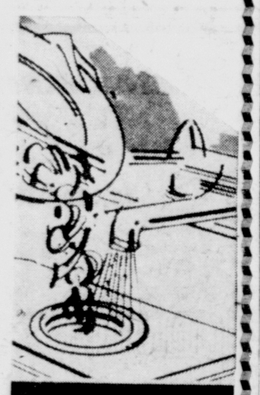

* * *

**TO FINANCE** the construction, the county board will sell $40,000,000 bounds. This is part of the $245,000,000 superhighway bonds the state legislature in 1954 authorized the county to sell.

Excluding money earmarked for Northwest Expressway, the county still has $205,000,000 of these superhighway bonds. (B7

# Denmark In A Dither Over Ducklings, Bee Hive Banks

by BILL DILLINGHAM
Special Correspondent

COPENHAGEN—The tiny Kingdom of Denmark is often described as Europe's toy land.

Members of Parliament and top military commanders ride to and from work on bicycles. Sign posts shaped and painted like tall peppermint sticks mark one-way streets. One of the few serious spectacles in Denmark is the women smoking cigars.

Some months ago a duck, resident of a Copenhagen park, was shot by a boy with a .22 rifle. The bird left 8 motherless ducklings. Danes became so excited about the tragedy that a reward was posted for the name of the young villian. The Danish State Radio solemnly broadcast this bad news to the people of the kingdom.

* * *

**THE DANISH** Parliament is currently engaged in an animated debate over the painting of lampshades, and whether it can come under their appropriations for art.

"The matter has dire economic consequences," commented a Dane who sat in the Town Hall Square reading his newspaper.

**Copenhagen has a string of distinguished looking banks which are called, in each case, "The Bee Hive." A picture of a bee hive is posted at the entrances and models of tiny bees are stuck to the walls. Even their small savings banks for home use are shaped like hives.**

When questioned about this unusual name, one manager said seriously: "An excellent name for a bank. Bees save honey for the winter. The people who come here work and save like bees, too."

* * *

**DENMARK'S** traffic lanes are usually composed of 3 channels: the sidewalks for pedestrians, another type of sidewalk for bicycles, and the street for automobiles (which even on the open stretches rarely go faster than forty m.p.h.). By far the heaviest traffic is in the bicycle lanes. Hand signals for turning are required by law. Each vehicle must have a light, reflectors and a bell.

**Airplanes are still called "flying machines" in the Danish language, and to the modern Folkeswagon they have given the charming name "The Toe Nail." (Unless they speak about the large model, which is called "The Bread Loaf").**

Newspapers rarely carry headlines of world-shaking events. Instead, pictures of animals, a snow man, the first birds of summer or perhaps a boy with ice skates adorn the front pages.

**Very few things are taken seriously in Denmark. The king of this little land possibly set an example when he became tattooed over a large portion of his chest and arms with serpents.**

When the Danish National Bank issued their 50-crown notes, it was later discovered that the word "fifty" was spelled incorrectly.

"It doesn't make any difference," the people said, "we know it's 50 crowns."

And so the bills remain unchanged today. (B10

# Building Booms In Rural Areas

Unincorporated areas of Cook county experienced a record year in building construction in 1956.

The grand total was $93,294,750 with the northern townships playing the biggest role.

Schaumburg township led the other 22 townships having unincorporated areas with new construction valued at $12,413,742.

Niles township, seeing more of its unincorporated areas annexed year by year, was in last place with new construction valued at $10,000 in areas not belonging to any village or city.

The Cook county building and zoning bureau issued 6,132 fee permits with a valuation of $87,616,461. No-fee permits for farm buildings, churches, schools and other public buildings brought the total up to the 93-million dollar figure.

**PERMITS FOR** 128 wells were issued in 1956, according to the annual report covering the fiscal year ending November 30. Residential permits totaled 3,881, business buildings 88, industrial 21, additions and alterations 586, accessory buildings 1,180, and new septic systems 8.

Final standings among area townships in fiscal year 1956 follows:

Schaumburg, 690 permits, $12,413,742;
Wheeling, 508, $8,464,105;
Northfield, 496, $8,354,063;
Elk Grove, 359, $5,869,179;
Norwood Park, 377, $5,279,998;
Palatine, 307, $5,015,284;
Maine, 340, $4,921,368;
Leyden, 321, $3,083,355;
Hanover, 77, $1,398,485;
New Trier, 15, $586,314;
Barrington, 25, $474,939; and
Niles, 2, $10,100. (B7

# 'Y' Swim Program Announced

Boys and girls ages 8 through 14 who would like to learn to swim or improve their swimming, may still enroll in classes now being formed at the Northwest Suburban Y.M.C.A.

Boys swim Tuesday evening, one class at 5:30 p.m., the second at 6:00 p.m. Girls swim at the same time Wednesday evenings.

Classes are conducted by trained competent adult leadership and the Y.M.C.A. progressive method of instruction is used. Boys and girls may progress from the beginner ranks to the minnow, fish, flying fish, and shark classes as they develop.

* * *

**THOSE PARTICIPATING** do not have to be members of the Y.M.C.A. but those who do join or are members now may participate at a fee which just covers transportation and leadership costs. Boys and girls meet at the Y.M.C.A. office and are transported to the swimming pool by chartered bus. The first class returns by 7 p.m. and the second class by 7:30 p.m. Car pools to bring youngsters to the office operate in many areas.

**A BOWLING GROUP** for boys and girls 10 to 14 years of age and also for high school students are now being formed by the Northwest Suburban Y.M.C.A. The 10-14 year old group will meet Thursdays from 4 to 6 p.m. Instruction will be given for the beginners and regular team bowling is also provided.

High school students will bowl Friday afternoons, from 4 to 6 p.m.

Hi-Ho Silver is the cry from boys and girls 8 through 14 who want to learn to ride horses at the Y.M.C.A. Classes are forming for beginners, intermediates and advanced to be held on Monday and Wednesday afternoons at the Holdorf Riding stables. All participants meet at the Y.M.C.A. office and are provided transportation to and from the riding area.

Those interested in further details on all programs may call the YMCA office, VA 4-4156.

# Bemedaled Or Beleagured, Cop Is Always On The Job

## *Policemen Remind Citizens They're Human Beings, Too!*

Policemen, believe it or not, ARE human. They come in both sexes, but mostly male. They also come in various sizes. This sometimes depends on whether you are looking for one or trying to hide something. However, they are mostly big.

**Policemen are found everywhere, on land, on sea, in the air, on horses...and sometimes in your hair. In spite of the fact that "you can't find one when you want one," they are usually there when it counts most. The best way to get one is to pick up a phone.**

Police men deliver lectures, babies, and bad news.

They are required to have the wisdom of Solomon, the disposition of a lamb and muscles of steel and are often accused of having a heart to match. He's the one who rings the door bell, swallows hard, and announces the passing of a loved one, then spends the rest of the day wondering why he ever took such a crummy job.

On TV, a policeman is an oaf who couldn't find a bull fiddle in a telephone booth.

**In real life, he's expected to find a little blond boy "about so high" in a crowd of a half million people.**

In fiction, he gets his help from private eyes, reporters, and "who-dun-it" fans. In real life, mostly all he gets from the public is "I didn't see nuttin."

**When he serves a summons, he's a monster. If he lets you go, he's a doll. To little kids, he's either a friend or a bogeyman, depending upon how the parents feel about it.**

He works "around the clock" split shifts, Sundays and holidays, and it always kills him when a joker says "Hey, tomorrow is Election Day, I'm off, let's go fishing." (That's the day he works 20 hours.)

A policeman is like a little girl who, when she was good, was very very good, but when she was bad, she was horrid.

**When a policeman is good, he's "getting paid for it." When he makes a mistake, he's "a grafter and that goes for the rest of them too."**

When he shoots a stick-up man, he's a hero except when the stick-up man is "only a kid, anybody coulda seen that."

Lots of them have homes, some of them are covered with ivy, but most of them with mortgages. If he drives a big car, he's a chisler; a little car, "who's he kidding."

His credit is good; this is very helpful because his salary isn't.

Policemen raise lots of kids; most of them belong to other people.

**A policeman sees more misery, bloodshed, trouble and sunrises than the average person. Like the postman, policemen must also be out in all kinds of weather. His uniform changes with the climate, but his outlook on life remains about the same: mostly a blank, but hoping for a better world.**

Policeman like days off, vacations, and coffee. They don't like auto horns, family fights, and annoymous letter writers. They have associations, but they can't strike. They must be impartial, courteous, and always remember the slogan "At your service." This is sometimes hard, especially when a character reminds him, "I'm a taxpayer, I pay your salary."

**Policemen get medals for saving lives, stopping runaway horses, and shooting it out with bandits (once in a while, his widow gets the medal).**

But sometimes the most rewarding moment comes when, after some small kindness to an older person, he feels the warm hand clasp, looks into grateful eyes, and hears "Thank you and God bless you, son."

**ROSELLE** — Saturday will be the big day at the Quindel Buffet and livery, Horse Market day. If you have anything to sell, you should not miss it; plenty of buyers. John will have a fine lunch for you.

Schaumburg — John Lichthardt says he don't care for any office unless it be director of the Roselle-Palatine Electric Railway or village Alderman so he can have sidewalks and street lamps from the center post of Quindel's, Menke's, his home and G. Fasse to the church and school house and thus persuade more people to settle here and increase the population and fame of Schaumburg.

Miss Blix visited at a neighbor's Sunday and was much disappointed that her regular escort was not there to pilot her out of the mud on the road home. Another gent was ready, but too bashful to fill the vacancy.

**ARLINGTON HEIGHTS** — Henry Garms sold his fine home, big house and lot 66x132, for $3,800 to Herman Moehling, Jan. 1. They made the bargain inside three hours. Garms is already preparing to build a smaller house for himself on his lot on Euclid Ave. between Henry Roehling and John Russel.

John Rapp, while working at the C&NW Ry. freight house Chicago, Dec. 27, was caught by a heavy crate of iron, which he was helping to handle and crushed between it and the side of the car. He was first taken to the company surgeon, then sent home and placed in charge of Dr. Best. As a result of this injury pneumonia and pleurisy set in from which he died Thursday afternoon. The R.R. Co. should provide liberally for the widow and six children, who are thus bereft of the support and protection, husband and father, and left in destitute circumstances.

Mr. Taege was born May 29, 1862 in Long Grove. In 1888 he was married to Miss Mathilda Kolberge.

Mrs. Emil Taege, passed away at her home Jan. 7, following her husband in death within a week's time.

Miss Thelma Claudine and LaVern Lavine, both of Arlington Heights were united in marriage at the home of the groom's parents January 5.

Despite all the good time noise relief needs are mounting. Explain it any way you want but in Palatine township new cases are appearing nearly every week.

# Lincoln's Little Ladies In Grey...

by MARY

The state legislature has acted in a very shirty fashion this last weekend. The very least they could have done is be in session when I go all the way to Springfield just to see them in action. And, give them a few pointers.

**I realize that they didn't know I was coming but word should have gotten out some how. The man at the information desk wouldn't even let me in to see where they work when they are workiing. I could have left them a note.**

* * *

**BUT, THE TRIP** wasn't entirely wasted. I went through Lincoln's home and was mighty impressed. I was all prepared to be awed by it all, and I was. The only difficulty that I had was that a little old lady who takes quite a lot of pride in the house kept trotting after me reading the signs out loud.

I wanted to stand there reading the signs all by myself and soak up history by osmosis. I wanted to get the feeling of how things were in those days and she kept telling me that Lincoln was 6 feet 4 inches tall and to notice how high the shaving mirror was placed so he could see in it.

**This being what the sign had already said, I dutifully noticed that the mirror was indeed high but I also noticed that the bed was indeed short. Poor Abe must have had some mighty cold tootsies.**

Everything having to do with Lincoln in Springfield and everything in Springfield has something to do with Lincoln, is guarded by little old ladies dressed in mourning. Bless their little hearts, they are still sad that he is gone.

* * *

**KEPT WANTING** to cheer them up by telling them that even if that dastardly John Wilkes Booth hadn't shot him, he would hardly be alive today. The opportunity to add a note of comfort never presented itself. I presume that they are on duty again today sadly wishin that things hadn't worked out the way they did.

Anyway, some women like being sad.

## *Just Around The Corner From Patty McArdle*

# A 'Ghost' In The Family...

Dear Peg:

I have the most amazing thing to tell you! If I believed in ghosts, I'd call it a true ghost story, but since I don't, I'm sure there's a logical explanation — I only wish I could find it.

One night, about a week before New Year's eve, I dreamed that I got up in the middle of the night, went into the living room and turned off a table lamp that we'd forgotten to switch off before going to bed.

**As I turned to go back to the bedroom, the table lamp snapped on again. Thinking to myself, in my dream, that there must be a loose bulb, I walked back and turned it off again. No sooner had I reached the hall door then back on it went, but this time the culprit stood nearby. For some reason, I wasn't nearly as frightened in my dream as I would have been in real life to see this person, who apparently had appeared out of nowhere, standing right there in our living room.**

"Who are you? I asked rather indignantly, and why are you turning the light on and off?"

The apparition, who as you might expect resembled the ghost of Jacob Marley only happier, replied, "My name is Patrick and I live here so why shouldn't I turn the light on and off if I want to!"

"Well, for heaven sakes, we call our little boy Patrick!" I said, feeling as if we had something in common.

"No relation," was the tart reply.

"Well, maybe you're related to St. Patrick although I don't know why you would be here instead of in Ireland where you belong."

**This seemed to amuse the ghost and he laughed louder and louder, while at the same time changing his appearance to look like pictures I've seen of the Irish saint.**

Now, this all happened so quickly in my dream and seemed so senseless that; after considering it briefly in the morning, I put it out of my mind until several days later when a strange conicidence occurred.

Mrs. Conder, our good friend and babysitter, had been staying with the children many nights during the holidays while Bob and I went to various parties and, although our apartment creaks occasionally-being on the third floor of a huge 100-year old house, nothing unusual happened until New Year's eve.

**It was about 2 a. m. when Mrs. Conder, sitting reading at one end of the room, was startled by the table lamp across the room going out. Naturally, her first thought was a burned out bulb and since the other lights in the room were sufficient, she didn't give it much thought. About 5 minutes later, she felt thirsty and walked down the long hall to the kitchen for a drink of water. Upon returning to the living room, she felt that it looked different somehow — something had changed. In a moment she knew what it was. Where the corner of the room had been dark, there now was the blazing light of the table lamp! Fifteen minutes later the lamp again went off momentarily, then back on again.**

Shortly after the second occurence, we arrived home and I listened, unbelieving, to Mrs. Conder laughingly warn me that we'd better have our loose connections repaired or she'd think there was a ghost around.

I'll never tell her — baby sitters are too hard to get.

My love,
Patty

P. S. I can find no loose connections nor loose bulbs.

## *The Fence Post*

# 'No, Mr. Editor, We Can't Just Cross Our Fingers!'

The editor may have cooled off a bit too much before writing his thoughts about the action of the zoning board in denying the petition of the telephone company to use the Meyer property on north Dunton st. for employee parking.

His thinking one might say had frozen in the refrain which, interestingly enough, echos the realtors, but not necessarily the residents, "widen north Dunton, push the business district north, you can't stop progress."

* * *

**LET'S EXAMINE** a few of the editor's congealed comments. The zoning board did not consider the 20 objectors as a majority, they followed the law which provided a deviation in zoning could not be permitted unless the property owner had suffered an injury. The editor refers to the traffic jam on north Vail st. caused by necessary parking by telephone employees.

Why is this necessary parking?

It is a convenience for employees to drive to work and park, but thousands of Arlington residents go to work by train or bus. If Arlington is to grow and change, as envisaged by the editor, even he should have some qualms about providing employee parking space in our future metropolis.

* * *

**THE EDITOR** ventures the guess that when the village board adopts its zoning ordinance, Dunton will no longer be a Class "A" residential district.

**This is a most interesting observation in view of Mr. Meyer, owner of the property in question, being village treasurer and chairman of the zoning commission. He also thinks the use of the property for parking is less objectionable than its use for possible apartment buildings. But his thesis, if I can follow it is that north Dunton must ipso facto become business property to save the business district from being strangled.**

Are apartment buildings business property? And is business being strangled?

Seems to me I have heard of plan for a new shopping center not north, but in the east part of our town. They tell me the merchants in Evanston don't feel strangled any more since Old Orchard opened. It could happen here, or is that just nostalgia for the good old days?

* * *

**INSTEAD OF** playing philosoper, the editor, who seems to have acquired his facts second hand, might well have inquired, as did the 20 objectors, as to why this particular property was required for parking purposes.

He would have learned that the telephone company had accepted the suggestion of a local realtor that this was the "only" property available. He would have been amazed to hear the local realtor blandly state that some 12 private properties surrounding the telephone company were not for sale, although several of the owners have stated the realtor never contacted them about the matter.

**The editor lets up for a minute and wishes he knew what the 'independent group' was up to in attempting to select candidates for local offices. He must have been so cooled off, he didn't read his feature story which states, among other things, this group is seeking candidates who will "deny 'unjust' variations and enforce zoning ordinances."**

* * *

**NO, MR. EDITOR**, we can't just cross our fingers and hope our community living will not change.

We have to stop depending on our realtors and editors settling our future at their morning coffee klatch.

Our fingers will be used to vote for those who think of Arlington as a community of homes with possibly a tree or 2 around.

You, of course, gave up yours in the name of progress, but but as you drive up north Dunton, on your way to Old Orchard, take a look at ours.

And then, as you say so well in your inspiring New Year editorial, "Look inside ourselves as well as abroad in judgment of others."

Arlington Heights

### *Generosity*

As our congregation reviews 1956 we cannot help but notice the generosity that you and your publication have extended to us. It has been of immeasurable assistance to us to have a fine newspaper such as the Arlington Heights Herald in which to publish the growth and activities of our congregation.

Thank you for everything in 1956, and may 1957 be a happy and prosperous year for you.

John P. Petersen, pastor
Our Saviour's Lutheran Church,

### *Honor Pioneers*

I read your Editor's Column (January 3) with much interest this morning, especially your recommendations of Dr. B. T. Best.

I intended to write regarding the naming of Memorial park and suggest the very name you wished to give it — Best Memorial park.

* * *

**IT WAS ALSO** my intention to suggest names for the new parks, and in doing so, to commemorate the names of citizens who have done so much for ou rvillage and had given so much time and money.

I can't help being reminded constantly of one family who made Arlington Heights the village of beautiful trees — the Klehm family — and George Klehm in particular. It was he who served on our village and school boards and performed many other thankless services to our community.

I believe that people who have moved into our town in the past 10 years, and rave about the beauty of our village trees, don't know that the Klehms were responsible for the foresight of the growth of our village. These newcomers don't know that the Klehms donated, planted and cared for their growth, free of any cost. They also landscaped the high school grounds free of charge.

* * *

**I NOTICE** names suggested such as Happy Hollow, Fairview park and such. If such a name is chosen, wouldn't it be a fine memorial to prefix those names with Klehm. Would it sound terrible for instance to name the new south park Klehm's Fairview park?

Beside Best and Klehms, a few other names could be prefixed to other small parks, schools or streets. You were honored for our contribution to Palatine by having a school called Paddock school. That is as it should be.

We also have names like Bill Miles, who did so much for the Boy Scouts, Volz, Bray, Kates and Peters, whose industries provided local jobs for so many people and are still providing jobs. There were so many Meyers who did much for our town, especially William F. Meyer Jr., our treasurer. Also such outstanding men as Flentie, Militzer, Elfeld, Whiting, Berbecker, Thal and others.

* * *

**IT IS TIME** that such names b given to some project, however small. These people were the ones who had the vision that made Arlington Heights a city in which people want to live.

It is up to us who remain to continue making Arlington Heights the finest town northwest of Chicago.

George F. Schneberger
Arlington Heights

### *Health Hazard*

We now have a health hazard here in the Village of Bloomingdale, which has become a nuisance to the entire neighborhood, namely an affluent which comes from a business establishment, that has been cut off from the drainage system formerly used, namely the storm sewer system.

What now takes place is the fact that the raw affluent runs down parallel with the pavement and makes holes deep enough to drop a car in and get stuck in the mire.

* * *

**I PERSONALLY** contacted the Du Page health department, also the state engineer department and so far we have no cooperation from either party.

I took pictures of the condition of this hazard and sent them to the state department and they acknowledged the receipt of same. This affluent certainly has a very distinct odor and will not be anything but a health hazard.

* * *

**I WOULD** certainly appreciate it very much if you could see your way clear to take a look at this health menace and give it a write up. You can have the privilege of using my name as a representative of the other neighbors.

John E. Hjelte
Bloomingdale

# Wife Collects Rare Coin Banks, Husband Refinishes Furniture

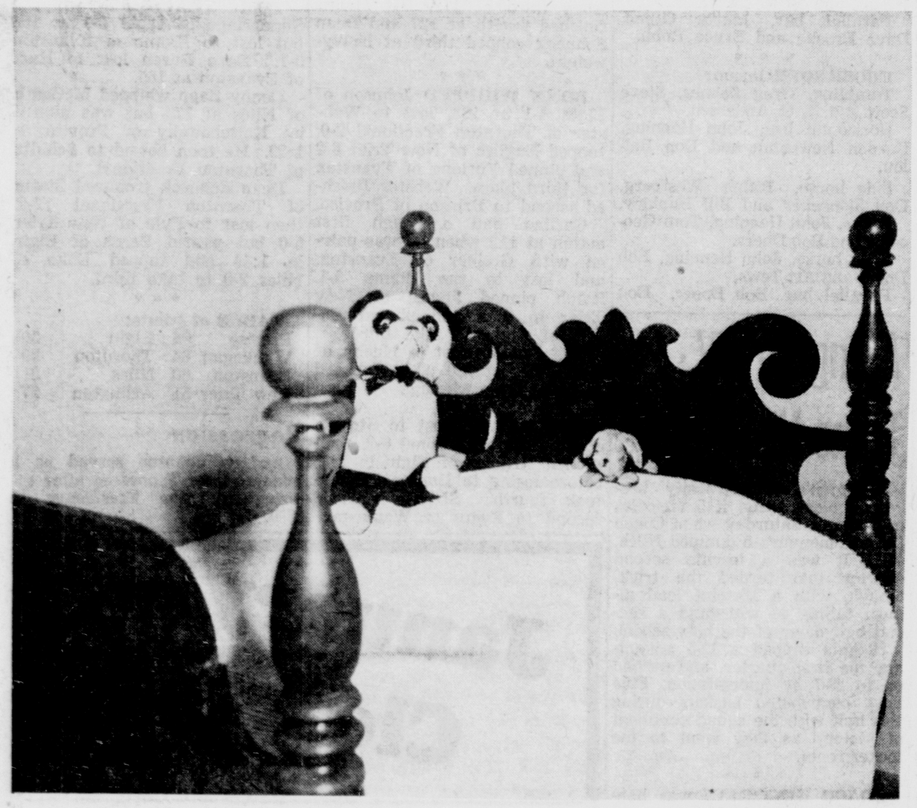

An Arlington Heights couple has devised a perfect husband and wife hobby combination: she collects, and he creates.

This arrangement has resulted in a valuable collection of antique mechanical coin banks, an array of imported beer mugs, 3 complete sets of antique dishes, and a houseful of refinished antique furniture.

The creator is Fred Westfall, brother of TV star Kay Westfall; the collector is his wife, Enid, whose pride and joy is the display of coin banks in their early American living room at 843 S. Highland ave.

**FRED WESTFALL** stands behind the basement bar which he got from a Twin Lakes tavern which disposed of furnishings when it went out of business. He refinished the bar and installed complete plumbing for the fixture. Fred's home projects have included upholstering, caning, refinishing, and wiring. He also likes to putter about his yard and garden.

**THIS BED,** handmade during the Civil War, is now used by the Westfall's 6-year-old son, Ricky. Originally constructed as a "rope" bed, it has been fitted with conventional springs and is another of Fred's refinishing projects—one of his most difficult, since it required removal of numerous layers of paint.

**THE PENNY** banks were popular during the 19th century as incentives for children to save. There are approximately 245 known varieties of the iron novelties.

**Enid's interest in the banks was sparked when her brother-in-law, some years ago, presented her children with "Jonah and the Whale," which started the collection.**

Since then, she has added 20 more to her assortment but admits that it's now expanding at a slow pace.

"Demand for these antique banks has increased tremendously," she explained. "Not only are they becoming scarce, but quite an expensive item."

* * *

**IT'S NOT** uncommon for an authentic bank to cost as much as $75 or $100 today.

**Most of the banks in Enid's collection were purchased in antique shops in and around Elkhorn and Genoa City, Wis. Her oldest bank dates back to 1873 and portrays a Tammany politician sitting in an arm chair. When the coin is dropped in his vest pocket, his head nods "thank you."**

One of her rarest banks is the eagle and eaglets. When the coin is placed in the eagle's mouth, it is dropped in a nest with tiny eaglets moving their beaks and chirping. The chirping is provided by bellows concealed within the bank, and it is one of the few such banks still in existence with bellows in working order.

All of the mechanical banks are in operating condition.

* * *

**THE DISH** collection includes a Melton pattern from the Alfred Meaken factories and 2 sets of dishes in the popular "flowering blue:" Touraine of England by Henry Alcock and Seville by Wood and Son. She has complete service for 12 in all 3 patterns.

**The array of imported beer mugs, displayed on shelving which rings the kitchen wall, has been handed down through the family. They include a German mug of clear amber-colored glass with an enameled figure of a dancing bar maid. Another unusual mug is from the Alps and carved from wood.**

* * *

**IN THE WORDS** of his admiring wife, handyman Westfall "can do almost anything."

This includes furniture refinishing, reupholstering, wiring, plumbing, and caning chairs.

**The "home workshop king" did become stymied, on one project: repair of an antique clock. After the clock was taken apart, it was necessary to call a jeweler "to save the day."**

His wife added that he is still determined to conquer the clock!

Among impressive examples of Fred's handiwork is a dining room table, 11 chairs (which he caned as well as refinished), chests, an antique medicine cabinet, a Lincoln rocker (which he also reupholstered), and a rope bed which originally belonged to an aunt. Hand-made during the Civil War, the bed was his greatest challenge with its many layers of paint.

* * *

**ALL REFINISHING** is done by hand except for large areas which are covered by an electric sander.

Fred's most current project is rewiring of an antique lamp.

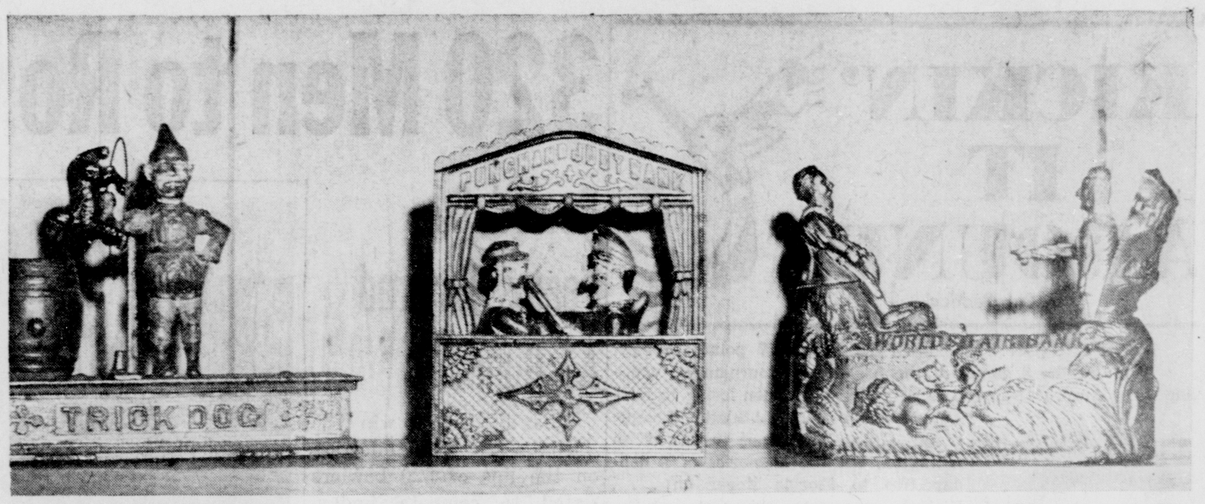

The Westfalls are particularly happy to be living in Arlington Heights since it means more time to pursue their hobbies.

**Until moving to Arlington 3 years ago, Fred had commuted 3 hours a day for 8 years to and from Genoa City, Wis., and his job with the Celotex Corp. in Chicago.**

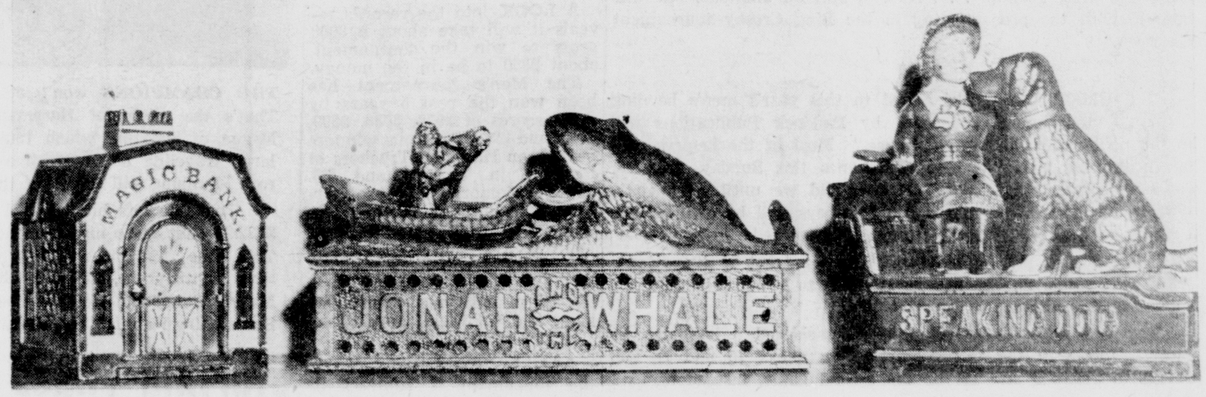

Their only regret at leaving Wisconsin: Fred and Enid are avid fishermen, and they miss their lakes.

In addition to their hobbies, the Westfalls are kept busy with their 3 children: Carroll, 14; Nancy, 12; and Ricky, 6. Enid is interested in scouting and last year was responsible for 2 troops.

**ENID WESTFALL, 843 S. HIGHLAND,** Arlington Heights, is a collector. Among her collections are 21 antique mechanical coin banks. At left is a trick dog, who, when coin is placed in his mouth, jumps through the hoop and into the barrel. In center is an 1884 Punch and Judy bank. Coin is placed on plate in Judy's hand. While Punch rushes forward brandishing a club, Judy turns quickly and deposits the coin in the bank. At right is a gold bank from the 1893 World's Fair. When the spring is released, an Indian appears through the base and offers a pipe of peace to Columbus. The iron banks were most popular in the late 19th century, are now rare collector's items.

**MECHANICAL PENNY BANKS** were an attempt to make saving lucrative to children. The bank in the center, Jonah and the whale, was the first in Mrs. Westfall's collection. Coin is flipped into flapping whale's mouth from Jonah's back. At right is a "speaking dog." When the girl drops a coin into the bench, the dog's tail wags and his mouth moves.

**THESE 3 ANTIQUE BANKS** could be described as "call of the wild." The mechanical savings devices include William Tell at right. Coin is placed on tip of gun and when the spring is released, coin shoots apple off the boy's head and pops into the castle. In center is Teddy Roosevelt, who shoots the coin into the tree stump, causing a bear to pop up.

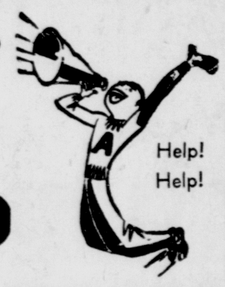

**HOBBYIST WESTFALL** explains it simply: "I like to collect things." She is shown standing next to a breakfront containing some of her antique dishes. Her husband, Fred, specializes in refinishing of furniture. His handiwork includes the dining room table, the chairs (he also caned them), the chest at left as well as the antique medicine cabinet hanging on the wall. The cabinet originally was his grandmother's.

**ANOTHER COLLECTOR'S ITEM** in the Westfall's Arlington Heights home are the imported beer mugs which ring the kitchen wall. Most of the mugs have been handed down through the family. Some of the collection is shown here, including the German mug at left which is of clear glass, amber colored, and includes an enameled figure of a dancing bar maid. Third from right is a hand-carved wooden mug which originated in the Alps.

SOMETHING NEW added to this year's men's bowling tournament sponsored by Paddock Publications will be the policy of "splitting the house." Most of the keglers rolling in the big event at Gunnell's Lanes this Sunday, Jan. 13, won't understand that term. Neither did we until Al Walter, tournament official, explained: the 16 alleys will be divided into 2 groups of 8 as far as competitors are concerned.

**When each pair of teams moves over 1 set of alleys for the next game, no one will be required to bowl more than 1 game on end alleys.**

The end alleys have often been considered a handicap by many. This way the teams starting on alleys 15 and 16 will switch to alleys 9 and 10 for the second game, instead of to 1 and 2 as previously. In other years the teams that started on the 4 alleys farthest to the right of every establishment bowled 2 games on the end lanes, while others bowled just 1 and still others none at all.

**Once again tournament managers are stressing being on time for the tournament. Bowlers should report early enough to the alleys in order to be ready to bowl at the appointed times.**

The tournament has always started on time, with final squad ready to go 5 minutes early 1 year. In event a bowler is late his team will be credited with gutter balls, registering zero, until he shows up. In league play an average can be taken, but not so in a tournament. It is suggested each team have a possible substitute on hand just in case.

THE PROGRAM won't state it, but it will be "personal grudge night" at Leyden high school Friday when Arlington Cardinals gymnastics teams open a new season against the Eagles. Heights coach Gay Hughes and Leyden mentor Don Von Ebers, a subscriber of ours by the way living in Virginia Terrace part of Arlington, competed for the same positions with the University of Illinois gymnastics squad a few years back. Both boys had outstanding records in college and both initiated their favorite sport at their respective schools.

**Don has seen nothing but Gay's heels in 4 years of competition to date, and is out to retaliate this time.**

Don has practically his entire team back from last year, while Gay has a new squad in a year termed "a building season." Leyden will undoubtedly take most of the honors Friday night but Coach Hughes is hoping to even things in a return match at Heights Jan. 29. Sidelight of the entire affair, this will be the first frosh-soph meet in history for the young Cardinals.

ARLINGTON VFW is going all out to help athletics at Arlington high school with a couple of trophies, and track and wrestling meets in the planning. Bill Beckman, high school coach and member of the VFW, was a logical man to be put in charge of the entire project.

**Grade school track meet for elementary schools within the high school district will be held on the high school track toward the end of the school year.**

The VFW will have a large traveling team trophy, with any school copping the meet 3 years in a row gaining permanent possession. In addition, individual winners will receive medals with 4 ribbons given in each event.

**Grade school wrestling tournament will also be held under the same deal, with the meet the climax of instruction program carried on in local grade schools by high school grappling coaches Dick Mudge and Maurice Kellogg.**

Here again there will be trophies for individual winners, with ribbons to the next 3 finishers in each weight. Full details on trophies to be given for football and basketball will be announced later.

STANDING ROOM is likely to be at a premium Sunday night at Gunnell's Lanes when the final shift of Paddock tournament bowlers come down the home stretch . . . All shifts are planned so that each team will be bowling against another team of near-equal strength . . . Four of the top 5 teams in the tournament, averaging from 848 to883, will be competing on the right half of the alleys on the 7:45 shift . . . Hamm's Beer of Bowlwood Scratch league of Wood Dale will carry an 848 average on the first shift at 1:00.

**Tody's Lounge of Liquor Dealers league will be bowling its home alleys at 3:15 and carry an 837 average as the top team on that shift.**

Rob Roy golf club of Friday night league at Gunnell's will carry the top figure of 845 on the 5:30 shift . . . On the last squad will be Union Hotel of Wednesday Men's league from Jeffery Lanes with 848 and L-Nor Cleaners of Businessmen's league at Gunnell's . . . Just to their right, starting on alleys 15 and 16, will be the 2 top teams in the tournament, both with 883 averages . . . Arlington Furniture Mart will represent Beverly Classic league with Timroth Plumbing representing Hi-Way Classic loop.

# 320 Men to Roll Sunday In Paddock Tourney

## Record 64 Teams Entered At Gunnell's

What'll it take to win it? That's the $150 question on the lips of 320 bowlers slated to compete Sunday, Jan. 13 in Paddock Publications Inter-league Handicap bowling tournament at Gunnell's Lanes, rtes. 83 and 12.

First place teams of 64 men's leagues within the area served by Paddock Publications will compete for the large traveling sponsor's trophy, the 5 individual trophies, and about $465 in prize money including about $150 to the winner.

* * *

**A LOOK** into the records reveals it will take about a 3000 gross to win the tournament, about 2850 to be in the money.

The Men's tournament has been won the past 5 years by gross scores of 2979, 3036, 2899, 3041, and 2999. Previous winners have been Haseman Truckers of Palatine in '52, '55 and '56. Black's Memorial Home of Arlington Heights in '53, and Len & Sev's IGA of Bensenville in '54.

And there you have it, bowlers. Listed this week are starting alleys and times, team averages, and unofficial handicaps.

* * *

**ALL A TEAM** need do to win the tournment is subtract its handicap from 3050, bowl that net score Sunday, then sit back and wait for the checks. Actully, every team winning the tournament has done so by bowling about 60 pins over average for each game.

In other words, a team that averages 750 will probably win the tournament by averaging 810. It's as simple as that (we're not bowling Sunday with pressure on every ball.) Any team which can bowl about 60 pins over its average for 3 games Sunday has a chance of taking honors.

* * *

**PRIZE FUND** for the men's tournment will total about $465 in the case of 62 teams being entered. This means about $150 for first and $103 for second place. All of this cash will be dispensed in addition to the 5 individual trophies and the very handsome large traveling sponsor's award.

Other places will pay in the neighborhood of these amounts: third $68, fourth $45, fifth $36, sixth $27, seventh $18, eighth $9. In addition high team game out of the money will receive $10.

* * *

**LOCAL BOWLERS** can find Gunnell's Lanes with ease. The year-old 16-alley establishmen is located at the junction of routes 83 and 12, just north of Mt. Prospect, along Rand road. Restaurant and cocktail lounge are part of the establishment, serving bowlers and their families if desired.

ABC tournament rules will be followed to the letter. These include emphasis on time of bowling. "Every bowler must bowl on the same alleys and at the same time as his teammates." This means any late bowlers will receive zero for their efforts in any late frames.

Tournament sponsors hope to run the tourney on the dot, as they have in the past. Teams are urged to consider having a substitute on hand in case a quick snow storm, flat tire, or something delays one of the competitors.

We'll see you Sunday.

**THE CHAMPIONS** won't be back to defend their crown. That's the plight of Haseman Truckers of Hi-Way Classic league of Palatine which took permanent possession of the large traveling trophy with a 2999 gross a year ago. Timroth Plumbing will represent their league this time.

The Truckers hit 941, 884 and 865 for a 2690 net to cop $122.93 first prize money in addition to 5 individual trophies. This time first place money will be worth more than $150 with eighth place pulling in about $10. Front row smiles are Marvin Perry and Howard Olson. In the back row are Vince Shubat, Irv Hahnfeldt and Warren Perry.

## Card Frosh Win

A 17-3 second quarter advantage gave Arlington's frosh 'A' basketball squad a 51-29 victory over Niles Saturday morning, with both teams substituting liberally the second half.

Coach Ken Schaller's yearlings started slowly, with Niles holding a 12-11 first period lead. Then the roof fell in for Niles with the Cards' Kennedy adding 10 points to the 6 he tallied the first quarter.

Niles was considerably below par of past years, and petered out after the second quarter.

# League Leading Glenbard At Arlington Friday

THURSDAY, JAN. 10, 1957

The golden opportunity of upsetting undefeated Glenbard will face Arlington's Cardinal basketball team Friday night when the Bards bring a record of 11 straight victories to town.

Arlington dropped the previous meeting between the 2 schools, and will be underdog in this contest.

But if the improvement seen in the young Cardinals continues the locals will make it a tough ball game for the visitors and could conceivably cop this one, gaining revenge for the previous defeat.

* * *

**GLENBARD** has 8 lettermen. The Bards have won every time out this year. They have in Biederman and Thompson 2 outstanding boys who were named to the Kankakee all-tourney team. Thompson is leading scorer in the WSC, and is a junior.

Two of those wins for Glenbard at Christmas time were a 4 pointer over Ottawa and an overtime decision over Champaign. The Bards whipped LaGrange by 7 points on the Glenbard court. Arlington knocked off the Lions by 6 on the LaGrange floor. The Cardinals won the 4-team tournament at Leyden, with Niles cutting a good figure in the Suburban league and Leyden named among the top 2 in the South Suburban loop.

* * *

**IMPROVED PLAY** of Dan Vittum, Pat Brownell and Tom Grey has given the Cardinals more all-around balance. Capt. Tom Jacobsen and Bill Palmer are the only seniors among the starters, another good point in the outlook for next year.

Early games of the Cardinals showed the disadvantage of lack of experience. Many's the bad pass, and stumbling evident in those early games, particularly when opposing teams went into the press. Coach Howard Lester has brought his boys through that learning period to where they now have the experience and poise to handle a press. They have the finesse to cop more than their share of games the rest of the season.

Halftime entertainment during the varsity game Friday night will be the Cardettes, a group of twirlers trained by Fritz Schmoyer, head of the music department at Arlington high school. The girls will present 3 routines, 1 of them in "black light" which should be effective. Music for the evening will be provided by the organ.

# Card Gymnasts To Open Friday Night At Leyden

Arlington high school's gymnastics team will open another season of competition Friday night at Leyden in the first 9 meets preparatory to the state competition at Champaign March 15-16.

Intrasquad matches gave Coach Gay Hughes his starting lineup for both varsity and frosh-sophs, with the latter event the first in history of the school. Rick Farris is the frosh-soph gymnastics mentor and is working with 36 boys. Hughes has 11 on his varsity.

* * *

**THE BOYS** named 2 captains for the eliminations, with Capt. Ed Wilson's Reds edging Capt. Roger Meyer's Whites 196-195. Here are the expected starting varsity lineups for the Leyden meet:

Tumbling and trampoline, Cary Harting, Tom Landmeier and Gary Moreland.

Horizontal bar, Marty Green, Bruce Robb and Ed Wilson.

Side horse, Bill Lipke, Ed Wilson and Bruce Robb.

Rings, Tom Seward, Ed Wilson and Bruce Robb.

Long horse, Dave Brooke, Ed Wilson and Bruce Robb.

Parallel bar, Marty Green, Dave Brooke and Bruce Robb.

* * *

**FROSH-SOPH** lineup:

Tumbling, Greg Zehner, Steve Scott and R. C. Anderson.

Horizontal bar, John Henning, Gordon Newcomb and Don Ballou.

Side horse, Ralph Westberg, Don Slonecker and Bill Hankley.

# Arlington Wrestlers Run Last In Waukegan Meet

Proviso walked off with top honors in Waukegan holiday grappling tournament last weekend with the host school taking second. In last place was Arlington with 27 points.

The Heights lads gained their points when Jerry Bonn took third at 103, Ralph Carlino finished third at 112, Pat Harris finished fourth at 127 and Dean Schneck copped third at heavyweight.

* * *

**BONN WHIPPED** Johnson of Elgin 4-1 at 103, lost to Webster of Thornton Fractional 2-0, topped English of New Trier 8-2 and pinned Furlong of Evanston for third place. Webster finished second to Brinson of Proviso.

Carlino had a rough first match at 112 when he was paired with Greiner of Evanston, and lost to the champ 3-1. Ralph pinned James of New Trier in 5:14 and pinned Ensign of Elgin to take third.

Phil Deming lost to Kuehn of New Trier at 120 with Hubbard of New Trier winning.

* * *

**PAT HARRIS** lost to Stockle of Thornton Fractional 6-2, then pinned Kramer of Elgin in 1:35 before losing to Donata 2-0 and took fourth. Stockle finished second to Evans of Waukegan.

Ed Schumacher did a good job at 133 in whipping Warren of New Trier, but lost to Gibour of Waukegan 7-5. Dick Leckband lost to Grant of Waukegan at 138 and Ernie Rodriguez lost to Floravant of Proviso at 145.

* * *

**TOM THACKERY** whipped Sunderlage of Elgin 3-1 at 154 but lost to Kamin of Evanston 3-1. Dave Buren lost to Hart of Evanston at 165.

Denny Zapp whipped McGrath of Niles at 175 but was pinned by Kolschowsky of Proviso in 1:29. He then bowed to Schultz of Thornton Fractional.

Dean Schneck trounced Siatta of Thornton Fractional 12-2, then lost to Pyle of New Trier 5-0 but pinned Berna of Elgin in 1:44 and topped Enke of Niles 2-0 to take third.

* * *

**TABLE** of points:

| | | | |
|---|---|---|---|
| Proviso | 94 | Elgin | 50 |
| Waukegan | 64 | Thornton | 39 |
| Evanston | 60 | Niles | 31 |
| New Trier | 51 | Arlington | 27 |

# Arlington JV Trims Niles

Arlington's junior-varsity basketball team made it 5 victories in 6 games Saturday when Coach Dick Kinneman's 5 dumped Niles, 40-37. It was a terrific second quarter that turned the trick, though, with a 16-point lead almost failing to withstand a second half drive of the host school.

Heights copped a 12-5 advantage the first quarter, and pushed on to 23-7 by intermission. Five boys contributed baskets during this half with the squad confident of victory as they went to the locker room.

* * *

**COACH KINNEMAN** was happy with his team's 16-point margin at the half, but sweated out third and fourth periods as Niles came closer 10-8 the third segment and 20-9 the final period. Arlington missed several layups the second half which hurt.

Top scorer for Heights was Alan Hutchinson with 10. Both John Anderson and Bob Mors potted 8 with Dan Borgen garnering 7. For Niles Henrici was tops with 10.

Next game for the JV's is this Saturday morning at Notre Dame high school. (Sp

# Women Keglers In Tourney, Too

Women keglers, possible 150 strong, will take to the lanes at Mt. Prospect Sunday, Jan. 20, with at least $60 going to the winners in the annual Paddock Publications Inter-League Handicap bowling tournament for the ladies.

Lange Pharmacy of Bensenville Homemakers league won the event on its home alleys a year ago. Members of that team collected $12 apiece, plus individual trophies. This time there will be at least 26 teams entered, possibly 30, by the time the final count is in.

* * *

**MT. PROSPECT** Bowling Lanes offer spots for 30 teams on 5 squads. Tournament sponsors announced Tuesday morning there was still 1 spot open at 12 and 3 spots open at 10 p.m.

List of entries received thus far are printed elsewhere in this week's sports pages. (Sp

# Heights Wrestlers To Be Host To Quadrangular

Arlington will play host in a quadrangular wrestling meet Saturday morning and afternoon when New Trier, Oak Lawn and Tilden come to town. The meet will be the second event for Heights grapplers bringing the local boys against the best in the suburban area.

First session will be held at 10 a.m. Saturday with afternoon session beginning at 2. Admission for each session will be 25c for students and 50c for adults.

**THESE WILL BE** 1 round of wrestling on 2 mats in the morning, with consolation at 2, also on 2 mats. Finals will immediately follow on 1 mat.

Team points to be given include 10-7-4-2 with additional points given for falls and forfeits or defaults.

Co-coaches Dick Mudge and Maurice Kellogg will be hosts at the meet with Russell McCarthy of Hinsdale and Jack Robinson of Thornton officials. (SP

# MAC SAYS

by G. A. McELROY

STARTING THIS WEEK we are adding a new feature to the last section of our column each week which we feel may be of interest to the older residents of the Paddock Publications area. We are mentioning some items each week from the Paddock sport pages of 10 and 20 years ago. The emphasis will be on the Northwest conference activities but since Arlington Heights was not a member of that group 10 years ago we shall usually have some mention of the Cardinals in that section.

**Twenty years ago the Northwest conference included Arlington, Palatine, Barrington, Leyden, Lake Forest, Libertyville, Antioch, Wauconda, Ela-Vernon, Bensenville, Grant, and Warren for a 12 team league.**

Ten years ago the Northwest was much as at present with Barrington instead of Grayslake while Arlington was in the now defunct Northeast Conference with Crystal Lake, Woodstock, Warren, Libertyville, Lake Forest, Leyden, and Niles.

* * *

AFTER A LAYOFF in Northwest conference athletics since December 21 the league teams go into action in basketball Friday night with 2 more teams to be met in the first round of play. Palatine has Ela this Friday and Glenbrook on the road next week to complete the first round and Fenton still has to meet Glenbrook and Ela.

**It will surprise us if Grant loses a game in the conference this season. Developments in the last month indicate they might find the second round just as easy as the first.**

If they get by their game at Antioch Friday night they will have only home court games remaining with the only teams capable of giving them a close battle. This Friday will be sort of neighborhood week with short trips and real rivals meeting. Ela-Vernon will be at Palatine, Grant at Antioch, Glenbrook at Fenton, and Grayslake at Wauconda. All should be close games.

* * *

THOSE ELGIN MAROONS who top the state ratings are plenty big. At forwards are Gary Kane (6-4) and Ted Tammear (6-5.) At center is Chuck Brandt (6-6) who is breaking scoring records left and right. At guards are Dick Becker (6-5) and Phil Sokody, midget of the team, at 6-1. Saturday night when Elgin beat Leyden it was their 10th straight win without a defeat this season.

**Coaches sons are doing all right in sports in this area. Ronnie Stanton, son of the former Zion coach, popped in 28 of 45 scored by his team as they lost to Wauconda Friday.**

Harley Ridgway who plays forward for Wauconda is a son of the Bulldogs track coach. Guy Curtright's son at North Chicago is a talented football and baseball player. Dick Welty, son of the Palatine track coach, is doing well on the soph cage team and lettered in track and football. Best of the lot in our book, though, is little Max Sanders, son of the former Libertyville coach, who as a soph is an outstanding varsity cager. Sanders scored 18 points as the Libertyville Wildcats beat Ela-Vernon 61-57 last Saturday getting 10 in the last quarter.

* * *

LITTLE JACK FRETER has made 3 baskets this season for Palatine's soph team. Friday he made one of them on a long desperation shot just as the quarter buzzer sounded at the end of the third period when everyone was yelling for someone to shoot. This turned out to be the winning basket. On top of that, Freter's other 2 points of 4 made were 2 free throws with 15 seconds to go which were Palatine's last points in a 55-53 game.

**Freter has made 10 points this season but could not have picked a better time to score 4 of them.**

Larry Wheeler who once represented Palatine in the state meet in wrestling and is now a sophomore at Purdue is a strong candidate for the heavyweight wrestling position. Wheeler states that one of the best candidates from this area is Gil Mesic of Waukegan who wrestled on the varsity team last year as a soph at 165, the weight where he won top state honors 3 years ago.

* * *

BARRINGTON HAS BEEN winning consistently since they dropped an early season overtime game to Waukegan but the Bronchos have shown anything but championship class on occasions. For instance their 50-49 win at Libertyville before Christmas and a two point win over Geneva last Friday scarcely get one excited about state tourney chances.

Being one of that vast army of golfers who measures his score from the "bogey" figure rather than par, we are very much interested in the new rules announced by the United States Golf Association for 1957 which will make par more difficult to achieve and will give the bogey shooters a yardage target instead of simply one-over-par.

**Par is toughened by lengthening the yardage for computing pars of 4 and 5 and abolishing a par of 6. The maximum distance for par 3 remains up to 250 yards; par 4 is now from 251 to 470 yards instead of 251 to 445; par 5 is now 471 yards and over instead of 446 to 600.**

The bogey shooter's break, which he gets infrequently, comes with a decision to retain par 6. Bogey will be 3 on holes up to 190 yards; 4 on holes from 191 to 370; 5 on holes 371 to 540 and 6 on holes over 541.

* * *

MIKE HAVILAND, the little red headed play maker and unanimous all-conference leading scorer for Antioch's champs of 1955, is the smallest player on the Marquette University varsity squad this year. Haviland stands 5-11 and only weighs 148 pounds.

Jim Buciak leads the scoring for the players in Lake County, after 10 games, with 210 points or 21 a game average. Alden Rudin of Warren has 193, Jerry Huml of Antioch 185, and Denny Hodge of Grant 170. There are 14 prep cage teams in the county with Waukegan's 9-1 and Barrington's 9-1 the best records, while Wauconda is last with 1-9, winning last Friday from Zion after 9 straight losses.

* * *

THEY'RE STILL TRYING to pick a nickname for the athletic teams at Lake Park high school. The student council has cut the original list of over 100 to ust 5. The student body is expected to make the final decision next week.

**Names still up for consideration include Vikings, Lancers, Knights, Spartans and Mustangs.**

This is the first year of operation for the school located at Medinah, drawing students from Itasca, Roselle and Keeneyville. There are no seniors at Lake Park this year, but will be next fall. School colors are blue and white.

**20 YEARS AGO—JANUARY 8, 1937**

Four Northwest Conference teams held a holiday tournament at Arlington Heights with Leyden beating Arlington 22-19 in the final and Palatine taking Barrington 22-18 for third place. Arlington beat Barrington 26-22 in the first round and Leyden took Palatine 22-14. Palatine was without two regulars, John O'Brien and Bruce Koch. Don Harshbarger and Ike Craig officiated the tourney. The all-tourney team included Pingel and Allen of Arlington Heights, Cliff Haemker and Tom Philben of Palatine, Nelson and Zuperku of Leyden, and Ed Gaare of Barrington.

Palatine beat Bensenville in a non-league double bill with lights taking a 24-15 decision as Jack Escorcia of the Bisons got 11 and the varsity winning 33-28 as Koch got 11 for the Pirates and Bob Thomas 15 for Bensenville.

During the holidays the Bensenville team coached by Wes Johnson beat the alumni 27-21 for the first time since their annual series started in 1926.

**10 YEARS AGO—JANUARY 8-10, 1947**

Ela-Vernon was leading the Northwest Conference with a 4-0 record while Palatine was 3-2 . . . Barrington frosh-soph had 5-0 record while Palatine and Bensenville were in second place 4-1 . . . LaLonde Realtors beat Bensenville 61-28. In Palatine lineup were Dick Stinson, Bob Hollinger, Dick Hildebrandt, Bucky Harris, and Mervin Fink of former Palatine Northwest champ teams and Jim Millay, former Arlington mainstay. Hildebrandt scored 21 points . . . Principals of Illinois voted 444-139 to limit high school basketball schedules to 20 games effective in the 1947-48 season. Teams entering no tournaments except the state sponsored series might play 23.

# Pirates To Resume NW Play Friday Against Ela

by G. A. McElroy

The firing on the Northwest conference cage front takes up again Friday night as 7 teams try to overtake title bound Grant, coached by Ray Collier. Antioch, one of the most likely prospects to upset the Grant Bulldogs, takes them on Friday on the home court. If Grant gets by this one their remaining games the second round against their chief rivals will be on their home court where they have a decided advantage.

Grant has an overall 9-2 record with both losses overtime decisions to McHenry of the North Suburban conference. In the Northwest Grant has yet to have a really tight game. Friday's cage battle could be the one which drops them from that 5-0 league record into a tie with Antioch and possibly Palatine should the Pirates beat Ela-Vernon. The return to action of veteran guard, Sid Parker, injured in football, may be what Antioch needs.

* * *

**PALATINE** has its work cut out for it Friday. Ela-Vernon (2-3) should be the underdog but we cannot give them that rating after losing by 4 points to Libertyville in a close battle all the way. Libertyvile, the night before, moved ahead of Palatine in convincing fashion in the second half to win by 9 points. Ela played Libertyville with their number 2 man on the sick list. Erv Pohlman may be back to bolster Coach Ladd's Ela Bears Friday and there is no one they would rather upset than the Palatine Pirates who have been their rival in the conference since 1925.

If the Pirates hope to whip the small but fast Ela club they must slow down the scoring of Jim Buciak who has averaged 21 points a game in 11 contests to date. If he is held to 12 the Pirates should come out on top, other wise it may be like one of those close ones local fans watched when Palatine played Arlington Heights and Maine Township.

Bruce Crane started to hit the past weekend and Dick Wisner continues to be the number 1 or 2 scorer. If Terry Moore and Roy Hahnfeld start hitting consistently from the field the Pirates could cause a lot of trouble the rest of the way. Coach Fabri has figured Palatine would really make their move after the holidays. The rest of the way Palatine has only conference teams on the schedule.

* * *

**FENTON** takes on Glenbrook on the Bensenville court Friday night. The Spartans have been having a dismal season but would like nothing better than to beat Fenton. The DuPage county boys are going to have to give Lars Henriksen some scoring support or they are going to lose a number of games and Friday might be another of them. Fenton lost to Grayslake in their own holiday tournament finals after beating the Rams by 15 points in a conference game. It will take a better effort to beat Glenbrook even if they are down.

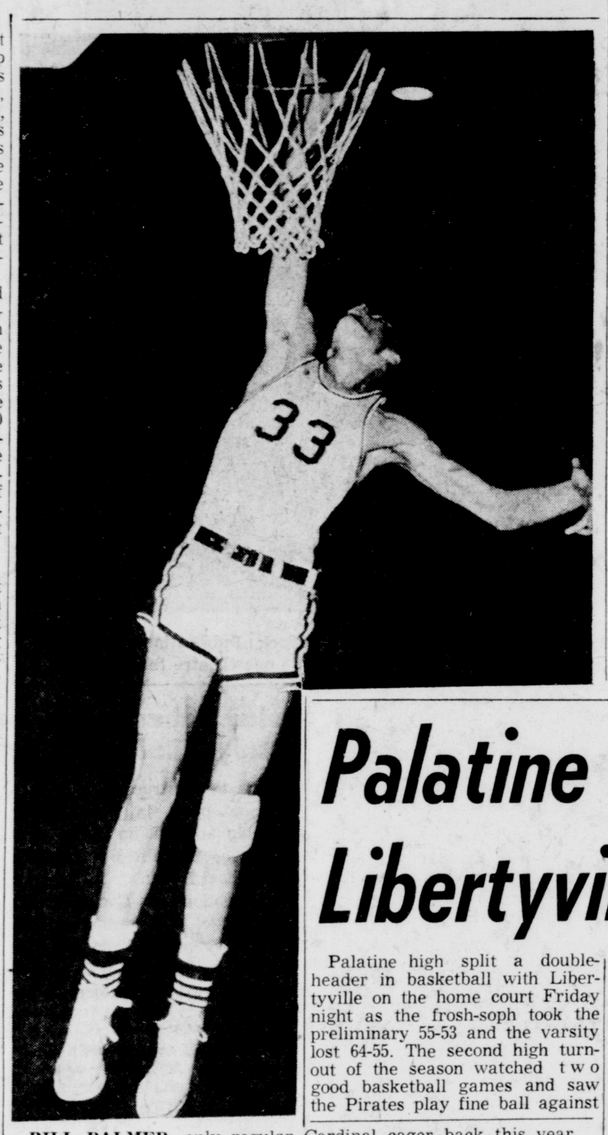

The frosh-soph game will bring together two of the bottom teams in the league as Glenbrook seeks their first victory.

* * *

**THE LOCAL** rival arrangement, which seems to operate in the scheduling of games this particular week, sends Grayslake to Wauconda. The Rams won the Fenton holiday tournament and have 3 wins in a row and a 2-3 league record. Wauconda has an overall 1-9 mark with 5 straight conference setbacks. Last week's conquest of Zion indicates Wauconda may be ready to bid for some league victories.

Grayslake has a pair of fine little scoring guards in Ernie Ritta and Denny Hunziker and in the tournament Anderson, Clow, and Farm appeared to come into their own. Grayslake may be ready to justify the ratings of 4th or 5th in the standings given by the so-called experts at the start of the season.

Saturday night many of the Northwest teams go into action against non-league opponents with Maryville at Ela-Vernon, Racine at Grant, Grayslake at Libertyville, and North Chicago at Wauconda.

**BILL PALMER**, only regular Cardinal cager back this year, has become the Arlington five's leading offensive and defensive rebounder. He has developed ability to score from the outside, and is a good driver.

Bill's improvment is most notable in poise, gaining needed experience as the games went by both last season and this. He has become a proficient defensive man, and is averaging 12 points on offense. His 6-4½ has been a big help, of course. Bill was handicapped early in the season with a badly sprained ankle, but has completely recovered.

This week Bill and the Cardinals will play host to West Suburban conference leader Glenbard. The visitors will bring to town a record of 11 straight wins, including championship of the recent Kankakee tournament.

## Libertyville Edges Ela-Vernon

Libertyville nosed out a never say die Ela-Vernon 5 Saturday night 61-57 on the Wildcats' court as little sophomore Max Sanders tallied 10 points in the final quarter. Ela trailed 28-26 at the half but stayed right on the heels of the eventual winners and was within two points with 30 seconds to go.

Then a foul gave Max Sanders a chance to score two free throws and set the winning margin. Sanders who is a sophomore scored 18 points while Sitz at center got 16 for Libertyville. Jim Buciak who also scored 10 in the 4th quarter had a total of 20 for Ela-Vernon. Ela played without Erv Pohlman, their number two scorer, who has been ill during the holidays.

# Palatine Drops Double Loss At West Aurora Sat.

Palatine dropped 2 games at West Aurora Saturday night. The frosh-sophs stayed even one half and then dropped a 45-35 decision while the varsity was outscored in every quarter, losing 68-49.

The Palatine varsity did not get balanced scoring or enough shots at the basket as they trailed from the outset 15-9 the first period and 36-24 at the half. Both Hahnfeld and Moore failed to hit from the field though together they made 11 of 15 free throws. Bruce Crane found the range again after a three game slump and took scoring honors for the Pirates with 19 points including 8 of 12 from the field. Dick Wisner continued to score well getting 11 points. Jim Gilkey, rangy West High center, tallied 24 points on 7 field goals and 10 of 15 free shots. Harms had 17 and Long 11 for the Aurora team. Both teams used numerous substitutes.

Palatine made 14 out of 40 and West Aurora 24 of 58. The Pirates had 21 of 33 free throws and Aurora 20 of 38. It was Palatine's 7th straight non-conference loss as compared with a record of 4 wins and 1 loss in the Northwest Conference where the Pirates are tied for second place.

* * *

**PALATINE** sophomores stayed with West High 19-19 at the half but could not maintain the pace as they dropped a 45-35 decision Saturday night at Aurora. Palatine shot only 26 per cent from the field while their opponents made 18 of 36 for 50 per cent. Palatine stayed in the game for a time on free throwing, having one of their best nights with 17 hit on 23 attempts.

Pete John, who scored 18 points for Palatine, had a good night at the free throw line with 8 for 11 but took 23 of Palatine's 35 shots from the field and hit only 5 times. Dick Welty got 2 baskets in 4 shots and 2 for 2 free throws for 6 points. Secor of Aurora had 15 points and Pottieger 10. Palatine sophs record to date is 3 league wins and 1 non-conference victory as against 2 league defeats and 5 non-conference losses.

## Grant Defeats West Chicago, 88-68

Undefeated Grant of the North West conference topped West Chicago in a non-league tilt Saturday night in a free scoring game 88-68. Denny Hodge tallied 20 points to lead the Bulldogs followed by Russ Connelly 15, Ronnie Madden 13, Pat Tierney 15, and Dick Grenell 12.

Grant trailed 21-18 the first period but outscored the visitors 32-13 in the next 8 minutes for a half time margin of 50-34. It was Grant's 9th win in 11 games, their only set backs being two overtime decisions by 61-60 and 64-61 in non-league encounters with McHenry of the North Suburban Conference. (Sp

## Charity Artist

Bob Stumpf is one of the most accurate shooters Lake Park has on the cage court, with a very high 81.2 per cent accuracy record at the free throw line. Bob recently hit 51 in a row in practice, and has made 56 of 69 attempts so far this year.

Bob is a junior, and will be back for more varsity action next year. He's pivoting and getting ready to toss a shovel pass at this moment. He tossed in 19 points against St. Procopius Saturday night, playing the guard position.

# Palatine Varsity Loses To Libertyville But Sophs Win

Palatine high split a doubleheader in basketball with Libertyville on the home court Friday night as the frosh-soph took the preliminary 55-53 and the varsity lost 64-55. The second high turnout of the season watched two good basketball games and saw the Pirates play fine ball against strong competition.

Palatine varsity met a team over which they held a height advantage but which was touted as a better shooting team. This situation was correct. Palatine did well on defensive rebounds with Roy Hahnfeld getting the majority but the Wildcats hit 52 per cent from the field to Palatine's 38.8 and that was just the difference. Libertyville made 26 out of 50 and Palatine 19 out of 49.

* * *

**NEITHER TEAM** got better shots than the other but the outside jump shooting of the Libertyville guards, who together popped in 14 baskets in 23 shots, decided the game. Ron Ochsner, left hand shooting artist, hit 9 from the field for 18 points. His guard teammate, little Max Sanders, a sophomore, scored 12, and Jack Mooney, junior forward tallied 15. Palatine's best scoring was by Dick Wisner their smallest player, who dropped 15 points. Roy Hahnfeld got 14 and Bruce Crane 10.

Libertyville scored 6 points before Palatine could get going but the Pirates by accurate free throwing cut the margin and trailed by only 29-28 at the intermission. Tony Wood of Libertyville and Wisner of Palatine each had 7 points in the second period. The Wildcats opened up a 52-39 lead in the third period with a 23 point scoring burst as Mooney hit for 9 points. Palatine moved within 6 points at one time in the final period but with their main rebounder, Hahnfeld, out on fouls could not keep up the blistering scoring pace of the visitors.

It was Palatine's 6th non-conference loss of the season and the third to North Suburban conference teams. The Pirates have won 4 out of 5 Northwest conference games.

* * *

**PALATINE** frosh-soph had a scare at the finish but held on to whip Libertyville 55-53. With two minutes to go the Pirates led 50-40 but Libertyville scored 8 points in 45 seconds to make the final minute a tense one for Palatine fans.

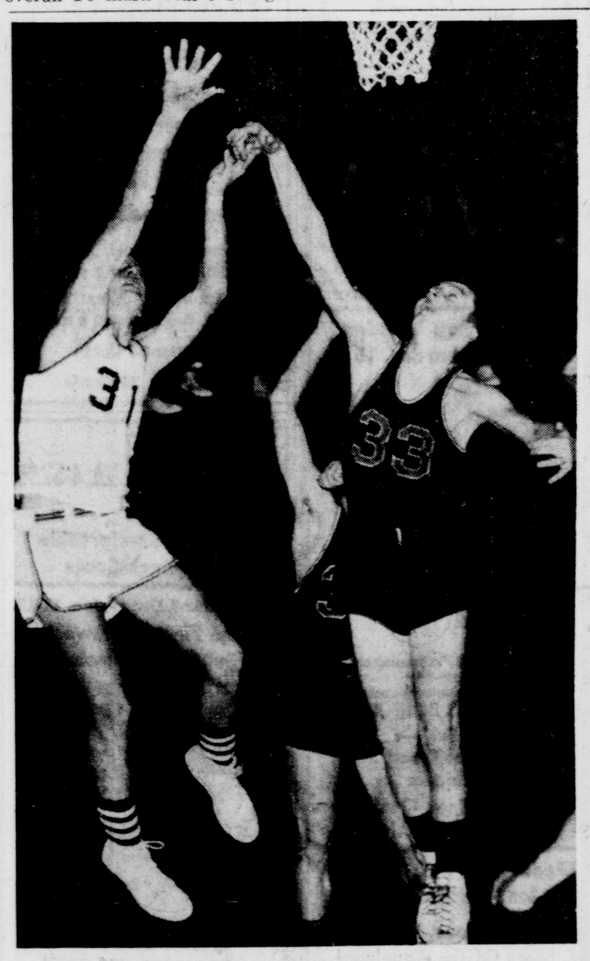

Palatine led all the way but seldom by a safe margin. Pete John scored 20 points in the first 3 quarters as Palatine led 19-13 at the half and 39-34 at the end of third period. After John went out on fouls Palatine moved the lead up to 10 points 50-40 as Bicknase and Patton worked effectively for close in shots.

* * *

**IN THE HECTIC** final 2 minutes Nicholas of Libertyville scored 9 points to almost snatch victory from what appeared to be certain defeat. Jack Freter's two free throws with 15 seconds to play iced away a very satisfying victory for Coach Gavigan's team. Freter had also made a long desperation shot in the final second of the third period which was the winning basket. Dick Welty, son of Palatine's track coach, played a very good game as Palatine's play maker and floor guard.

Palatine shot 19 of 52 from the field while Libertyville had 19 of 54. Palatine won at the free throw line but this was still their weakest department as they missed 19 of 36 tries. Libertyville made 15 of 23 but was assessed 24 fouls to Palatine's 11 as they trailed most of the game and pressed to get the ball in the final quarter.

John had 20, Bicknase 13 and Patton 11 for the Pirates while Nicholas had 23 and Denzel 11 for Libertyville.

**PALATINE SOPHOMORES** gained a victory over Libertyville on the Pirate court Friday night, with Jim Bicknase (31) getting his share of shots. Jim made this one, in spite of an attempted stop and hand holding by Richard Kellogg (33) of Libertyville. This week the Palatine frosh-sophs entertain Ela-Vernon in resumption of the conference race.

## Snow On Ground Doesn't Mean Earth Is Frozen

If you're planning on transplanting trees or shrubs this late in Winter, you may not have to stop just because snow is on the ground.

A moderate snowfall doesn't mean that the ground is unworkable. More often than not, snow actually becomes a white blanket protecting the earth against severe cold weather.

The worst freezes usually occur when the ground is bare. Besides being a good insulator, snow also serves as a mulch. But wet, weighty snow has its drawbacks, too. Accumulating on tree limbs, it often snaps the boughs with its weight or leaves them grotesquely misshapened.

Davey tree experts advise sweeping off evergreens with the kitchen broom after each heavy snow, or even during the storm. This precaution may save the trees an dshrubs from serious injur, or permanent disfigurement.

To find out if the ground still is soft enough for tree moving work, simply give it the summertime shovel treatment. If the shovel scoop bounces off the ground like hitting a rock, better wait for warmer weather. But if the earth shovels out easily, instead of in chunks, that's a good sign winter paralysis hasn't yet set in.

## NEEDLE in the GROOVE

by PAUL LITTLE

Lots of "pops" music to lighten your New Year mood this week. Victor has a 12-inch waxing by that fine instrumental combo known as The Three Sons, with Ray Bohr abetting their tonal effects on the pipe organ in numbers like "The Very Thought of You," and "Memory Lane" and ten other fine standards. Real hi-fi sound into the bargain. The balance of accordion, guitar and organ makes for very appealing listening.

And another great new Victor is the "Under Analysis" 12-incher by the Sauter-Finegan orchestra, which uses everything from a glockenspiel, a fife, strings, to the roar of a tuba. This album pays tribute to some great American musicians, like Hal Kemp, Paul Whiteman and Bix Beiderbecke, in tunes like "Avalon," "Chant of the Weed," "Star Dust," "Rockin' Chair," "Liza, "In A Mist" and "How Am I To Know." Some of the most brilliant sound you ever put a tone arm to! Incidentally, for January alone, Victor is pricing it at $2.98 instead of the regular $3.98, which makes it a terrific bargain!

* * *

**ON A NEW** label, Whippet, from Hollywood, there's a peppy 45-rpm platter you'll enjoy which marks the disc debut of vivacious songstress Annie Maloney, doing 'Soft Touch" and "Now Hear This" with Eddie Beal and his band. And Mercury has some exciting new 45's, to wit Buddy Johnson and his band in a pairing of "Kool Kitty" and "Why Don't Cha Stop It" with sister Ella vocalizing on the latter tune; Louis Jordan and his swinging combo give out with "Choo Choo Ch Boogie" and "Ain't Nobody Here But Us Chickens" in a rock'n roll platter that shows Jordan's right to be known as the originator of this new rhythm craze. The Hi Lites, Mercurys newest modern combo, entertain pleasingly in a pairing of "The Next Four Years" and "The Girl with the Bells." Real jaunty!

In classical vein, we applaud Epic Records, Columbia's foreign subsidiary directed so ably by genial Bill Nielsen, for a magnificent 12-inch pairing of Manuel de Falla's atmospheric and beautiful "Nights in the Gardens of Spain" for piano and orchestra (with the noted young Spanish pianist Eduardo del Pueyo giving a remarkably sensitive and poetic performance) and "El Amor Brujo" with the fine contralto Corinne Vozza singing with the Orchestre des Concerts Lamoureux under Jean Martinon. Piano tone is exceptionally fine on this disc.

* * *

**AND EPIC'S** 12-inch waxing (LC-3316) of a Chopin recital by the brilliant young French pianist Philippe Entremont is one of the most staisfying listening experiences to be found on discs in many a day. Young Entremont plays the beautiful A Flat Ballade, two heroic Polonaises, the grimly fanciful B Minor Scherzo and other numbers including the whirlwind Tarantelle with a conviction and eloquence far beyond his years; dazzingly clean technique is abetted again by Epic's spacious, natural piano tonal reproduction.

A third Epic 12-inch offering (LC-3299) is another great tribute to mark the 200th anniversary of Mozart's birth, pairing the B Flat Major and A Major Sonatas for Piano and Violin, K.454 and K.-526, with the great young Belgian violinist Arthur Grumiaux and the distinguished Mozart interpreter and woman pianist Clara Haskil collaborating in a wonderfully attuned and feeling performance of two Mozartian masterpieces. Sound is perfection itself! (G

## Northwest Obedience Club To Start New Beginners Class

Northwest Obedience club, Inc., announces that the next beginners class will start Wednesday, Feb. 6, at 8 p.m. Classes are held every Wednesday evening in the basement of the Jewel Tea building, N. Brockway, Palatine.

Persons interested in entering their dogs for obedience training must attend one training session without their dogs, at which time application may be made. To date, beginners classes have been filled prior to the starting date, therefore, it is suggested that applications be made as early as possible.

Dogs eligible for training are those 6 months of age or older and registered with the American Kennel club. Owners must also have their dogs inoculated against rabies.

Officers of the club are David W. Terrill, Palatine, president; Deforest Muster, Bensenville, vice president; Mrs. Willard Platt, Palatine, secfetary; Mrs. Charles Berry, Arlington Heights, treasurer; Joseph Mertens, Elgin, director of training, who may be contacted for further information. (Sp

# Finns To Show Olympic Form In Norge Ski Meet

Norge Ski club's fifty second annual ski jumpig tournament at Fox River Grove a week from Sunday will give American followers of this spectacular sport their first view of the revolutionary "torpedo" style.

Finland's daring spacemen developed this new method and swept the Olympic jumping championships with it last year in Italy.

In that competition the U.S. team finished 21st, using the old "jack-knife" style.

* * *

**RECOGNIZING** the superiority of this new technique, the national ski association of America is negotiating with the Finnish ski federation to send 2 of its best jumpers to this country for tournament appearances.

This will enable American youngsters to study the new style as used in competition by experts. The "torpedo" style was taught at the national association's training camp in Ishpeming, Mich., last week.

* * *

**MOST OF THE** jumpers who attended the training session have filed entries for the Norge meet.

Although the Norge club has just opened tournament headquarters in the Sherman hotel, Chicago, for the meet, entries from most of the clubs in the country have been received.

Four members of the U.S. Olympic team are included among these. They are Arthur Devlin of Lake Placid, N. Y., Billy Olson of Eau Claire, Wis., Roy Sherwood, Cainen, Conn., and Richard Rahoi, Iron Mountain, Mich. (Sp

## JUST DOGS

by DAVE TERRILL

**Training**

The fact that many new families have a Christmas puppy in the house and are now concerned with correct training methods, a word on the subject of the various aspects of teaching a dog correct manners would seem to be timely about now.

In training your dog, it is well to remember that he is very sensitive to sound and a response to your command depends on the inflection that you put into your voice. For instance, you can say "Here Bosco" in an ominous tone and the dog will stand off and eye you dubiously or he will slink away. You can say it disapprovingly and he will react as if he did something wrong. Or you can put a lot of enthusiasm into it and Bosco will bound over to you in one joyous leap.

The important thing to remember, is that your dog pays more attention to how you say something than to what you say.

And while on the subject of using language to communicate with your dog, try limiting your words to one or two syllables. Long words or "baby talk" will only serve to confuse your dog, not enlighten him.

**First Bite**

Dog owners who may be relying on the old assumption that a dog is entitled to one bite should remember that it is no guarantee that a person getting one of those "first bites" won't sue for damages, states the Gaines Dog Research Center.

The idea that a dog is entitled to one bite stems from the common acceptance of the fact that a dog had to bite someone before his owner became aware that the dog was a potential hazard. After the dog had sampled his first bite, the owner was required to be on his guard against any repetition. While the owner might have escaped the consequences for the first bite, he wasn't apt to be so lucky the second time.

However, concludes the Center, it is far better to teach your dog good manners, than to try to break him of a bad habit while paying damages to the victim.

**Dog Population**

Indications are that when the last of the gift puppies has been delivered to America's homes this holiday season, the nation's dog population will have passed the 25,000,000 mark.

The figure represents an increase of 2,500,000 dogs since 1953.

It is reported that there is a definite trend favoring "brand name" or purebred dogs. A lot of people are evidently discovering that it is more important to know what the mature dog will be like rather than what he is as a "cute" puppy. Perhaps one-third of the dogs in the United States today are of pure lineage, though the largest number of owners of purebreds do not take the trouble to register their pets. The breeds currently tops in popularity, to judge from the registration figures, are the Beagle, Boxer, Cocker Spaniel, Dachshund, Chihauhau, German Shepherd, Collie, Poodle, Pekingese and Boston Terrier.

**Barks and Bays**

It seems that there are a lot of people traveling south for their winter holidays, and it brings to mind this bit of information. "Chota Peg," a Cocker Spaniel, has covered 2,000,000 nautical miles with his owner, Comm. John W. Anderson, Master of the "United States."

**BLOOM**, one of the state tournament favorites from the south suburbs, stepped out of their class Friday to trounce weak Glenbrook of the Northwest conference 78-39. A total of 12 Bloom boys broke into the field goal scoring department with Bell high with 14 followed by Kalangelo 12 and Thurmann 11. Grove with 11 and Sawyers with 9 topped Glenbrook.

The Spartans stayed with Bloom 13 all the first quarter but then came the Rout as Bloom outscored Helfrich's boys 22-6 and 30-8 in the next two periods. Bloom's frosh-sophs won 53-35.

## Wauconda Wins

Wauconda came through with a victory over Zion-Benton of the North Suburban conference Friday night 48-45 as Bill Weinberg hit 8 from the field and 6 free throws for 22 points. Ronnie Stanton, son of Zion's former coach, tallied 28 points including 13 field goals in a losing cause.

Wauconda led 16-12 the first half but fell in arrears 31-30 going into the last 8 minute period. But this time, after numerous defeats, the Bulldogs rallied and put over a 3 point victory. Dennis Freund with 13 points and Willoughby with 9 gave Weinberg good scoring support. Zion won the preliminary 45-34.

**THIS IS NO FISH STORY**—and to prove it, Donald Sass, 12, of 727 N Dunton, Arlington Heights, holds up the 6 lb., 22 in. black bass he caught Sunday at Lake Zurich. He's going to have the fish mounted.

## Gems Of Thought

**GOODNESS AND PHILANTHROPY**

Goodness and philanthropy begin with work and never stop working.

—Mary Baker Eddy

Philanthropy is almost the only virtue which is sufficiently appreciated by mankind.

—Thoreau

There is an old saying that charity begins at home; but this is no reason it should not go abroad.

—Cumberland

To love the public, to study universal good, and to promote the interest of the whole world, as far as it lies in our power, is the height of goodness, and makes that temper which we call divine.

—Shaftesbury

In nothing do we approach so nearly to the gods as in doing good to men.

—Cicero

The world is my country, all mankind are my brethren, and to do good is my religion.

—Benjamin Franklin (G

## Remodeling

A remodeling job on Crystal Lake's city hall will cost an estimated $10,000. An office will be included for a city manager if such a proposal is approved in a near-future election.

# Parkie, Averaging 201, Wins Again In Beverly Classic

**THE THREESOME** who'll be handling the red tape tournament day at Gunnell's Lanes includes this handsome trio of Al Walter, George Kusch and Irv Kehe. The 3 did an outstanding job last year compiling scores of the 255 bowlers competing. This time they'll have 320 bowlers to keep track of.

Last Sunday night Al Parkhurst ran his winning streak on "Match Play" to 8. His opponent Leif Koelper certainly tried to end it at seven. Behind by 15 pins at the end of the 2nd game, Parkhurst garnered 5 strikes in a row to start the final line, thereon pulling away to win the match by 37 pins. Koelper rolled games of 193-193-192 for a 578 series. Parkhurst 191-178-246 for a total of 615.

Parkie now has beaten Ted Lindstrom, Herb Freitag, Al Walter, Ward Siewart, Art Cameron Jr., John Ribando, Hap Procunier, and Len Koelper in that order. His average over these 24 games is 201. His high 3 game series 707. His high game 266, followed by a 264, a 257, and a 246. Bowling in the Hi-Way Classic League at Hi-Way Recreation he sports a 190 average. In the Beverly classic at Beverly Lanes he leads the league with a 194.

* * *

**THIS COMING** Sunday, Jan. 13th, all local bowling interest turns to the Paddock Tournament. Area bowlers will be out not only to win the much wanted 1st place team prize but also to establish new records in this annual "bowling show."

Irv Hahnfeldt's high series of 653 and high game of 244 are of particular interest to some of the "hot-shot" bowlers. Word has it that Timroth Plumbing, leaders of the powerful Hi-Way Classic League of Palatine, and the Arlington Furniture Mart team of the strong Beverly Classic League of Arlington Heights are committed personally in a grudge match. Both teams are pitted against each other on the final 7:45 p.m. squad.

In any event "Match Play" will not be held this Sunday night as all bowlers and bowling fans will want to watch or participate in this climatic Paddock event.

# Reminds 4-H Delegates Of Federation Meeting

by C. V. FORT

Thursday, January 10 is federation meeting night at the Farm Bureau office in Arlington Heights. All home economic and agriculture club delegates to the federation should plan to attend.

The group will work on planning the federation officer training school. The school is to be held Thursday night, February 14. In the past there has been a large attendance and all delegates are needed in order to help with officer instruction.

* * *

**LEADER** training clinic in the tractor program for our district will be held at Rockford on Tuesday, Jan. 15 and at Ottawa on Wednesday, Jan. 16.

**The school is limited just to leaders this year. Due to the large enrollment of 4-Hers in the project the state specialists do not have facilities for 4-H members. They will give instructions to leaders and junior leaders who attend.**

Saturday, Jan. 19 is the day of the State Duroc Breeder's association show and sale at Normal, Illinois, university swine pavilion. In the morning at 9:30 4-H and FFA judging teams will be in competition for placing of the classes. Entrance in the judging contest can be made by contacting your assistant farm adviser. If any 4-H club wants to gain some animal selection experience, it would be a day well worth while.

* * *

**THE EVENING** of January 15 there will be an organization meeting for an Agriculture club in Mt. Prospect. The meeting place is the Central school in the band room at 7 p.m.

**At the farm bureau office, we have received information and circulars on college scholarships. The Federal Land bank is offering 2 $500 scholarships to the University of Illinois. Anyone who is planning to further education upon graduating from high school this month or in the spring and has a good agricultural background should inquire. We will be very happy to assist not only in obtaining this kind of a scholarship but, other such financial help.**

There are hundreds of similar opportunities offered every year to all colleges. Just drop into the office at 201 N. Dunton or phone CLearbrook 3-6441 and I will be glad to talk it over with you.

# Knowing Facts About Wiring Safety Factor

Knowing a few facts about wiring will help to avoid accidents, fires and costly inefficiency in the home electrical system, says O. L. Hogsett, extension safety specialist at the University of Illinois, college of agriculture.

Call an electrician or power company if the wiring in your house is not adequate to carry the extra load of modern living. You may need heavier service entrance wires, a more modern distribution panel or heavy-duty circuits installed for range, drier or water heater.

* * *

**IF YOUR** lights dim sharply when some piece of electrical equipment turns on, the wiring is overloaded. You will need is overloaded. You will need to use higher capacity wiring, install new circuits or subdivide old ones so that each will serve fewer outlets.

Run extension cords behind baseboards or in metal moldings. Never hide them under carpets or run them across open doorways.

## Guernsey Sold

W. H. Odlum, Roselle, has sold the registered Guernsey bull, Rosewood Shirly's Royal, according to the American Guernsey cattle club.

The purchaser was Nicholas G. Roosevelt, Moncks Corner, South Carolina.

This bull is out of the fine Guernsey cow, Rosewood Royal Shirly, that has an official production record of 10,642 pounds of milk and 484 pounds of fat, made on two times daily milking in 305 days. He was sired by Norgert's Royal Diamond.

# DOWN ON THE FARM

with Your Farm Adviser CARL F. MEES

I hope every vegetable grower in this area will attend the Vegetable Growers school on January 15-16.

Farming today is a highly competitive business. In order to stay in the business and make a profit, farmers must take advantage of every improved practice available. Improved practices will be discussed at the meeting. Topics to be discussed appear elsewhere in this paper.

Why don't you plan to attend these meetings. The public is invited to attend all sessions.

**A BLUE CROSS** enrollment period is planned for the period of January 14 to 26 according to George DeVries, president of the Cook County Health Improvement association. Any farm family interested in obtaining Blue Cross hospitalization insurance or Blue Shield can enroll either at the Farm Bureau office in Arington Heights or the Cook County Truck Gardeners and Farmers association at 761 Pearson st., Des Plaines.

**In Illinois 103,000 farms reported milk cows in 1954 compared with 144,000 in 1949.**

In 1 hour the University of Illinois' high speed electronic computer, the Iliac, can do work that would require 300 hours on a desk calculator.

Chickens that suddenly twist their heads or begin walking in circles may have a severe case of New Castle disease.

**BEST TIME** to dehorn a calf is before it is 1 week old.

**Animal scientists at the University of Illinois use tiny but power-packed pellets to add extra weight to steers. These pellets add as much as 15 per cent more weight to the steers during a winter feeding season.**

These are pellets of stilbestrol. Each weighs 12 milligrams. Three of them are placed in the ear of each test steer when it weighs around 700 pounds.

At the end of 175 days of feeding the steers wil lweigh about 1,100 pounds. The stilbestrol adds 50 or 60 pounds of that weight.

You can get an idea of the power packed into one of these tiny pellets when you think that one pound at that rate is enough to treat more than 12,000 steers.

# Slate Night Enrollment For County Health Plan

The night enrollment in Blue Cross and Blue Shield to be sponsored by the Cook county Health Improvement association will be held from January 7 through 21, according to George DeVries of Evergreen Park, HIA president.

To stimulate interest in the Blue Cross-Blue Shield enrollment campaign and to instruct volunteers who will canvass the county, special noon meetings of the HIA are scheduled for January 8 and 9.

* * *

**ORGANIZED** in 1949, this HIA has sponsored enrollments annually since then.

**Residents of Cook county who join during the coming enrollment will be eligible for Blue Cross and Blue Shield benefits beginning April 1, the effective date. They may receive the liberal hospital service benefits of this Blue Cross Plan not only in the 230 member hospitals in Illinois, but in the more than 6000 Blue Cross hospitals throughout the United States and Canada, and in recognized hospitals abroad.**

The Blue Shield Plan of Illinois Medical Service provides allowances to help its members pay their doctor bills for in-hospital medical and surgical care. Allowances are also provided for the care and treatment of fractures and dislocations, in or out of the hospital, maternity care, in or out of the hospital, and for hundreds of operations which are listed in the Blue Shield Schedule of maximum allowances.

* * *

**TO BE ELIGIBLE** to join Blue Cross and Blue Shield through the HIA, a person must be a member of the Cook county Farm Bureau or Cook county Truck Gardeners association.

**Both subsciber and spouse must be under 65 years of age. All unmarried children under 19 years of age also may be enrolled on the family membership and will be eligible for the same protection as parents.**

DeVries praised the volunteer workers who will be calling on their friends and neighbors during the enrollment period to explain the two health care Plans and to take membership applications.

"These volunteer workers will be performing a vital public service, and deserve a real vote of thanks," he said.

For the convenience of those Cook county residents who are not contacted by a volunteer worker, HIA-Blue Cross-Blue Shield enrollment headquarters have been established at 761 Pearson st., Des Plaines.

## Enzymes May Help Pigs On Cheap Feed

Pigs may be able to use cheaper feeds if experiments in feeding enzymes to them at the University of Illinois prove successful.

A. H. Jensen, animal scientist in charge of the research, reports that early-weaned pigs are being fed pepsin along with a ration of soybean oil meal in the tests.

* * *

**IF THE ENZYME** feeding is practical, farmers can feed young pigs more cheaply on dry rations with soybean oil meal as the protein supply than on a synthetic milk diet with the more expensive dry skim milk as the protein source, Jensen says.

Pigs on the test are 2 weeks old when they are taken from their mothers. They remain on test rations until they are 7 weeks old.

# 'Agronomy' Day For North East Illinois Friday

"What's New in Crops and Soils" will be the theme of the north east Illinois "Agronomy Day" January 11 at the Farm Bureau building, Geneva.

Acting as host, L. D. Kerley, Kane county farm adviser, has invited all farmers and land owners in north eastern Illinois to attend. The meeting will start at 9:30 a.m.

Speakers from the University of Illinois college of agriculture will include W. O. Scott, Earl Spurrier, L. B. Miller, and D. L. Mulvaney of the department of agronomy.

**TOPICS ON THE** program will include how to establish a legume seeding successfully, recommended crop varities for 1957, special reports on grain sorghums, wide row corn and establishing legume seedings in corn, dwarf hybrids, minimum tillage research, nitrogen soil tests, best rotations and fertility practices, and what's coming in crops and soils.

Part of the program will be devoted to weed control. Special coverage will be given to eradicating Canada thistle and quackgrass. Other topics will be hazards of weed chemicals, proper sprayer adjustments, use of banding nozzles, suggested rates for best control at lowest cost, the new chemicals randox, dalapon, and amino triazole; brush control, crop desicants, and what to expect in the next few years.

**THIS WILL BE** the first time an all-day meeting devoted to the latest in crops and soils has been held in north eastern Illinois. Special exhibits and illustrat talks should make this a very interesting program.

"Agronomy Day" is sponsored by the department of agronomy at the University of Illinois and the county agricultural extension services in north eastern Illinois.

# Ag Specialist Recommends Early Dehorning For Calf

If you're planning to dehorn your dairy cattle, do it at an early age, suggests L. R. Fryman, University of Illinois dairy specialist. At this stage, the horn-producing tissue is easily destroyed.

* * *

**FRYMAN SAYS** the best time to dehorn is before the calf is a week old.

Rub the horn button with sandpaper, a corncob or other abrasive material until it is raw and inflamed. Then you can apply caustic potash or other dehorning compounds. A ring of vaseline around the horn will help prevent the dehorning fluid from running down the side of the calf's face and possibly into its eyes. You'll also want to be careful not to get the material on your hands and face.

**Another way to remove horns from calves under three months old is to use an electric dehorner. It has a heating unit that fits around the base of the horn. Apply like a branding iron, and burn a quarter-inch circle around the base of the horn to a cherry-red color. Because the skin is not broken, there is no bleeding and little danger from infection.**

* * *

**AFTER A CALF** is more than 6 months old, you'll have to use dehorning shears or a saw. To do a good job with these tools, remove about a quarter-inch of hide and hair with the horn, Fryman suggests.

**You can control excessive bleeding by searing the cut with a hot iron or by tying a string tightly around the poll. Don't cut the horns in fly season or during cold weather.**

When horns are removed while the calf is young, little or no bleeding occurs. There is not much chance of infection and the poll is left smooth, giving the animal a neat appearance.

The job is also much easier because the calf can be caught and held with less effort.

# Vegetable School For Growers Is January 15-16

The annual vegetable growers school will be held January 15-16 at St. Matthew's school on Milwaukee ave. (just south of route 58) beginning at 10:45 a. m. according to Carl F. Mees, Cook County farm adviser.

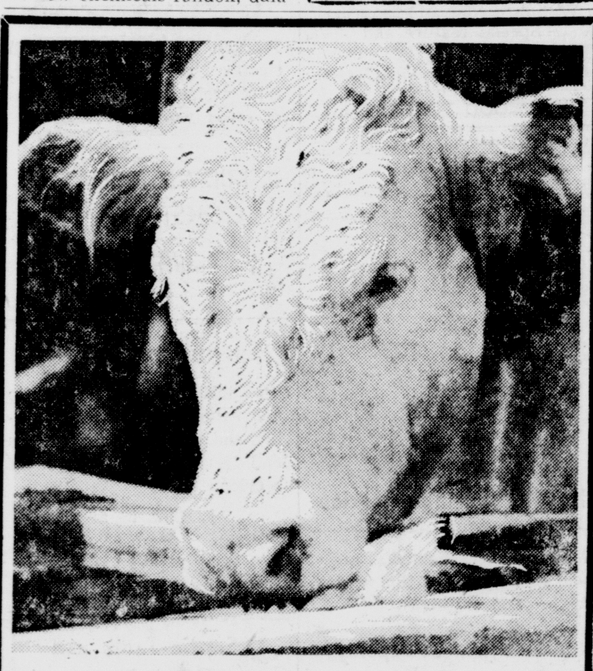

Some of the subjects to be discussed are applying fertilizers according t needs; new developments in chemical weed control for vegetable crops; vegetable insect identification; tests with new horseradish varieties; progress of marketing organization in Michigan and Illinois; varieties of vegetables suitable for Cook County and the labor situation for 1957.

* * *

**THERE WILL** be 10 specialists appearing on the program. The men are from the horticulture departments at the University of Illinois and Michigan State university and from the Illinois State empoyment service.

Every vegetable grower in Cook county is invited to attend the 2 day school.

The school is sponsored by the Cook County Farm Bureau, the Cook County Truck Gardeners and Farmers Association and the Agricultural Extension service. Lunch will be provided at noon by the ladies of the church.

**Popp's, Nutrena and Purena FEEDS PAY OFF!**

**Want to take a big profit from your livestock operation? Then take this tip (it's sure-fire): Better feeds in the trough will pay for themselves many times over in better health for your animals, greater production, more cash income for you.**

In memory of Mrs. Herman Blume who passed away 1 year ago, January 11, 1956.
How often do I tread the path
That leads me to the grave.
Where rests the one I loved so well
But whom I could not save.
Long days, long nights, you bore your pain
Waiting for cure but all in vain.
God saw that you were suffering
And the hills were hard to climb,
So He closed your weary eyes
And whispered "Peace be thine."

## Bunco Party To Be Given By Clever Clover 4-H

Fourth meeting of the Clever Clover 4-H club was called to order by the president, Karen Adkisson, at 8 p.m. January 4 in St. Peter Lutheran school.

Old business brought up was the possibility of having a tour and ideas for fund-raising projects for the club. The idea of having a bunco party was then decided upon.

A new member, Le Anna Davis, was then introduced.

The committee for the bunco party consists of Karen Adkisson, Betty Shulse, Mary Jane Shulse, Pat Loechl and Darlene Ford.

Ideas for National 4-H club Sunday were given by Marlene Krambeer and discussed. Each girl was asked to check into her own church for possibilities.

Demonstrations were given by Beverly Krambeer on "How to Put in a Hem," Karen Pickard on tossed vegetable salad and Pat Loechl on pie crust.

Refreshments were served by Karen Pickard and Darlene Ford. The meeting was adjourned at 9:45 p.m.

Clever Clover held its second annual banquet December 7 in St. Peter Lutheran church. The treasury of the preceding year was used to give this treat to each girl and her mother. After dinner served by ladies of the church, the girls exchanged gifts. Following this, Mrs. Krambeer, leader, distributed the awards won by the girls last yeear.

Karen Adkisson served as M.C. for the entertainement which consisted of an acrobatic dance by Lynn Hartmann a baton act by Karen Pickart and Karen Adkisson and a piano solo by Betsy Schulte.

Mrs. Krambeer was presented with a set of copper planters from the girls of the club as a way of showing their appreciation for her help in club work.

Mrs. Krambeer, Mrs. Yahnke and Betty Shulse attended a leaders' banquet December 6. (4-H

## TNT 4-H Learns Sewing Stitches

The regular meeting of the TNT 4-H club was held January 3 at Mrs. and Kay Mahler's house.

At the meeting many matters were discussed and the leader, Mrs. Willie, showed different stitches on different materials on the sewing machine.

Next meeting will be January 24 at Alice Bollman's. This meeting will include election of officers and each girl is to have a safety hint ready when her name is called on the roll.

After the meeting was adjourned games were played and hot chocolate, pretzels and cookies were served. Later confetti was thrown around. (4-H

## Hanover Hawks Hold Christmas Party

The Christmas party of the Hanover Hawks 4-H club was held December 28. Games were led by Carol Ann Blume, Virginia Blume, Rand Klein, Warren Nesler and Otto Kucera. Gifts were exchanged and refreshments were served. (4-H

## 4-H Federation To Meet January 10

4-H Federation held its December meeting December 18 in the Farm Bureau basement, Arlington Heights. After a short business meeting, in which the membership problem and welcoming signs were discussed, the annual Christmas party was held. Grab bag gifts were exchanged and refreshments of hot chocolate and cookies were served.

Next meeting of the group will be at 8 p.m. January 10. All clubs are asked to elect or appoint their representatives as soon as possible and to make sure that these members attend all meetings. The Federation is to help 4-H clubs and all members are urged to attend. (4-H

## Mees Explains New Colloidal Phosphate Aid

"Colloidal phosphate" is really a form of phosphate, Carl F. Mees, Cook county farm advisr Mees, Cook County farm adviser county have been approached about buying this product.

**Mees points out that the phosphorus in colloidal phosphate has about the same availability as that in rock phosphate. So colloidal phosphate, like ordinary rock phosphate, will give good increases in crop yields when used on soils testing low in phosphorus.**

* * *

**THE MAIN** difference between these 2 materials is in the amounts of phosphorus they contain. Colloidal phosphate carries from 18 to 20 per cent of phosphoric acid, or only about two thirds as much as rock phosphate, which contains 30 to 33 per cent.

Colloidal phosphate is a by-product of the mining of rock phosphate. It is sometime called "waste pond phosphate" because the fine material may be washed into ponds and settle out. When the water is drained off, the colloidal phosphate contains a larger portion of clay than rock phosphate. (Fm

## Optional Filing System For Farm Social Security

Self-employed farm operators who will file their 1956 income tax returns between now and April 15, 1957, may use a new optional method in figuring their earnings for social security purposes, according to a statement issued by the Northwest District Social Security office this week. This is a different method than was used last year.

If a self-employed farmer's gross income is $1800 or less he may use 2/3 of such gross income as his net earnings from self-employment. If his gross income is more than $1800 he may report $1200 as his net earnings even though his actual net earnings are less than $1200. He must report his actual net earnings if they are more than $1200.

* * *

**IT IS IMPORTANT** that a self-employed farmer consider both his actual net nearnings and the optional method of reporting his earnings when he completes his social security tax return. The amount of earnings he reports will determine the amount of his or his family's social security benefits.

The optional method can be used only to determine a farmer's social security self-employment tax. It is not used to determine the amount of income tax he pays.

Any questions about the filing of farm tax returns should be directed to an Internal Revenue office. But farm operators who have questions about how the different methods of reporting will affect their immediate or future social security benefits should contact their local social security office. The Northwest District Social Security office is at 4255 Milwaukee ave., Chicago. (FM

## Washington 4-H Holds Annual Rally

Washington 4-H club held its annual rally December 29 in Hanober Countryside school.

## Barrington Bluebirds 4-H Hold Yule Party

Barrington Bluebirds 4-H Christmas party was held December 28 with 11 members present. Games were led by each girl in the club. After a gift exchange, ice cream, cookies and cake were served. (4-H

## Handy Jim's FIXIN-UP TIPS For the Home

### Creates a Bellows From Plastic Bottle

INSTEAD of blowing out sawdust with the breath from blind holes and crevices, *Popular Mechanics* suggests the use of an empty plastic "squeeze" bottle

which will serve as a handy bellows.

First, remove any remaining contents from the bottle. Then rinse it thoroughly with water or a solvent, being sure that it is permitted to dry thoroughly before it is used.

The magazine warns that eyes should be protected against flying particles when using a bellows of any type.

## UI Counselling Aids 4500 Pupils

The University of Illinois student counselling bureau last year advised 4,500 students, greatest number in its 17 years. The bureau, nationally known in its field, is one of the services the university offers without cost to aid students with problems, whether academic, vocational or emotional.

* * *

**THE COUNSELLING** program starts with high school seniors receiving permits to enter Illinois. They are encouraged to discuss results of guidance examinations with bureau counsellors, who through interviews help students find useful solutions to problems. (B10

## Soil Conservation Could Be Eleventh Commandment

Now is the season when everyone thinks of "Peace on Earth Good Will Towards Men." But let us not stop there.

The North Cook Soil Conservation district wants W. C. Lowdermilk, formerly assistant chief of soil conservation service, to finish its meaning as he did in Palestine in 1939.

* * *

**"I WONDERED** if Moses when he was inspired to deliver the Ten Commandments to the Israelites in the desert to establish man's relationship to his Creator and his fellow men - if Moses had foreseen what was to become of the Promised Land after 3,000 years and what was to become of hundreds of millions of acres of once good lands such as I have seen in China, Korea, North Africa, the Near East, and in our own fair land of America - if Moses had foreseen what suicidal agriculture would do to the land of the holy earth - might not have been inspired to deliver another commandment to establish man's relation to the earth and to complete man's trinity of responsibilities to his Creator, to his fellow men and to the holy earth."

Lowdermilk was invited to broadcast a talk in Jerusalem and gave what has been called an "Eleventh Commandment" as follows:

* * *

**THOU SHALT** inherit the Holy Earth as a faithful steward, conserving its resources and productivity from generation to generation. Thou shalt safeguard thy fields from soil erosion, thy living waters from drying up, thy forest from desolation and protect thy hills from overgrazing by thy herds, that thy descendants may have abundance forever. If any shall fail in this stewardship of the land thy fruitful fields shall become sterile, stoney ground and wasting gullies, thy descendants shall decrease and live in poverty or perish from off the face of the earth."

This was taken from "Conquest of the Land Through 7,000 Years," by W. C. Lowdermilk.

**Brisk fall weather** certainly makes this one of the most rewarding times of the year for anyone who loves to bake. Appetites are brisk too, and the whole family seems to have more appreciation than ever for the cook who keeps the cookie jar filled and a homebaked cake or pie on hand for dinner.

**Give the masterpieces of your own making the extra goodness of Ceresota Flour —the UNBLEACHED, NATURALLY WHITE flour. Ceresota is milled the old-fashioned way: allowed to mellow and turn snowy white in its own sweet time, without the use of bleaching agents.**

That's why Ceresota Flour is better for all your baking. And, remember, Ceresota, among all leading brands, is the only NATURALLY WHITE, UNBLEACHED flour you can buy.

**If you like toast** that's *really* crisp, try this. Don't stack the pieces after you've buttered them. Instead, cut each slice diagonally and place overlapping slices on a hot plate.

**It's fun to try** your hand at something new, especially as a surprise for the family. Here's a spice cake that's a certain hit with the men one they'll ask for often.

**Boston Spice Cake**

**Ingredients**
- 1¾ cups sifted Ceresota unbleached flour
- 2 teaspoons baking powder
- ¼ teaspoon salt
- 1 teaspoon cinnamon
- ½ teaspoon cloves
- ¼ teaspoon allspice
- ¼ teaspoon nutmeg
- ½ cup shortening
- ¾ cup granulated sugar
- ⅓ cup brown sugar
- 2 eggs, well beaten
- ¾ cup milk

**Directions**

Sift flour, baking powder, salt, spices together. Cream shortening, add granulated and brown sugar gradually, stirring until light and fluffy. Add eggs, stirring well. Add sifted dry ingredients alternately with milk, stirring continuously. Pour in two greased, 8-inch layer cake pans. Bake in moderate oven (375° F.) for 25 minutes. Cool and serve with your favorite frosting.
